Ugly Is Only Skin-Deep Dominik Imseng, 2016-09-19 IT WASN'T GERMAN ENGINEERING ONLY THAT MADE THE VOLKSWAGEN BEETLE AN ICON IT WAS A MANHATTAN ADVERTISING AGENCY TOO Created in 1959 by Doyle Dane Bernbach and continued through the 60s and early 70s the campaign for the Volkswagen Beetle is considered the best of all time More than just promoting a car it promoted a new kind of advertising simple charming intelligent and most of all honest In Ugly Is Only Skin Deep Dominik Imseng retraces the creation of Doyle Dane Bernbach sneered at by the big players on Madison Avenue because of the ethnic background of its founders and employees who were mostly Jewish Readers will then learn how the agency won the Volkswagen account and how an unlikely creative team set the tone for the most admired campaign in advertising history Finally the book examines the evolution of the Volkswagen campaign and how it managed to convince more and more Americans that smaller was better In fact the Volkswagen campaign didn't only fundamentally change the ethos of advertising it also helped trigger the cultural revolution of the 1960s **International**

prestigious business historians *Wally Olins on Brand* Wally Olins, 2004-04-17 Wise witty readable and very very useful A tour de force from the world's leading authority on branding Anthony Hopwood Said Business School Oxford Brands are a cultural phenomenon of our time Yet whether praised or derided they have suffered from a critical debate characterized by routine thinking glib assumptions or mere prejudice Wally Olins draws on a lifetime of marketing experience to explain why it is time to throw the old mission statements away what happens when a brand goes global when we shouldn't automatically assume that the customer comes first and how it might be good news that branding is set to spread even further Above all Olins provides a positive rejoinder to the new orthodoxies of the No Logo critics of branding by showing how they confuse their views about brands with their views about capitalism As he argues brands are no longer just about corporations products and services In fact all the significant institutions in our lives the towns cities regions or countries in which we live our sports teams and museums our consumer groups and charities are given strength identity a defining role and a satisfying cohesion via branding one of the most significant social as well as business developments of modern times Always wise questioning and iconoclastic Wally Olins takes us to the literal heart of the matter our crucial neglect of the way in which consumer decisions about brands are as emotional as all the other important decisions in our lives For everyone in marketing advertising design and business and for anyone who wants to understand how the world works in the early twenty first century this is one of those rare books that breaks the mold *Germany and the United States, a "special Relationship?"*

Volkswagen Beetle Richard Copping, 2014-09-10 Few cars have achieved the iconic status of Volkswagen's classic and much loved Beetle yet its origins are intertwined with the dark days of Nazism This book looks at those origins at the marque's initial post war rescue by the British and the effect of early VW Director General Heinz Nordhoff's forward looking desire to perfect one model rather than spread the company's talent over a range of designs at the impact of radical minded advertising campaigns and at the Beetle's never to be beaten production record for a single model of nearly 22 million cars Bringing the reader right up to the present day marque expert Richard A Copping recounts the Beetle's story in a lively and authoritative manner guaranteed to delight devotee and casual browser alike
