Parkinson, 2009-02-17 In Reading Ancient Egyptian Poetry Richard Parkinson explores how ancient Egyptian poems have been read and perceived across the ages Presents an innovative and theoretically informed account of how the most famous ancient Egyptian poems have been read over 4 000 years From a leading expert in the interpretation of ancient Egyptian literature Explores the original experience of ordinary Egyptians enjoying the poems as well as their interpretation during the Middle Kingdom and up to modern times Draws on recent discoveries in the British Museum archives to reconstruct the contexts of the poems **Ethnicity and Identity in Ancient Israel** Kenton L. Sparks, 1998 From the introduction When we speak of ethnicity we bring into view a particular kind of sentiment about group identity wherein groups of individuals view themselves as being alike by virtue of their common ancestry It is something of a truism to point out that ethnicity has played an important role in the history of Judaism both in the postbiblical era and prior to it The reason for this interest is twofold First in virtually every discipline of the humanities there seems to be a general unhappiness with the superficial way that scholars have handled the issues of culture and identity More specifically with respect to ancient Israel recent biblical scholarly activity both literary and historical has raised serious doubts about the supposed origins and antiquity of Israelite ethnicity With this agenda in view Kent Sparks provides a summary of current studies in ethnicity and ethnic identity then moves to a discussion of Israel's ancient Near Eastern context and expressions of ethnic identity in the written remains from surrounding nations Turning next to ancient Israel itself he examines texts generally considered early in Israel's history for information relevant to Israel's ethnic identity Sparks then investigates the witness of the prophets and the historical materials relating to the Judean monarchy and the exilic period looking for expressions of ethnic sentiment His research will likely prove to be the foundation on which future study of the topic will be built **The Ancient Egyptian Middle Kingdom** STACY DALTON, 2021-02-14 The Middle Kingdom 2040 1782 BCE is viewed as antiquated Egypt's Classical Age during which the way of life delivered a portion of its most major show stoppers and writing Researchers stay partitioned on which lines comprise the Middle Kingdom of Egypt with some contending for the last 50% of the eleventh through the twelfth some the twelfth to fourteenth and some the twelfth and thirteenth The twelfth Dynasty is frequently referred to as the start because of the huge improvement in artistry and engineering Nevertheless these advancements were just conceivable due to the soundness the eleventh Dynasty got for the country The most usually acknowledged dates for the Middle Kingdom at that point are 2040 1782 BCE which incorporate the last piece of the eleventh Dynasty through the center of the thirteenth Dynasty
