The Hand That Signed The Paper:

Holocaust Fiction Sue Vice, 2003-09-02 Examining the controversies that have accompanied the publication of novels representing the Holocaust this compelling book explores such literature to analyze their violently mixed receptions and what this says about the ethics and practice of millennial Holocaust literature The novels examined including some for the first time are *Time's Arrow* by Martin Amis *The White Hotel* by D M Thomas *The Painted Bird* by Jerzy Kosinski *Schindler's List* by Thomas Keneally *Sophie's Choice* by William Styron *The Hand that Signed the Paper* by Helen Darville Taking issue with the idea that the Holocaust should only be represented factually this compelling book argues that Holocaust fiction is not only legitimate but an important genre that it is essential to accept In a growing area of interest Sue Vice adds a new intelligent and contentious voice to the key debates within Holocaust studies

The Novel After Theory Judith Ryan, 2014-01-01 Novels began to incorporate literary theory in unexpected ways in the late twentieth century Through allusion parody or implicit critique theory formed an additional strand in fiction that raised questions about the nature of authorship and the practice of writing Studying this phenomenon provides fresh insight into the recent development of the novel and the persistence of modern theory beyond the period of its greatest success In this book Judith Ryan opens these questions to a range of readers drawing them into debates over the value of theory Ryan investigates what prompted fiction writers to incorporate and respond to theory nearly thirty years ago Designed for readers unfamiliar with the complexities of theory Ryan's book introduces the discipline's major trends and controversies and notes the salient ideas of a carefully selected set of individual thinkers Ryan follows novelists' adaptation to and engagement with arguments drawn from theory as they translate abstract ideas into language structure and fictional strategy At the core of her book is a fascinating microstudy of French poststructuralism in its dialogue with narrative fiction Investigating theories
