Slaves Spices And Ivory In Zanzibar:

Slaves, Spices and Ivory in Zanzibar Abdul Sheriff, 1987-09-30 The rise of Zanzibar was based on two major economic transformations Firstly slaves became used for producing cloves and grains for export Previously the slaves themselves were exported Secondly there was an increased international demand for luxuries such as ivory At the same time the price of imported manufactured goods was falling Zanzibar took advantage of its strategic position to trade as far as the Great Lakes However this very economic success increasingly subordinated Zanzibar to Britain with its anti slavery crusade and its control over the Indian merchant class Professor Sheriff analyses the early stages of the underdevelopment of East Africa and provides a corrective to the dominance of political and diplomatic factors in the history of the area *Slaves, Spices, & Ivory in Zanzibar* Abdul Sheriff, 1987

Captives and Companions Justin Marozzi, 2025-10-21 The definitive history of the slave trade in the Islamic world a story that has been overshadowed by its notorious but shorter lived Atlantic counterpart Slavery in the Islamic world has a long complex and controversial history In the earliest days of Islam Arab Muslims enslaved men women and children as the spoils of war In the following centuries young boys were imported to imperial Islamic courts in enormous numbers Some were castrated to serve as eunuch guardians of sacred spaces from the imperial harem of Istanbul to the Prophet's Mosque in Medina Others were harvested by the Ottomans to serve as Janissaries the sultan's elite infantry unit Some even rose to

the highest levels of political and military command making a mockery of their slave status For wom leading concubines became powerful figures in their own right In the ninth century Golden Age of Baghdad the most beautiful and accomplished courtesans were among the richest most celebrated figures of their day In the twentieth century more than a thousand years later their cosmopolitan counterparts were still entertaining Ottoman sultans Yet it was Africa which bore the brunt of the Islamic world s insatiable demand for slave labour Slavers plied its Mediterranean Atlantic and Indian Ocean coasts traders raided inland for human cargo and millions of enslaved Africans trudged across the Sahara into captivity Meanwhile North African corsairs turned the Mediterranean into a slaving free for all between Muslims Christians and Jews The sheer longevity of slavery was no less surprising Arab Muslims adapted and regulated this practice within an Islamic context Sanctioned by the Prophet Mohammed legitimated by the Quran and holy law slavery endured for fifteen centuries Abolition had few champions and came late in the day hereditary slavery continues even today in Mali and Mauritania Captives and Companions takes the reader on an extraordinary historical journey across deserts continents and oceans from Baghdad to Bamako Tripoli to Timbuktu Istanbul to the Black Sea and reveals a hidden but vital chapter in our understanding of world civilization

Asian Entrepreneurial Minorities Christine Dobbin, 2013-01-11 Advances the theoretical understanding of the behaviour of entrepreneurial minorities and draws a vivid picture of how various imperial powers came to rely on local entrepreneurial minorities to establish their hegemony in Asia

Sailors, Slaves, and Immigrants A. Stanziani, 2014-09-04 Slaves convicts and unfree immigrants have traveled the oceans throughout human history but the conventional Atlantic World historical paradigm has narrowed our understanding of modernity This provocative study contrasts the Atlantic conflation of freedom and the sea with the complex relationships in the Indian Ocean in the long 19th century

Faith and Slavery in the Presbyterian Diaspora William Harrison Taylor, Peter C. Messer, 2016-01-28 Faith and Slavery in the Presbyterian Diaspora considers how in areas as diverse as the New Hebrides Scotland the United States and East Central Africa men's and women's shared Presbyterian faith conditioned their interpretations of and interactions with the institution of chattel slavery The chapters highlight how Presbyterians' reactions to slavery which ranged from abolitionism to indifference to support reflected their considered application of the principles of the Reformed Tradition to the institution Consequently this collection reveals how the particular ways in which Presbyterians framed the Reformed Tradition made slavery an especially problematic and fraught issue for adherents to the faith Faith and Slavery by situating slavery at the nexus of Presbyterian theology and practice offers a fresh perspective on the relationship between religion and slavery It reverses the all too common assumption that religion primarily served to buttress existing views on slavery by illustrating how groups and individuals' reactions to slavery emerged from their understanding of the Presbyterian faith The collection's geographic reach encompassing the experiences of people from Europe Africa America and the Pacific filtered through the lens of Presbyterianism also highlights the global dimensions of slavery and the debates surrounding it The institution and the challenges it presented Faith and Slavery stresses reflected less the peculiar conditions of a particular place and time than the broader human condition as people attempt to understand and shape their world

