Skeena Aground:

Skeena Aground Isaac Unger, 1992 HMCS Skeena ship in the North Atlantic and off the coast of Normandy lost in storm and driven aground on a small island near Reykjavik **Destroyer Down** Arthur Evans, 2010-08-19 The author of Beneath the Waves provides a thorough history of the sinkings of Britain's destroyer warships during World War II His Majesty's destroyers had a long and costly war Some eight thousand destroyer men did not survive At the height of the war the Royal Navy was commissioning four new vessels a month which was only sufficient to replace those which had been sunk or severely damaged This outstanding book contains the details of the majority of the sinkings that occurred throughout World War II and includes many firsthand accounts from the officers and crew involved **Passage on the Cardena** Mel Daggy, 2012-09-04 In the summer of 1930 fifteen year old Matthew Clayton's mother dies leaving him alone in Vancouver Using the Union Steamship ticket she gave him he sets out in search of his father who is logging somewhere on the rugged West Coast Matt boards the SS Cardena and begins an incredible voyage up the Inside Passage and through the isolated coastal communities the ship services On board he befriends fellow passengers Monica James and the high rigger Will Cameron both intent on finding a new life and Emily Carr a soon to be famous painter searching for a new direction in her art What each of them finds comes as a surprise as they journey aboard the legendary steamship Cardena **The Spy Worker** John M. Makie, 2009-04-16 Petty Officer John G Makie of the Royal Canadian Naval Volunteer Reserve did not realize what he was getting into in the summer of 1942 when he gave an oath at Camp X under the Canadian Secrets Act of 1939 He was only seventeen years old and determined to defend the freedom of Canada He did so in the most extraordinary way He was special agent number 034 of the secret service group under water demolition squadron These secret agents were very highly trained commandos who came from Canada Britain and Australia These fearless men were scuba divers trained in small arms and hand to hand combat They entered enemy occupied countries by the sea carried out acts of sabotage and clandestine warfare Then they quickly disappeared into the night back to the sea These men had no name or rank just mission after mission in Russia Norway Sweden and France This brave group of men personally encouraged by Sir Winston Churchill Sir William Stephenson and Lord Louis Mountbatten set out to set Europe ablaze When the war was over in Europe they set out to mop up Burma and Hong Kong Yet no record of fallen buddies can be found The year 1996 marks the end of the fifty year gag order by oath and with it the truth is finally set free The Spy Worker reveals secrets of a time long long ago all accounted by the lone survivor now in his eighties which are finally free to share with friends and family After many therapeutic sessions over the last ten years events of this forgotten group are starting to surface Although there are no records of their missions or medals of valor ever rewarded The Spy Worker pays tribute to the unsung heroes of war in remembering their notable acts of bravery **The Canadian Naval Chronicle, 1939-1945** Robert A. Darlington, Fraser McKee, 1998 In World War II the Canadian Navy embarked on a five year anti submarine offensive with a tiny fleet of six destroyers and a navy

largely untrained in submarine warfare This chronicle of ship successes and losses charts the increase in fighting capability of the Canadian naval forces and their growing success against enemy submarines and surface warships From the dreadful loss of sixteen ships out of a single convoy in 1941 to the painstaking teamwork of hunting down and destroying an asdic contact a few years later the authors have managed to capture the drama of these events in considerable detail The information provided in each account represents comprehensive research into the incident from available records and from personal recollections and interviews collected by the authors Each includes the ships and crews involved on both sides their movements just prior to the event the action itself the casualty lists and the medals awarded as a result of the action This book also contains for the first time a complete record of all the Canadian owned Merchant ships lost as well as a table of RCAF Squadron successes against enemy U boats

Mennonite Life ,1994 **A Blue Water Navy** William Alexander Binny Douglas,2007 Although the Royal Canadian Navy had spent the early years of the Second World War in a desperate struggle against German U boats on the North Atlantic convoy routes the service s professional officers never lost sight of the need to build a balanced national navy one that included the larger warships required for Canada to project its naval power around the globe Part 2 of the Official Operational History continues the story of the Royal Canadian Navy begun in No Higher Purpose and carries the narrative into the decisive final years of the Second World War as the navy largely achieves its blue water ambitions Based on extensive research in Canadian British American and German archives A Blue Water Navy follows the RCN s path to victory from 1943 to 1945 as Canadian warships engage the enemy across the globe in the Atlantic Arctic and Pacific Oceans as well as in the dangerous waters of the European littoral Beginning with the Allies North Atlantic triumph over the German submarine arm in April May 1943 the volume examines the navy s many roles in European waters including the RCN s combined operations role in the amphibious assaults on Dieppe northwest Africa and Sicily the procurement of large fleet destroyers and their operations guarding important Arctic and Mediterranean bound convoys and the culmination of the RCN s overseas buildup with Operation Neptune and the invasion of Normandy A Blue Water Navy recounts the multitude of tasks Canadian naval forces performed in the war s final phases from motor torpedo boat minesweeping and fleet operations to the inshore anti submarine campaign In tracing the acquisition of cruisers and Canadian manned escort carriers this important and well illustrated history thoroughly explores the world wide scope of the Royal Canadian Navy s involvement in the Second World War and its transition from a small ship navy into a balanced force A Blue Water Navy was written by a team of professional historians and has been in preparation for many years The first volume of this official history No Higher Purpose was highly praised by veterans of the RCN current sailors and naval officers and students of military and naval history This second volume will be equally well received

We Were There: RCAF & others Jean E. Portugal,1998 **The Royal Navy in World War II** Derek G. Law,2003 The Royal Navy in World War II is a comprehensive annotated bibliography of all monographs describing the role of British Dominion and minor allied forces in

the naval war against the Axis This second edition contains 1 400 more entries than its predecessor and although mainly concerned with the Royal Navy it does offer extensive coverage on the Dominion Navies of Australia Canada India and South Africa as well as the minor allied navies of the occupied European countries Coverage of the US Navy s involvement in the Atlantic and Caribbean Theaters is also included A wonderful reference for historians librarians and navy buffs **Lost Bonanzas of Western Canada** Garnet Basque,1996 The book contains 13 true stories of lost mines buried treasure and outlaw loot from British Columbia Alberta and the Northwest Territories This collection of stories is unlike most Although many of the stories themselves are not new in the past most authors have merely glamorized the possibility that the treasure existed This author has gone far beyond that spending the time and research necessary trying to establish whether or not the treasure did in fact exist whether the people places and events actually existed It was a complicated process given the number of years that had passed Authenticating them however did not detract from the stories This collection will stir the adventuresome spirit in any reader
