nation's food was seasonal, regional, and traditional. It helped form the distinct character, attitudes, and customs of those who ate it. In the 1930s, with the country gripped by the Great Depression and millions of Americans struggling to get by, FDR created the Federal Writers Project under the New Deal as a make-work program for artists and authors. A number of writers, including Zora Neale Hurston, Eudora Welty, and Nelson Algren, were dispatched all across America to chronicle the eating habits, traditions, and struggles of local people. The project, called *America Eats*, was abandoned in the early 1940s because of the World War and never completed. *The Food of a Younger Land* unearths this forgotten literary and historical treasure and brings it to exuberant life. Mark Kurlansky's brilliant book captures these remarkable stories and combined with authentic recipes, anecdotes, photos, and his own musings and analysis evokes a bygone era when Americans had never heard of fast food and the grocery superstore was a thing of the future. Kurlansky serves as a guide to this hearty and poignant look at the country's roots. From New York automats to Georgia Coca-Cola parties, from Arkansas possum eating clubs to Puget Sound salmon feasts, from Choctaw funerals to South Carolina barbecues, the WPA writers found Americans in their regional niches and eating an enormous diversity of meals. From Mississippi chittlins to Indiana persimmon puddings, Maine lobsters, and Montana beavertails, they recorded the curiosities, commonalities, and communities of American food.

The Oracle's Journal Dimitri Liountris, 2018-11-12 Suddenly, it's a world flooded with magic and danger; draws closer with every passing second. When the powers of sixteen gods are inherited by four teenagers, destruction is not far behind. In Maxton City, everything changes in the blink of an eye. When a portal to the Chaos Realm, a place of torment, a world of horrors, opens up over Maxton City Park, the monsters begin to appear. Then comes the First Queen of Earth, unbeknownst to anyone, four teenagers have found the means to battling these enemies deep in the Cradle of Humankind. They have found the Amulets of the Spirits, artefacts that house the souls of long-dead gods and grant the four powers beyond their wildest dreams, creating the new Guardians. Using these amulets, they can take the forms of the gods and wield power that would incinerate mortals. But even that might not be enough. Serena, the First Queen, the Demon Queen, is searching for the most powerful artefact in existence, an artefact capable of granting the power of a god. *The Oracle's Journal*. If she ascends, then not even the guardians can stop her. And there'll be no gods to help them for what comes next.
