Small Island Special Edition:

Uriah's War Andrea Levy, 2014-06-19 Written to mark the centenary of the outbreak of WWI this short story by multi award winning million copy bestselling author Andrea Levy tells the tale of two Jamaican service men in that conflict

Reading Beyond the Book Danielle Fuller, DeNel Rehberg Sedo, 2013-04-02 Literary culture has become a form of popular culture over the last fifteen years thanks to the success of televised book clubs film adaptations big box book stores online bookselling and face to face and online book groups This volume offers the first critical analysis of mass reading events and the contemporary meanings of reading in the UK USA and Canada based on original interviews and surveys with readers and event organizers The resurgence of book groups has inspired new cultural formations of what the authors call shared reading They interrogate the enduring attraction of an old technology for readers community organizers and government agencies exploring the social practices inspired by the sharing of books in public spaces and revealing the complex ideological

investments made by readers cultural workers institutions and the mass media in the meanings of reading **Indian Ocean Islands** Christian Bouchard, Shafick Osman, 2018-12-07 Islands are intrinsic parts of the Indian Ocean Region s physical geography and human landscape Historically many have played substantial roles in the regional cultural and economic networks as well as in the regional political developments Today at least three issues bring these islands back to the forefront of the regional and global affairs namely geopolitics and strategic matters environmental conditions and challenges as well as ocean affairs However there has not been yet a lot of research and publications on this phenomenon of islands growing significance in the specific context of the Indian Ocean Region This book provides a rare attempt to cover various issues related to geopolitics international relations history security anthropology and ocean environment of Indian Ocean islands and their societies More specifically it provides case studies on Sri Lanka foreign policy Cocos and Christmas Islands geo strategy Chagos Archipelago history Mauritius Indo Mauritians Mauritius and Seychelles maritime security European Union and the Indian Ocean Islands international relations and Sundarban islands environment and society The chapters were originally published in a special issue of the Journal of the Indian Ocean Region **Global Environment Outlook 4** United Nations Environment Programme, 2007 The fourth report in the Global Environment Outlook series provides a comprehensive scientifically credible policy relevant and up to date assessment of and outlook for the state of the global environment

Environment for development is the GEO 4 underlying theme and the report pays special attention to the role and impact of the environment on human well being as well as to the use of environmental valuation as a tool for decision making GEO 4 s 2007 publication date marks the half way point for the Millennium Development Goals The environment as well as being the subject of MDG 7 is also a thread that runs through all the goals Includes Errata **Island Sustainability II** S. Favro, C. A. Brebbia, 2013 Containing the papers presented at the second conference organised on island sustainability by the Wessex Institute of Technology the book addresses the massive scale of seasonal population mobility that has such a profound effect

on coastal regions and islands The problems that result from large temporary increases in population are especially serious for islands and archipelagos which have limited resources and possibilities of developing supporting infrastructures Most islands cannot provide all the resources required by a large seasonal tourist population in many cases basic requirements such as water and energy as well as agricultural produce must therefore be imported Authorities need to carefully evaluate the impact of large seasonal population increases on the community and the resulting socio economic factors as well as issues related to transportation and communication all of which should be part of an overall strategy The topics covered include Tourism Impact and Strategies Community Issues Changing Climate and Environment Infrastructure Transport Issues Natural Resources Energy Issues Risk and Safety Waste Management and Island Services Postcolonial Traumas Abigail Ward,2015-10-12 This collection of essays explores some new possibilities for understanding postcolonial traumas It examines representations of both personal and collective traumas around the globe from Palestinian Caribbean African American South African Maltese Algerian Indian Australian and British writers directors and artists **Universal health coverage partnership annual report 2021** World Health Organization,2023-04-11 **Handbook of Migration and Health** Felicity Thomas,2016-12-30 Migration is now firmly embedded as a leading global policy issue of the twenty first century Whilst not a new phenomenon it has altered significantly in recent decades with changing demographics geopolitics conflict climate change and patterns of global development shaping new types of migration Against this evolving backdrop this Handbook offers an authoritative overview of key debates underpinning migration and health in a contemporary global context The Caribbean Blue Economy Peter Clegg,Robin Mahon,Patrick McConney,Hazel A. Oxenford,2020-10-22 The Blue Economy is emerging on the global scene as a powerful and persuasive new concept for sustainable development based on economic activities associated with the ocean Several regions globally have adopted this concept at national and regional levels including the Caribbean Given the complex multisectoral and multilevel nature of the Blue Economy it is clear that different approaches will be needed for different regions Hence this volume explores the opportunities threats and risks involved in operationalising the Blue Economy in the Wider Caribbean Region defined as northern Brazil to the USA and all mainland and island countries and territories in between The first part of the book looks at where the region stands in the global picture regarding adoption of the Blue Economy and what is planned The second set of chapters examines key crosscutting issues such as ecosystem services climate change and governance at national and regional levels that could make or break the Blue Economy initiative The book then goes on to explore the main sectoral activities that will constitute the Blue Economies in the region fisheries tourism shipping and transport renewable energy oil and gas seabed mining and waste management are all considered The book ends with a synthesis of the political and technical requirements to overcome threats and take advantage of opportunities in the Blue Economy **The Oxford Handbook of Climate Change and Society** John S. Dryzek,Richard B. Norgaard,David Schlosberg,2011-08-18 A systematic examination by the best writers in a

variety of fields working on issues of how climate change affects society and how social economic and political systems can do and should respond The Pacific Islands Moshe Rapaport,1999 Forty five contributors offer information on the physical environment history culture population economy and living environment of the Pacific islands **Pacific Regional Synthesis for The State of the World's Biodiversity for Food and Agriculture** Food and Agriculture Organization of the United Nations,2019-12-19 The Pacific Regional Synthesis for The State of the World s Biodiversity for Food and Agriculture summarizes the state of biodiversity for food and agriculture in the region based largely on information provided in ten country reports submitted to FAO as part of the reporting process for the report on The State of the World s Biodiversity for Food and Agriculture Biodiversity for food and agriculture is the diversity of plants animals and micro organisms at genetic species and ecosystem levels present in and around crop livestock forest and aquatic production systems It is essential to the structure functions and processes of these systems to livelihoods and food security and to the supply of a wide range of ecosystem services It has been managed or influenced by farmers livestock keepers forest dwellers fish farmers and fisherfolk for hundreds of generations The report was originally prepared as supporting documentation for an informal regional consultation on the state of the Pacific region s biodiversity for food and agriculture held in Nadi Fiji in May 2016 It was later revised based on feedback received from the participants of the informal consultation It provides a description of the drivers of change affecting the region s biodiversity for food and agriculture and of its current status and trends It also discusses the state of efforts to promote the sustainable use and conservation of biodiversity for food and agriculture in the region including through the development of supporting policies legal frameworks institutions and capacities
