Hilltop Scriptural Meditations Rev. Benjamin A Vima, 2016-06-30 During all the HILLTOP moments in Jesus' life, not only was he informed and confirmed by his Father about his true identity and mission, but also he shared those inspirations with his followers. This is what the Scriptures and the Church exhort us to encounter during our personal prayertime. The author esteems his retirement life of solitude as a hilltop milieu which is very conducive to meditate in the presence of God who is the Highest. According to the author, where the Highest is, there the Hilltop is. And he asserts the meditations found in this work have been collected when he was at His Highest Place. This book contains 105 weekend meditations based on Liturgical Years A B Sunday Scriptural passages. Author writes in his Forward: I dream to see this work as a handbook to be used either in the hands of every Christian at his/her Sabbath Prayer Hours or at the desks of preachers during the preparation of their Sunday homilies.

8 Keys to Practicing Mindfulness Manuela Mischke-Reeds, 2015-06-22 Learning how to pay attention to the present moment Becoming mindful is about the small everyday things such as pausing to take a breath before you drive off in a hurry or considering the food that will nourish your body before a meal Or it can mean checking in with yourself before responding to a challenging email or text Every moment of our lives can become an opportunity to practice mindfulness This book will invite you to sharpen your awareness and ask yourself with more frequency What do I notice right now or How do I need to respond or be with this situation These seemingly tiny moments of noticing yourself can have a major impact on your life as you learn to track habitual patterns and awaken to change Practicing mindfulness is not about being better by figuring it all out It is about tolerating the moments when you don't know or learning to be more curious about the struggle Here you will learn how to establish a basic practice with guidelines for posture and breathing as well as various options for meditations that involve sitting walking gently moving or lying down You can try these exercises at your lunch break before you rise or fall asleep But best of all is for you to sprinkle mindfulness throughout your day Whether you are new to mindfulness or a seasoned practitioner you can make the conscious decision to change your approach to life Moment by moment you have the opportunity to cultivate awareness that will make a difference in how you engage with the world on a daily basis