Worldly Afterlives Julia Stephens, 2025-12-16 The hidden histories of empire told through the haunted afterlives of colonial migrations Indian migrants provided the labor that enabled the British Empire to gain control over a quarter of the world's population and territory In the mid 1800s the British government began building an elaborate bureaucracy to govern its mobile subjects issuing photo IDs lists of kin and wills It amassed records of workers belongings such as handwritten IOUs crumpled newspaper clippings and copper bangles Worldly Afterlives uses this trove of artifacts to recover the stories of the hidden subjects of empire Navigating the remains of imperial bureaucracy in archives scattered across Asia Africa the Middle East and the Americas Julia Stephens follows migrant families as they traverse the Indian Ocean and the British Empire She draws on in depth interviews to show how the histories of empire reverberate in the present through the memories and experiences of their descendants who collected their own remnants of empire in albums and curio cabinets We encounter women subaltern migrants and people of mixed heritage whose family stories upend ethnonationalist and patriarchal approaches to studying Asian diasporas What emerges is a social history of Indian migration and a political history of British imperial governance one that offers a new methodological approach to the historian's craft Spanning archives family collections cemeteries online ancestry records and social media Worldly Afterlives

Aspects of Colonial Tanzania History E.Y. Mbogoni, 2012-11-20 *Aspects of Colonial Tanzanian History* is a collection of essays that examines the lives and experiences of both colonizers and the colonized during colonial rule in what is today known as Tanzania Dr Mbogoni examines a range of topics hitherto unexplored by scholars of Tanzania history namely excessive alcohol consumption the sundowners adultery and violence among the colonial officials attitudes to inter racial sexual liaisons especially between Europeans and Africans game poaching European settler vigilantism radio broadcasting film production and the nature of Arab slavery in Zanzibar A particularly noteworthy case related to European vigilantism is examined the trial of Oldus Elishira a Maasai for the murder of a European settler farmer in 1955 The victim Harold M Stuchbery was speared to death when he attempted to arrest a group of Maasai young men who were passing through his farm The event highlighted the differences in the concepts of justice held by Maasai and the imported justice systems from the colonizers It also raised vexing questions about the colonial judges acquittal of Oldus Elishira while the Maasai who should have been satisfied with that decision decided to take it upon themselves to mete out an appropriate punishment to Elshira instead of total acquittal and to compensate Mrs Stuchbery for the death of her husband by giving her a number of heads of cattle

Economies of Representation, 1790-2000 Dr Helen Gilbert, Dr Leigh Dale, 2013-04-28

Although postcolonialism has emerged as one of the most significant theoretical movements in literary and cultural studies it has paid scant attention to the importance of trade and trade relations to debates about culture Focusing on the past two centuries this volume investigates the links among trade colonialism and forms of representation posing the question What is the historical or modern relationship between economic inequality and imperial patterns of representation and reading Rather than dealing exclusively with a particular industry or type of industry the contributors take up the issue of how various economies have been represented in Aboriginal art in literature by North American Caribbean Portuguese South African First Nations Australian British and Aboriginal authors and in a diverse range of writings that includes travel diaries missionary texts the findings of the Leprosy Investigation Commission early medical accounts and media representations of HIV AIDS Examining trade in commodities as various as illicit drugs liquor bananas tourism adventure fiction and modern Aboriginal art as well as cultural exchanges in politics medicine and literature the essays reflect the widespread origins of the contributors themselves who are based throughout the English speaking world Taken as a whole this book contests the commonplace view promoted by some modern economists that trade in and of itself has a leveling effect equalising cultures places and peoples demonstrating instead the ways in which commerce has created and exacerbated differences in power
