The Hidden War Crime And The Tragedy Of Public Housing In Chicago

Keith Koeneman

The Hidden War Crime And The Tragedy Of Public Housing In Chicago:

The Hidden War Susan J. Popkin,2000 Describes what it is like to live in some of the worst neighborhoods in the United States and discusses what government officials can do to improve the safety and quality of public housing developments

Public Housing That Worked Nicholas Dagen Bloom,2014-08-04 When it comes to large scale public housing in the United States the consensus for the past decades has been to let the wrecking balls fly The demolition of infamous projects such as Pruitt Igoe in St Louis and the towers of Cabrini Green in Chicago represents to most Americans the fate of all public housing Yet one notable exception to this national tragedy remains The New York City Housing Authority America s largest public housing manager still maintains over 400 000 tenants in its vast and well run high rise projects While by no means utopian New York City s public housing remains an acceptable and affordable option The story of New York s success where so many other housing authorities faltered has been ignored for too long Public Housing That Worked shows how New York s administrators beginning in the 1930s developed a rigorous system of public housing management that weathered a variety of social and political challenges A key element in the long term viability of New York s public housing has been the constant search for better methods in fields such as tenant selection policing renovation community affairs and landscape design Nicholas Dagen Bloom presents the achievements that contradict the common wisdom that public housing projects are inherently unmanageable By focusing on what worked rather than on the conventional history of failure and blame Bloom provides useful models for addressing the current crisis in affordable urban housing Public Housing That Worked is essential reading for practitioners and scholars in the areas of public policy urban history planning criminal justice affordable housing management social work and urban affairs

Public Housing and the Legacy of Segregation Margery Austin Turner,Susan J. Popkin,Lynette A. Rawlings,2009 For the past two decades the United States has been transforming distressed public housing communities with three ambitious goals replace distressed developments with healthy mixed income communities help residents relocate to affordable housing often in the private market and empower former public housing families toward economic self sufficiency The transformation has focused on deconcentrating poverty but not on the underlying role of racial segregation in creating these distressed communities In Public Housing and the Legacy of Segregation scholars and public housing officials assess whether and how public housing policies can simultaneously address the problems of poverty and race

Public Housing Myths Nicholas Dagen Bloom,Fritz Umbach,Lawrence J. Vale,2015-04-10 Popular opinion holds that public housing is a failure so what more needs to be said about seventy five years of dashed hopes and destructive policies Over the past decade however historians and social scientists have quietly exploded the common wisdom about public housing Public Housing Myths pulls together these fresh perspectives and unexpected findings into a single volume to provide an updated panoramic view of public housing With eleven chapters by prominent scholars the collection not only covers a groundbreaking range of public housing issues transnationally but also does so in a revisionist and provocative

manner With students in mind *Public Housing Myths* is organized thematically around popular preconceptions and myths about the policies surrounding big city public housing the places themselves and the people who call them home The authors challenge narratives of inevitable decline architectural determinism and rampant criminality that have shaped earlier accounts and still dominate public perception

The Voucher Promise Eva Rosen,2020-07-14 This book examines the Housing Voucher Choice Program colloquially known as Section 8 and the effect of the program on low income families living in Park Heights in Baltimore In a new era of housing policy that hopes to solve poverty with opportunity in the form of jobs social networks education and safety the program offers the poor access to a new world safe streets good schools and well paying jobs through housing vouchers The system should in theory give recipients access to housing in a wide range of neighborhoods but in *The Voucher Promise* Rosen examines how the housing policy while showing great promise faces critical limitations Rosen spent over a year living in a Park Heights neighborhood getting to know families accompanying them on housing searches spending time on front stoops and learning about the history of the neighborhood and the homeowners who had settled there decades ago She examines why when low income renters are given the opportunity to afford a home in a more resource rich neighborhood they do not relocate to one observing where they instead end up and other opportunities housing vouchers may offer them

