Slow Homecoming:

Slow Homecoming Peter Handke, 2009-03-31 By Nobel Prize Winner Peter Handke Provocative romantic and restlessly exploratory Peter Handke is one of the great writers of our time *Slow Homecoming* originally published in the late 1970s is central to his achievement and to the powerful influence he has exercised on other writers chief among them W G Sebald A novel of self questioning and self discovery *Slow Homecoming* is a singular odyssey an escape from the distractions of the modern world and the unhappy consciousness a voyage that is fraught and fearful but ultimately restorative ending on an unexpected note of joy The book begins in America Writing with the jarring intensity of his early work Handke introduces Valentin Sorger a troubled geologist who has gone to Alaska to lose himself in his work but now feels drawn back home on his way to Europe he moves in ominous disorientation through the great cities of America The second part of the book *The Lesson of Mont Sainte Victoire* identifies Sorger as a projection of the author who now writes directly about his own struggle to reconstitute himself and his art by undertaking a pilgrimage to the great mountain that C zanne painted again and again Finally *Child Story* is a beautifully observed deeply moving account of a new father not so much Sorger or the author as a kind of Everyman and his love for his growing daughter

Heidegger in the Literary World Florian Grosser, Nassima Sahraoui, 2021-11-17 Within the vast reception history of Martin Heidegger s philosophical thought poets novelists and playwrights have occupied a central place This collection of essays opens up new perspectives by tracing the manifold often surprising ways in which Heideggerian concepts motifs and concerns have been taken up in literary and poetic writing since the middle of the 20th century In their contributions scholars from the Americas Asia and Europe explore intellectual constellations between Heidegger and selected literary figures such as John Ashbery Julia de Burgos Paul Celan Elfriede Jelinek and Velimir Khlebnikov The volume unveils the immense creativity that crystallizes in these poetic and literary traces and disseminations of Heidegger s thinking Hence it points to new and fruitful ways to critically intervene in current philosophical and literary debates

Punctuations Michael J. Shapiro, 2019-11-22 In *Punctuations* Michael J Shapiro examines how punctuation conceived not as a series of marks but as a metaphor for the ways in which artists engage with intelligibility opens pathways for thinking through the possibilities for oppositional politics Drawing on Theodor Adorno Alain Robbe Grillet and Roland Barthes Shapiro demonstrates how punctuation s capacity to create unexpected rhythmic pacing makes it an ideal tool for writers musicians filmmakers and artists to challenge structures of power In works ranging from film scores and jazz compositions to literature architecture and photography Shapiro shows how the use of punctuation reveals the contestability of dominant narratives in ways that prompt readers viewers and listeners to reflect on their acceptance of those narratives Such uses of punctuation he theorizes offer models for disrupting structures of authority thereby fostering the creation of alternative communities of sense from which to base political mobilization

Theatre in the Context of the Yugoslav Wars Jana Dolečki, Senad Halilbašić, Stefan Hulfeld, 2018-11-19 This book assembles texts by renowned academics and theatre artists who were professionally active during the wars in former Yugoslavia. It examines examples of how various forms of theatre and performance reacted to the conflicts in Serbia, Croatia, Bosnia and Herzegovina, Slovenia and Kosovo while they were ongoing. It explores state-funded National Theatre activities between escapism and denial, the theatre aesthetics of protest and resistance and symptomatic shifts and transformations in the production of theatre under wartime circumstances both in theory and in practice. In addition, it looks beyond the period of conflict itself, examining the aftermath of war in contemporary theatre and performance such as by considering Ivan Vidić's war trauma plays, the art campaigns of the international feminist organization Women in Black and Peter Handke's play *Voyage by Dugout*. The introduction explores correlations between the contributions and initiates a reflection on the further development of the research field. Overall, the volume provides new perspectives and previously unpublished research in the fields of theory and historiography of theatre as well as Southeast European Studies.

Sovereign Lives Jenny Edkins, Michael J. Shapiro, Veronique Pin-Fat, 2012-10-02 For International Relations scholars, discussions of globalization inevitably turn to questions of sovereignty: How much control does a country have over its borders, people and economy? Where does that authority come from? *Sovereign Lives* explores these changes through reading of humanitarian intervention, human rights discourses, securitization, refugees, the fragmentation of identities and the practices of development.

German-Language Nature Writing from Eighteenth Century to the Present Gabriele Dürbeck, Christine Kanz, 2024-05-11 This volume examines the topic of German language nature writing in a broad historical context spanning more than two centuries. It brings together contributions on the debates of the category Nature Writing by numerous renowned international scholars. It discusses literary texts of natural history, nature exploration, nature poetry, perception and reflection by German-speaking authors since the 18th century, including texts by Ulrike Draesner and on Esther Kinsky's writing. The book asks whether the here-discussed texts can, should or may also be labeled as Nature Writing and how this new perspective on German literary history might change traditional classifications such as *Naturlyrik*, nature poetry in German literary history.

Melville: A Novel Jean Giono, 2017-09-12 Originally published to promote his French translation of *Moby-Dick*, Jean Giono's *Melville: A Novel* is an astonishing literary compound of fiction, biography, personal essay and criticism. In the fall of 1849, Herman Melville traveled to London to deliver his novel *White-Jacket* to his publisher. On his return to America, Melville would write *Moby-Dick*. *Melville: A Novel* imagines what happened in between: the adventurous writer fleeing London for the country, wrestling with an angel, falling in love with an Irish nationalist and finally meeting the angel.

challenge to express man's fate by writing the novel that would become his masterpiece. Eighty years after it appeared in English, *Moby-Dick* was translated into French for the first time by the Provençal novelist Jean Giono and his friend Lucien Jacques. The publisher persuaded Giono to write a preface granting him unusual latitude. The result was this literary essay: Melville, *A Novel*, part biography, part philosophical rumination, part romance, part unfettered fantasy. Paul Eprile's expressive translation of this intimate homage brings the exchange full circle. Paul Eprile was a co-winner of the French American Foundation's 2018 Translation Prize for his translation of Melville.

Holderlin's Philosophy of Nature Rochelle Tobias, 2020-05-28 This collection of 15 essays by distinguished international scholars reconsiders what Friedrich Hölderlin's work reveals about the impulses toward form and formlessness in nature and the role that poetry plays in creating Hölderlin's harmonious opposition.

Textual Entanglements Jacob Haubenreich, 2025-05-15 *Textual Entanglements* explores how the material processes of writing manifest in the published works of three twentieth-century Austrian authors: Peter Handke, Thomas Bernhard, and Rainer Maria Rilke. These authors left behind material traces of their writing processes, whether in notebooks, piles of disorganized typewritten sheets, or manuscript fragments. The materials do not merely act as containers for their texts; they spill into the semantic content of the writing, becoming entangled in it. The idiosyncratic materials and methods of the writing process do not disappear when the work enters print. Examining these material traces, *Textual Entanglements* contends that we cannot fully understand these texts' semantic dynamics without considering the material circumstances of their production. Jacob Haubenreich reads Handke, Bernhard, and Rilke to argue that the materiality of textual production opens up a broader semiotic field in which meaning can be created. Haubenreich's book offers a theoretical framework and methodological models for integrating analysis of textual materiality into literary analysis in ways that expand the boundaries of literary interpretation.
