Three Wagons West George W. Maybee, 2014-06-10 This is a story about how it might have been in 1877 when Charles Maybee moved his family from Kansas to Oregon It is based a note passed down through the family from his oldest son Supporting characters events and personal interactions are fictional But tracing the route that Charles took and knowing the hazards he faced in those days before automobiles existed is like being there with him Charles is tired of scraping out a living in Kansas and believes a homestead in Oregon's fertile Willamette Valley is the way to a better life But his wife Mary Jane refuses to go It would mean traveling by covered wagon for six months They have four small children and a fifth is on the way The rift between her and Charles takes months to mend but she finally relents and in the spring of 1877 when their new baby is just six months old they begin the 2 000 mile journey in the company of two neighboring families Life on the trail is demanding and painfully difficult but Charles leads their party with unwavering resolve In northeast Kansas near the Big Blue River they join a party from Missouri led by Jack Jarrett Continuing as a seven wagon caravan they cross the harsh plains of Nebraska After surviving a fierce storm that threatens their lives and scatters

their livestock they travel through the towering bluffs of western Nebraska into Wyoming Territory and over the Rocky Mountains Continuing through rugged Idaho Territory they enter the promised land of Oregon Still they face a daunting passage through the Blue Mountains and around Mt Hood before reaching Oregon City the end of the Oregon Trail Charles then faces the final challenge finding a place to settle and begin a new life *Circle the Wagons!* Gregory F. Dissent and mutiny simmer around the campfire fueled by stubborn pride and the harsh trail discipline that is their only hope of outrunning the mountain winter But human conflict is just the beginning The frontier itself rises up to destroy them Alkali water poisons the children A mysterious deadly fever steals the heart of the train leaving Rip a man hollowed out by grief and hardened by a cold brutal clarity A terrifying lightning storm unleashes a deadly stampede scattering their livestock and leaving them stranded When an early blizzard traps them in a frozen hell they are forced to make an unthinkable choice to survive But the greatest threat isn't the land It's the wolves that hunt it A merciless gang of road agents led by the cruel and cunning Captain Cole Raines begins to stalk the weakened survivors turning their desperate journey into a running battle for their very lives Fans of Elmore Leonard's lean prose and Larry McMurtry's epic scope will be captivated by this unflinching western adventure Wagon Ways is a gritty authentic and heart wrenching historical fiction saga that strips away the myth of the West to reveal the brutal truth of the pioneer experience It's a classic tale of frontier justice betrayal and the terrible cost of survival Once a hopeful guide Rip Campbell is forged into something harder a man haunted by the faces of those he couldn't save and burdened by a promise to see the last few survivors to safety In a world of starvation sickness and ambush can one man's grit be enough to conquer the trail or will he just become another ghost in the vast empty graves of the American West If you love classic westerns tales of gunfighters and epic journeys of determination you won't be able to put this book down Scroll up and grab your copy of Wagon Ways today

Portland, OR. *Fictions of Western American Domesticity* Amanda J. Zink, 2018-06. This work provides a compelling explanation of something that has bedeviled a number of feminist scholars: Why did popular authors like Edna Ferber continue to write conventional fiction while living lives that were far from conventional? Amanda J. Zink argues that white writers like Ferber and Willa Cather avoided the subject of their own domestic labor by writing about the performance of domestic labor by others, showing that American print culture both in novels and through advertisements moved away from portraying women as angels in the house and instead sought to persuade other women to be angels in their houses. Zink further explores lesser-known works such as Mexican American cookbooks and essays in Indian boarding school magazines to show how women writers dialoging domesticity exemplify the cross-cultural encounters between colonial domesticity and sovereign domesticity. By situating these interpretations of literature within their historical contexts, Zink shows how these writers championed and challenged the ideology of domesticity. **The Western Monthly** Francis Fisher Browne, 1869.
