Small Gathering Of Bones:

A Small Gathering of Bones Patricia Powell, 2003-12-01 It's 1978 and Dale Singleton is becoming alarmed as his friend Ian Kaysen is afflicted with a mysterious and seemingly untreatable illness characterized by pneumonia lesions and dementia. This novel of the first days of AIDS is viscerally affecting as it conveys the shocked puzzlement of those troubled by Ian's condition while simultaneously documenting Jamaican society's struggle to accept the dignity of gay love. Dale's world collapses yet his experience of being gay in a middle class culture circumscribed by church, family and compulsory heterosexuality is hauntingly memorable and familiar. *A Small Gathering of Bones* Patricia Esmie Powell, 1991 **Words to Our Now** Thomas Glave, Essays regarding prejudice and inhumanity by a gay Jamaican American *Creole Discourse*, 2002-01-01 Creole languages are characteristically associated with a negative image. How has this prestige been formed? And is it as static as the diglossic situation in many anglo-creolophone societies seems to suggest? This volume examines socio-historical and epistemological factors in the prestige formation of Caribbean English. Lexicon Creoles and subjects their classification as a socio-linguistic type to scrutiny and critical debate. In its analysis of rich empirical data, this study also demonstrates that the uses, functions and negotiations of Creole within particular social and linguistic practices have shifted considerably. Rather than limiting its scope to one national speech community, the discussion focusses on changes of the social meaning of Creole in various discursive fields such as inter-generational changes of Creole use in the London Diaspora, diachronic changes of Creole representation in written texts and diachronic changes of Creole representation in translation. The study employs a discourse analytical approach drawing on linguistic models as well as Foucauldian theory. *The Encyclopedia of Caribbean Religions* Patrick Taylor, Frederick I. Case, 2013-04-30 The Encyclopedia of Caribbean Religions is the definitive reference for Caribbean religious phenomena from a Caribbean perspective. Generously illustrated, this landmark project combines the breadth of a comparative approach to religion with the depth of understanding of Caribbean spirituality as an ever-changing and varied historical phenomenon. Organized alphabetically, entries examine how Caribbean religious experiences have been shaped by and have responded to the processes of colonialism and the challenges of the postcolonial world. Systematically organized by theme and area, the encyclopedia considers religious traditions such as Vodou, Rastafari, Sunni Islam, Sanatan Dharma, Judaism and the Roman Catholic and Seventh-day Adventist churches. Detailed subentries present topics such as religious rituals, beliefs, practices, specific historical developments, geographical differences and gender roles within major traditions. Also included are entries that address the religious dimensions of geographical territories that make up the Caribbean. Representing the culmination of more than a decade of work by the associates of the Caribbean Religions Project, The Encyclopedia of Caribbean Religions will foster a greater understanding of the role of religion in Caribbean life and society in the Caribbean diaspora and in wider national and transnational spaces. Sexual Feelings Elina Valovirta, 2014-08-15 The present book offers a reader theoretical model for approaching anglophone

The Future of Postcolonial Studies Chantal Zabus, 2014-11-20 The Future of Postcolonial Studies celebrates the twenty fifth anniversary of the publication of *The Empire Writes Back* by the now famous troika Bill Ashcroft Gareth Griffiths and Helen Tiffin When *The Empire Writes Back* first appeared in 1989 it put postcolonial cultures and their post invasion narratives on the map This vibrant collection of fifteen chapters by both established and emerging scholars taps into this early mapping while merging these concerns with present trends which have been grouped as comparing converting greening post queering and utopia The postcolonial is a centrifugal force that continues to energize globalization transnational diaspora area and queer studies Spanning the colonial period from the 1860s to the present *The Future of Postcolonial Studies* ventures into other postcolonies outside of the Anglophone purview In reassessing the nation state language race religion sexuality the environment and the very idea of the future this volume reasserts the notion that postcolonial is an anticipatory discourse and bears testimony to the driving energy and thus the future of postcolonial studies

Fractal Repair Matthew Chin, 2024-02-16 Matthew Chin interrogates queerness in Jamaica from early colonial occupation to the present critically responding to Jamaica's reputation for homophobia and anti queer violence *Creolized Sexualities* Alison Donnell, 2021-10-15 By showing how a wide and surprising range of Caribbean writers have contributed to the crafting of a supple and inclusive erotic repertoire across the second half of the twentieth century the readings in this book aim to demonstrate that a recognition of creolized and pluralized sexualities already exists within the literary imagination **Hagios Charalambos** Philip P. Betancourt, 2014-12-31 This is the first of five planned volumes to present the primary archaeological report about the excavation of the cave of Hagios Charalambos in eastern Crete The Minoans used this small cavern as an ossuary for the secondary burial of human remains and grave goods primarily during the Early and Middle Bronze Age The geography and geology surrounding the cave is discussed along with the methodology of the

excavation A portion of the pottery and all of the small finds are presented with many illustrations