Driven from New Orleans John Arena,2012 In the early 1980s the tenant leaders of the New Orleans St Thomas public housing development and their activist allies were militant uncompromising defenders of the city s public housing communities Yet ten years later these same leaders became actively involved in a planning effort to privatize and downsize their community an effort that would drastically reduce the number of affordable apartments What happened John Arena a longtime community and labor activist in New Orleans explores this drastic change in *Driven from New Orleans* exposing the social disaster visited on the city s black urban poor long before the natural disaster of Katrina magnified their plight Arena argues that the key to understanding New Orleans s public housing transformation from public to private is the co optation of grassroots activists into a government and foundation funded nonprofit complex He shows how the nonprofit model created new political allegiances and financial benefits for activists moving them into a strategy of insider negotiations that put the profit making agenda of real estate interests above the material needs of black public housing residents In their turn white developers and the city s black political elite embraced this newfound political realism because it legitimized the regressive policies of removing poor people and massively downsizing public housing all in the guise of creating a new racially integrated mixed income community In tracing how this shift occurred *Driven from New Orleans* reveals the true nature and the true cost of reforms promoted by an alliance of a neoliberal government nonprofits community activists and powerful real estate interests

Practicing Forensic Criminology Kevin Fox Gotham,Daniel Bruce Kennedy,2019-05-29 *Practicing Forensic Criminology* draws on examples from actual court cases and expert witness reports and testimony to demonstrate the merits and uses of substantive criminological knowledge

in the applied setting of civil law and the courts Throughout the book the authors provide a highly readable informative discussion of how forensic criminologists can apply their research and teaching skills to assist judges and juries in rendering legal decisions Engaging and lively the chapters include excerpts from forensic criminological investigations in depth discussions of the methodological and analytical bases of these investigations and important lessons learned from real litigation cases Case examples are drawn from the forensic realms of premises liability administrative negligence workplace violence wrongful conviction litigation and litigation involving police departments and corrections facilities Well referenced and thoroughly researched Practicing Forensic Criminology serves as an introduction to the vast and heterogeneous field of forensic social science that is rapidly changing and expanding This unique and original book guides readers through the research work of expert witnesses working as consultants researchers and crime analysts and investigators Offering expert criminological insights into litigation cases the chapters reveal how forensic social science research can be an effective mechanism for reaching beyond the academy to influence public policy reform and legal proceedings Practicing Forensic Criminology will appeal to a diverse audience including social scientists criminal justice students and researchers expert witnesses attorneys judges and students of judicial proceedings seeking to understand the value and impact of criminology in the civil court system Introduces readers to the impact of evidence based criminological theory and forensic social science investigations in the legal system Demonstrates the usefulness of forensic criminology as a research tool revealing novel relational dynamics among crime events and the larger socio spatial context Advances the development of a translational criminology i e the translation of knowledge from criminological theory and research to forensic practice as an expedient to forming robust interactive relationships among criminological social scientists and policy makers First Son Keith Koeneman,2013-03-28 Presents the life of former Chicago mayor Richard M Daley making use of access to key players in his administration as well as to Chicago s business and cultural leaders to chronicle his political and personal evolution

Where are Poor People to Live?: Transforming Public Housing Communities Larry Bennett,Janet L. Smith,Patricia A Wright,2015-03-26 This groundbreaking book shows how major shifts in federal policy are spurring local public housing authorities to demolish their high rise low income developments and replace them with affordable low rise mixed income communities It focuses on Chicago and that city s affordable housing crisis but it provides analytical frameworks that can be applied to developments in every American city Where Are Poor People to Live provides valuable new empirical information on public housing framed by a critical perspective that shows how shifts in national policy have devolved the U S welfare state to local government while promoting market based action as the preferred mode of public policy execution The editors and chapter authors share a concern that proponents of public housing restructuring give little attention to the social political and economic risks involved in the current campaign to remake public housing At the same time the book examines the public housing redevelopment process in Chicago with an eye to identifying opportunities for redeveloping projects and

building new communities across America that will be truly hospitable to those most in need of assisted housing While the focus is on affordable housing the issues addressed here cut across the broad policy areas of housing and community development and will impact the entire field of urban politics and planning

