The Cross at the Heart of the Church Petre Maican, 2025-09-18 Can Eastern Orthodoxy apply the term church to other Christian communities Emerging from the 2016 Pan Orthodox Council this issue sparked one of the most heated debates in contemporary Eastern Orthodoxy According to Maican grappling with this question within the current framework of Eastern Orthodox ecclesiology presents significant challenges In this unifying work he argues that neither the emphasis on the Eucharist nor the adherence to the Tradition of the Fathers is capable of accommodating legitimate Christian otherness Instead Maican proposes a cruciform ecclesiology positing the cross as not only foundational to doctrines and sacraments but also as the primary criterion for discerning the ecclesial nature of a community Through dialogue with Dumitru Staniloae Hans Urs von Balthasar and Paul Tillich this book employs a conversationalist approach to this intricate problem Ultimately Maican provides a nuanced examination of the cross in ecclesiology yielding bold propositions for recognizing the ecclesial status of other Christian communities

The Line through the Heart J. Budziszewski, 2014-04-29 The suicidal proclivity of our time writes the acclaimed philosopher J Budziszewski is to deny the obvious Our hearts are riddled with desires that oppose their deepest longings because we demand to have happiness on terms that make happiness impossible Why And what can we do about it Budziszewski addresses these vital questions in his brilliantly persuasive new book The Line Through the Heart The answers can be discovered in an exploration of natural law a venture that with Budziszewski as our expert guide takes us through politics religion ethics law philosophy and more Natural law the author states plainly but provocatively is a fact about human beings as surely as we have hands and feet we have the foundational principles of good and evil woven into the fabric of our minds From this elemental fact emerges a natural law theory that unfolds as part of a careful study of the human person

Thus Budziszewski shows natural law forms a common ground for humanity But this common ground is slippery While natural law is truly an observable part of human nature human beings are hell bent quite literally on ignoring it The mere mention of the obligations imposed on man by his nature will send him into a rage In this sense *The Line Through the Heart* explores natural law as not simply a fact and a theory but also a sign of contradiction While investigating the natural law and its implications Budziszewski boldly confronts and offers a newly integrated view of a wide range of contemporary issues including abortion evolution euthanasia capital punishment the courts and the ersatz state religion being built in the name of religious toleration Written in Budziszewski's usual crystalline style *The Line Through the Heart* makes clear that natural law is a matter of concern not merely to scholars it touches how each of us lives and how all of us live together His profoundly important examination of this subject helps us make sense of why habits that run against our nature have become second nature and why our world seems to be going mad *Heresies of the Heart* Ryan LaMothe,2009 This book depicts heresies of the heart from the perspective of emotional intelligence emotional wisdom reverence and holiness offering readers ways to understand emotionally healthy relationships and revitalizing faith ***The Heart Set Free*** Kim Paffenroth,2005-05-10 A theological and literary reflection on sin and redemption using the New Testament Augustine Dante and Flannery O'Connor
