unique new perspective on the transnational nature of Asian history and on global historical time **The Heritage of African Poetry** Isidore Okpewho, 1985 Citizens of the World Samara Anne Cahill, Kevin L. Cope, 2015-05-14 Encounters whether first or subsequent or whether cultural economic or ideological mark the beginning of an acquaintance and measure both similarities and differences What happens after an opening encounter is the topic of Citizens of the World Adapting in the Eighteenth Century Taking as its point of embarkation awareness of the mutuality of foreignness of the unfamiliarity that characterizes all parties to a meeting of the minds ways or traditions this exploratory volume considers the many approaches and strategies to adaptation in the Enlightenment and the long and complex process of reciprocal adjustment that created this enthusiastically outgoing era internationally The eight essays of this volume examine four varieties of adaptation the interdisciplinary in which expanding realms of knowledge collide but cooperate the transnational in which longstanding traditions merge and hybridize the gendered in which personal identity and public pursuits negotiate and the general in which the adapting mentality energizes unprecedented efforts at ingenious recombination Whether in cast and fired pottery or aboard imagined airships adaptation the authors in this volume demonstrate all but defines a century in which the all but implies perpetual adjustment to everything else United States and Asia at War: A Cultural Approach Philip West, Steven I. Levine, Jackie Hiltz, 2015-06-03 This text examines the Pacific War the Korean War and the Vietnam War from the perspective of those who fought the wars and lived through them The relationship between history and memory informs the book and each war is relocated in the historical and cultural experiences of Asian countries The A to Z of Vietnam Bruce M. Lockhart, William J. Duiker, 2010-04-14 Vietnam became part of French Indochina in 1887 and did not regain its independence again until after the Vietnam War However despite a relatively peaceful two decades the country experienced little economic growth because of conservative leadership policies In an effort to change this stagnation Vietnamese authorities have committed to economic liberalization and enacted structural reforms needed to modernize the economy and to produce more competitive export driven industries The A to Z of Vietnam focuses on the recent changes and leadership of Vietnam while giving due attention to the earlier kingdoms the period of French Indochina the wars for liberation the Vietnam War and much more Hundreds of cross referenced A to Z dictionary entries are included on political economic social and cultural aspects as well as the major cities and geographic features This book also contains a chronology and introduction that traces Vietnam's history as well as a bibliography WLA, 1998 **The Princeton Encyclopedia of Poetry and Poetics** Roland Greene, Stephen Cushman, Clare Cavanagh, Jahan Ramazani, Paul Rouzer, Harris Feinsod, David Marno, Alexandra Slessarev, 2012-08-26 Rev ed of The Princeton encyclopedia of poetry and poetics Alex Preminger and T V F Brogan co editors Frank J Warnke O B Hardison Jr and Earl Miner associate editors 1993 **Vietnam and the Chinese Model** Alexander Barton Woodside, 2020-03-17 Why did the Vietnamese accept certain Chinese institutions and yet explicitly reject others How did Vietnamese cultural borrowings from China alter the dynamics of traditional relations between

Vietnam Siam Laos and Cambodia How did Vietnam's smaller Southeast Asian environment modify and distort classical East Asian institutions Woodside has answered these questions in this well received political and cultural study This first real comparison of the civil governments of two traditional East Asian societies on an institution by institution basis is now reissued with a new preface *The Country of Memory* Hue-Tam Ho Tai,2001-10 Hue Tam Ho Tai's masterful collection of essays that explore how the past is being remade in contemporary Vietnam constitutes a welcome addition to the study of the larger problem of engineering memory especially in political cultures where the identity of the nation state is in a considerable state of flux This book also suggests that the commemorative fever that is sweeping Vietnam is about more than Vietnam's history It also has a great deal to do with the problems premodern cultures presented to those who promoted the creation of contemporary states In this regard both Vietnam and this book offer all scholars of nationalism and remembering in the West a fascinating perspective on their own nations John Bodnar Chancellors Professor of History at Indiana University from the Foreword *Historical Dictionary of Vietnam* Bruce M. Lockhart,William J. Duiker,2006-02-27 Vietnam became part of French Indochina in 1887 and did not regain its independence again until after the Vietnam War However despite a relatively peaceful two decades the country experienced little economic growth because of conservative leadership policies In an effort to change this stagnation Vietnamese authorities have committed to economic liberalization and enacted structural reforms needed to modernize the economy and to produce more competitive export driven industries The third edition of this dictionary focuses on the recent changes and leadership of Vietnam while giving due attention to the earlier kingdoms the period of French Indochina the wars for liberation the Vietnam War and much more Hundreds of cross referenced A to Z dictionary entries are included on political economic social and cultural aspects as well as the major cities and geographic features This book also contains a chronology and introduction that traces Vietnam's history as well as a bibliography *In Search of Southeast Asia* David Joel Steinberg,David P. Vietnamese Traditional Medicine C. Michele Thompson,2015-06-30 While reshaping our understanding of the history and development of traditional Vietnamese medicine in the 19th and 20th centuries Michele Thompson's new book reaches across disciplines to open important perspectives in Vietnamese colonial and social history as well as our understanding of the Vietnamese language and writing systems Traditional Vietnamese medicine is generally understood as an import from the Chinese tradition Thompson's detailed historical and linguistic research restores agency and voice to practitioners of Vietnamese medicine showing how the adoption of Chinese and then Western ideas of medicine in the 19th and 20th centuries relied on indigenous Vietnamese concepts of health and the human body She mines medical manuscripts in Chinese and in Nom vernacular Vietnamese to capture various aspects of the historical interaction between Chinese and Vietnamese thought She presents a detailed analysis of the Vietnamese response to a Chinese medical technique for preventing smallpox

and to the medical concepts associated with it looking at Vietnamese healers from a variety of social classes Thompson's account brings together colorful historical vignettes contemporary observations and interviews and textual analysis It stands out as a demonstration of the power of the history of medicine to illuminate adjacent fields of enquiry It will be of interest to historians of medicine globally and in East Asia as well as to students of Vietnam and its complex process of modernization

America's Wars in Asia , Even though the cultural approach concerns itself with the local and the particular rather than with the abstract and universal it is inherently comparative Moreover it also relocates each war in the historical and cultural experiences of Asian countries themselves rather than seeing the war as merely a conflict between the United States and Asian nations **The Journal of Asian Studies** ,1980 An essential resource for those interested in Asia Recognized as the leading publication in its field It features articles on the history arts social sciences and contemporary issues of East South and Southeast Asia as well as a large book review section