Waiting for Gautreaux Alexander Polikoff, 2007-05-11 Winner 2006 The American Lawyer Lifetime Achievement Award On his thirty ninth birthday in 1966 Alexander Polikoff a volunteer ACLU attorney and partner in a Chicago law firm met some friends to discuss a pro bono case Over lunch the four talked about the Chicago Housing Authority construction program All the new public housing it seemed was going into black neighborhoods If discrimination was prohibited in public schools wasn't it also prohibited in public housing And so began *Gautreaux v CHA and HUD* a case that from its rocky beginnings would roll on year after year decade after decade carrying Polikoff and his colleagues to the nation's Supreme Court to face then solicitor general Robert Bork establishing precedents for suits against the discriminatory policies of local housing authorities often abetted by HUD and setting the stage for a nationwide experiment aimed at ending the concentration and racialization of poverty through public housing Sometimes Kafkaesque sometimes simply inspiring and never less than absorbing the story of *Gautreaux* told by its principal lawyer moves with ease through local and national civil rights history legal details political matters and the personal costs and rewards of a commitment to fairness equality and justice Both the memoir of a dedicated lawyer and the narrative of a tenacious pursuit of equality this story itself a critical still unfolding chapter in recent American history urges us to take an essential step in ending the racial inequality that Alexis de Toqueville prophetically named America's most formidable evil

Views from the Streets Roberto Aspholm, 2020-02-04 Chicago has long served as a symbol of urban pathology in the public imagination The city's staggering levels of violence and entrenched gang culture occupy a central place in the national discourse yet remain poorly understood and are often stereotyped *Views from the Streets* explains the dramatic transformation of black street gangs on Chicago's South Side during the early twenty first century shedding new light on why gang violence persists and what might be done to address it Drawing on years of community work and in depth interviews with gang members Roberto R Aspholm describes in vivid detail the internal rebellions that shattered the city's infamous corporate style African American street gangs He explores how in the wake of these uprisings young gang members have radically refashioned gang culture and organization on Chicago's South Side rejecting traditional hierarchies and ideologies and instead embracing a fierce ethos of personal autonomy that has made contemporary gang violence increasingly spontaneous and unregulated In calling attention to the historical context of these issues and to the elements of resistance embedded in Chicago's contemporary gang culture Aspholm challenges conventional views of gang members as inherently pathological He critically analyzes highly touted universal violence prevention strategies depicting street level realities to illuminate why they have ultimately failed to reduce levels of bloodshed An unprecedented analysis of the nature and meaning of gang violence *Views from the Streets* proposes an alternative framework for addressing the seemingly

intractable issues of inequality despair and violence in Chicago [Conservative Criminology](#) John Wright, Matt DeLisi, 2015-11-06 Conservative Criminology serves as an important counterpoint to virtually every other academic text on crime Hundreds of books have been written about crime and criminal justice policy from a variety of perspectives including Marxist liberal progressive feminist radical and post modernist To date however no book has been written outlining a conservative perspective on crime and criminal justice policy Not a polemic against liberalism Conservative Criminology nonetheless focuses on how liberal ideology affects the study of crime and criminals and the policies that criminologists advocate Wright and DeLisi both senior scholars give a voice to a major political philosophy a philosophy often demonized by academics and to conservatives in the academic world In the end Conservative Criminology calls for an investment in intellectual diversity a respect for varying political philosophies and a renewed commitment to honesty in scholarship The authors encourage debate in the profession about the proper role of ideology in the academy and in public policies on crime and justice Conservative Criminology is for the criminal justice professional and student It serves as a stimulating supplement to courses in criminology and criminal justice as well as a primary text for special issues or capstone courses This book supports the reader in recognizing ideological biases whatever they might be and in considering their own convictions

Reforming New Orleans Peter F. Burns, Matthew O. Thomas, 2016-02-19 In Reforming New Orleans Peter F Burns and Matthew O Thomas chart the city's recovery and assess how successfully officials at the local state and federal levels transformed the Big Easy in the wake of Hurricane Katrina [Encyclopedia of Law Enforcement](#) Larry E Sullivan, 2005 Vols 1 and 2 cover U S law enforcement Vol 3 contains articles on individual foreign nations together with topical articles on international law enforcement

The Environment and the People in American Cities, 1600s-1900s Dorceta E. Taylor, 2009-11-23 This wide ranging study of urban environmental history draws our attention to environmental challenges faced by American cities over the past four centuries showing how understandings of race class and gender shape discourse on the environment

