James, 2010-07-19 There is no available information at this time **Walking on the Wild Side** Kristi M.

Fondren, 2015-12-11 The most famous long distance hiking trail in North America the 2 181 mile Appalachian Trail the longest hiking only footpath in the world runs along the Appalachian mountain range from Georgia to Maine Every year about 2 000 individuals attempt to thru hike the entire trail a feat equivalent to hiking Mount Everest sixteen times In *Walking on the Wild Side* sociologist Kristi M Fondren traces the stories of forty six men and women who for their own personal reasons set out to conquer America s most well known and arguably most social long distance hiking trail In this fascinating in depth study Fondren shows how once out on the trail this unique subculture of hikers lives mostly in isolation with their own way of acting talking and thinking their own vocabulary their own activities and interests and their own conception of what is significant in life They tend to be self disciplined have an unwavering trust in complete strangers embrace a life of poverty and reject modern day institutions The volume illuminates the intense social intimacy and bonding that forms among long distance hikers as they collectively construct a long distance hiker identity Fondren describes how long distance hikers develop a trail persona underscoring how important a sense of place can be to our identity and to our sense of who we are Indeed the author adds a new dimension to our understanding of the nature of identity in general

Anyone who has hiked or has ever dreamed of hiking the Appalachian Trail will find this volume fascinating *Walking on the Wild Side* captures a community for whom the trail is a sacred place a place to which they have become attached socially emotionally and spiritually *Cincinnati Magazine* ,1984-09 Cincinnati Magazine taps into the DNA of the city exploring

shopping dining living and culture and giving readers a ringside seat on the issues shaping the region Letters with Smokie Rod Michalko, Dan Goodley, 2023-09-22 Leave it to a dog to put the human back in humanities In September 2020 Rod Michalko wrote to friend and colleague Dan Goodley congratulating him on the release of his latest book *Disability and Other Human Questions* Joking that his late guide dog Smokie had taken offense to the suggestion that disability was purely a human question Michalko shared a few thoughts on behalf of his dog When Goodley wrote back to Smokie so began an epistolical exchange that would continue for the next seven months As the COVID 19 pandemic swept across the world and the realities of lockdown imposed isolation set in the Smokie letters provided the friends a space in which to come together in a

lively exploration of human animal relationships and to interrogate disability as disruption disturbance and art Just as he did in life Smokie guides In these pages he offers wisdom about the world love friendship and even The Beatles His canine observations of human experience provide an avenue into some of the ways blindness might be reconceptualized and befriended Uninhibited by the trappings of traditional academic inquiry Michalko and Goodley are unleashed free to wander to wonder and to provoke within the bonds of trust and respect Funny and thoughtful the result is a refreshing exploration and re evaluation of learned cultural misunderstandings of disability

The Two-in-one Rod Michalko, 1999 When Rod Michalko's sight finally became so limited that he no longer felt safe on busy city streets or traveling alone he began a search for a guide The Two in One is his account of how his search ended with Smokie a guide dog and a dramatically different sense of blindness Few people who regularly encountered Michalko in his neighborhood shops and cafes realized that he was technically blind like many people with physical disabilities he had found ways of compensating for his impairment Those who knew about his condition thought of him as a fully realized person who just happened to be blind He thought so himself Until Smokie changed all that In this often moving always compelling meditation on his relationship with Smokie Michalko probes into what it means to be at home with blindness Smokie makes no judgment about Michalko's lack of sight it simply is the condition within which they work together Their partnership thus allows Michalko to step outside of the conventional and even enlightened understanding of blindness he becomes not simply resigned to it but able to embrace it as an essential part of his being in the world Drawing on his training as a sociologist and his experience as a disabled person Michalko joins a still small circle of scholars who examine disability from the inside More rare still and what will resonate with most readers is Michalko's remarkable portrayal of Smokie avoiding sentimentality and pathos it is a deeply affectionate yet restrained and nuanced appreciation of his behavior and personality From their first meeting at the dog guide training school Smokie springs to life in these pages as a highly competent sure footed take charge full speed ahead indispensable partner Sighties are always in awe watching them work Michalko has even persuaded some of them that the Smokester can locate street addresses but has a little difficulty with odd numbers Readers of The Two in One can easily imagine Rod and Smokie sharing the joke as they continue on their way Author note Rod Michalko is Adjunct Professor of Sociology Department of Anthropology and Sociology St Francis Xavier University

Homeland Dale Maharidge, 2004-05-04 Homeland is Pulitzer Prize winning author Maharidge's biggest and most ambitious book yet weaving together the disparate and contradictory strands of contemporary American society common decency alongside race rage the range of dissenting voices and the roots of discontent that defy political affiliation Here are American families who can no longer pay their medical bills who've lost high wage earning jobs to NAFTA And here are white supremacists who claim common ground with progressives Maharidge's approach is rigorously historical creating a tapestry of today as it is lived in America a self portrait that is shockingly different from what we're used to seeing and yet which rings of truth
