HEALTHCARE's OUT SICK - PREDICTING A CURE - Solutions that WORK !!!! Gary D. Miner,Linda Miner,Darrell L. Dean,2019-01-04 The U S healthcare system is in complete chaos disarray Medical costs have increased significantly over the past 6 years with 70% increase for deductibles and 24% or more for health insurance premiums All the while workers earnings have either not increased or if they did the pay raises were for less than the increase in the cost of medical care The situation is unsustainable and the public wants the system fixed This book offers ways of fixing the problems in healthcare **HEALTHCARE s OUT SICK PREDICTING A CURE** Solutions that WORK first defines the healthcare in crisis problem Through real patient experiences

the book describes the difficulties of getting through the maze of complexity among the plethora of silo providers which make up the industry. The heart of the book provides readers with a comprehensive solution that can work a disruption that is necessary to provide Americans the medical care they need without the US public and healthcare providers and payors going into bankruptcy, insolvency or closure. This book delves into digitized medicine, payor and provider reimbursement models and value based healthcare delivery. It also includes a philosophy or mode of thinking and operation for the solutions that are needed for diagnosis, effective cost effective and time efficient healthcare delivery of which digitized medicine, value based care and payor reimbursement modes are just some of the factors. The authors propose that the real solution involves having the patient at the center of the issues and changing from an archaic gold standard way of thinking to a Predictive Analytic thinking where one gets at the real truth by doing real science that in the end becomes effective not only for the population but for the individual person. This all leads to real person centered and person directed medicine and healthcare delivery.

Patient Advocacy for Health Care Quality: Strategies for Achieving Patient-Centered Care Jo Anne L. Earp, Elizabeth French, Melissa Gilkey, 2008-05-02 As a contribution to the emerging healthcare quality movement, Patient Advocacy for Healthcare Quality: Strategies for Achieving Patient-Centered Care is distinct from any others of its kind in its focus on the consumer's perspective and in its emphasis on how advocacy can influence change at multiple social levels.
