Radical Collegiality through Student Voice Roseanna Bourke, Judith Loveridge, 2018-08-17 This book celebrates the rights of the child through including student voice in educational matters that affect them directly It focuses on the experiences of children and young people and explores how our educational policies practices and research endeavours enable educators to help young people tell their own stories The respective chapters illustrate how listening to young people can help them attain new positions of power even though doing so often creates discomfort and requires a radical change on the part of the adult establishment Further the book challenges researchers teachers and practitioners to reconsider how students are involved in research and policy agendas and to what extent radical collegiality can create fundamental and positive changes in the lives of these learners In recent decades greater attention has been paid across policy practice and research discourses to involving children more meaningfully and actively in decisions about their participation in both formal and informal educational settings The book's goal is to illustrate how researchers have systematically involved students in the pursuit of a richer understanding of educational experiences policy and practice through the eyes and ears of young people and through their own cultural lens

Transferring the Notion of Good Practice when Working with Pupils with Emotional, Behavioural and Social Difficulties in a Cypriot Educational Context Stella Tryfonos, 2014-11-19 Pupils with Social Emotional and Behaviour Difficulties often known as SEBD and EBD comprise a group of learners who present challenges to their educators and the educational system often working with these pupils can be challenging and stressful for their teachers as well as any professional involved In England research concerning the education and learning of pupils with SEBD has progressed considerably in the past three decades and good practice when working with pupils who present these difficulties has been widely investigated In Cyprus however it is not nearly so widely known about and has not been researched to any great extent This book explores the situation in the Cypriot education system and begins by expanding the reader's knowledge on developments on the education of those pupils whose behaviour raises challenges to the educational system and causes concerns to those involved The book is informed by research which was undertaken by the author in Cyprus and documents the views of educators and professionals on good practice It explores the microsystem of a school and will enrich the knowledge and understanding of those with personal and professional interests in working with these pupils to be ready to accommodate their needs The book also contributes to a better understanding of the nature of SEBD especially since the number of students presenting such difficulties in Cypriot primary education requires practitioners to be ready to provide the best practices possible

Responding to Learner Diversity and Learning Difficulties Dennis Conrad, Stacey Blackman, 2018-10-01 Caribbean Discourse in Inclusive Education Volume II Responding to Learner Diversity

and Learner Difficulties shares selected critical reflections and recommendations on the way educational communities respond to student diversity and difficulties learning. These contexts include the Caribbean the Diaspora and beyond. Authors explore issues and strategies for realizing and sustaining the agenda of education for all within primarily but not limited to the Caribbean. While the authors are aware of the ongoing debate between the terms education for all and inclusive education we use these terms interchangeably. We hold the position that inclusive education is about commitment to removing barriers to optimum learning for all learners regardless of age ability ethnicity gender geography race religion sexual orientation or other differences. Responding to Learner Diversity and Difficulties extend the discourse to include stakeholders committed to sharing their experiences and strategies for overcoming barriers to inclusive education. This second volume presents research that examines how teachers can respond to students with disabilities and difficulties learning teach challenging curriculum content in mathematics and literacy build citizenship through student voice improve teacher practice via co teaching and critical reflection promote inclusive practice through leadership and advocacy. It can be used as a core text or companion reader for students at the undergraduate and graduate levels lecturers practitioners researchers and policy makers. A Handbook of Social Work ...
