Spiritcarvers Antonella Sarti, 1998 In a land caught between the sea and cloud where the natural landscape still refuses civilization there are those the composers of words tellers of tales that help shape the minds of the people that live on its shores They are spiritcarvers New Zealand writing today is engaging in an intent struggle to subvert multiple shapes into voices These interviews as a record of biographical orature are shaped into presenting the figure of the storyteller through memory and language explorations of how we imagine and create ourselves with and into words Here we encounter the dichotomy of fiction and non fiction myth and consensual reality imagination and truth do we live within our own selected fictions Identity is shaped by the authors sense of displacement as well as of belonging meeting otherness with dispossession discovering connection through isolation Among the focal points of the interviews are the role of women's writing Maori writing interrelations among different cultures and the influence of literary and oral tradition within New Zealand

The Legend of Buffalostar Christopher C. Miller, 2012-03-23 History speaks of men who have earned the rights to be called heroes later they are known in time to become a legend this is also true in the 31st century where greed and corruption still haunt men like a plague stalking them for their very survival and peace Forcing them to travel into earth's past looking for some heroes They are taking this action to supply some needed human subjects for a secret project called Triborg They are

working on this project to change their fate by creating the ultimate warrior They choose a Buffalo Soldier and a Tuskegee Airman who are then brought forward in time only to have their souls blended with their present day hero Finally they are all fused into one cyborg body resulting with one being whom now becomes part man and part cyborg He turns out to be meaner than the devil with a bite nastier than a rattlesnake If they have a plague before then he is the vaccine From the writing of Christopher C Miller and based on a original story from Wendell M King comes the nail biting science fiction epic of just that type of hero a cyborg with the mind of three he is Buffalostar and this is his story The Legend of Buffalostar

Indigenous Missourians Greg Olson, 2023-06-30 Winner of the 2024 Missouri Conference on History Book Award the 2024 Missouri History Book Award and Honoree for the 2024 Society of Midland Authors Award for History The history of Indigenous people in present day Missouri is far more nuanced complex and vibrant than the often told tragic stories of conflict with white settlers and forced Indian removal would lead us to believe In this path breaking narrative Greg Olson presents the Show Me State s Indigenous past as one spanning twelve millennia of Native presence resilience and evolution While previous Missouri histories have tended to include Indigenous people only during periods when they constituted a threat to the state s white settlement Olson shows us the continuous presence of Native people that includes the present day Beginning thousands of years before the state of Missouri existed Olson recounts how centuries of inventiveness and adaptability enabled Native people to create innovations in pottery agriculture architecture weaponry and intertribal diplomacy Olson also shows how the resilience of Indigenous people like the Osages allowed them to thrive as fur traders even as settler colonialists waged an all out policy of cultural genocide against them Though the state of Missouri claimed to have forced Indigenous people from its borders after the 1830s Olson uses U S Census records and government rolls from the allotment period to show that thousands remained In the end he argues that with a current population of 27 000 Indigenous people Missouri remains very much a part of Indian Country and that Indigenous history is Missouri history