Pop Culture Places Gladys L. Knight, 2014-08-11 This three volume reference set explores the history relevance and significance of pop culture locations in the United States places that have captured the imagination of the American people and reflect the diversity of the nation Pop Culture Places An Encyclopedia of Places in American Popular Culture serves as a resource for high school and college students as well as adult readers that contains more than 350 entries on a broad assortment of popular places in America Covering places from Ellis Island to Fisherman's Wharf the entries reflect the tremendous variety of sites historical and modern emphasizing the immense diversity and historical development of our nation Readers will gain an appreciation of the historical social and cultural impact of each location and better understand how America has come to be a nation and evolved culturally through the lens of popular places Approximately 200 sidebars serve to highlight interesting facts while images throughout the book depict the places described in the text Each entry supplies a brief bibliography that directs students to print and electronic sources of additional

information Social Class Annette Lareau, Dalton Conley, 2008-07-10 Class differences permeate the neighborhoods classrooms and workplaces where we lead our daily lives But little is known about how class really works and its importance is often downplayed or denied In this important new volume leading sociologists systematically examine how social class operates in the United States today Social Class argues against the view that we are becoming a classless society The authors show instead the decisive ways social class matters from how long people live to how they raise their children to how they vote The distinguished contributors to Social Class examine how class works in a variety of domains including politics health education gender and the family Michael Hout shows that class membership remains an integral part of identity in the U S in two large national surveys over 97 percent of Americans when prompted identify themselves with a particular class Dalton Conley identifies an intangible but crucial source of class difference that he calls the opportunity horizon children form aspirations based on what they have seen is possible The best predictor of earning a college degree isn t race income or even parental occupation it is rather the level of education that one s parents achieved Annette Lareau and Elliot Weininger find that parental involvement in the college application process which significantly contributes to student success is overwhelmingly a middle class phenomenon David Grusky and Kim Weeden introduce a new model for measuring inequality that allows researchers to assess not just the extent of inequality but also whether it is taking on a more polarized class based form John Goldthorpe and Michelle Jackson examine the academic careers of students in three social classes and find that poorly performing students from high status families do much better in many instances than talented students from less advantaged families Erik Olin Wright critically assesses the emphasis on individual life chances in many studies of class and calls for a more structural conception of class In an epilogue journalists Ray Suarez Janny Scott and Roger Hodge reflect on the media s failure to report hardening class lines in the United States even when images on the nightly news such as those involving health crime or immigration are profoundly shaped by issues of class Until now class scholarship has been highly specialized with researchers working on only one part of a larger puzzle Social Class gathers the most current research in one volume and persuasively illustrates that class remains a powerful force in American society Gangs in America's Communities James C. Howell, Elizabeth Griffiths, 2018-02-08 Gangs in America s Communities is one of the most comprehensive treatments of gangs in the marketplace I highly recommend its adoption as you will not be disappointed and most importantly neither will your students Elvira White Lewis Texas A M University Commerce Gangs in America s Communities Third Edition blends theory with current research to help readers identify essential features associated with youth violence and gangs as well as apply strategies for gang control and prevention Authors Dr James C Howell and Dr Elizabeth Griffiths introduce readers to theories of gang formation illustrate various ways of defining and classifying gangs and discuss national trends in gang presence and gang related violence across American cities They also offer evidence based strategies for positioning communities to prevent intervene and address gang activity New to the Third Edition A

series of new case studies document the evolution of numerous gangs in large cities including the community aspect evolutionary nature and how cities influence levels of violence New discussions highlighting the role of social media insights into how gangs use it to recruit members and the response from law enforcement Current nationwide gang trends are discussed to encourage readers to analyze and interpret the most recent statistics for which representative data is available Updated macro and micro gang theories enable readers to explore a recent encapsulation of leading developmental models New discussions around female gang members offer readers potentially effective programs for discouraging females from joining gangs along with highly regarded delinquency prevention and reduction programs that have the potency to be effective in reducing gang crimes among young women A comprehensive gang prevention intervention and suppression program in Multnomah County Oregon shows how theory was successfully applied to reduce gang activity in a local community New research on gang structures and their rates of crime illustrate the connections between violent crimes and the amount of violent offenders within a gang Additional discussion of distinguishing features e g typologies of major gangs and numerous examples of gang symbols tattoos and graffiti has been added to help readers identify and differentiate various types of gangs

The Oxford Handbook of the Social Science of Poverty David Brady,Linda Burton,2016 The Oxford Handbook of the Social Science of Poverty builds a common scholarly ground in the study of poverty by bringing together an international inter disciplinary group of scholars to provide their perspectives on the issue Contributors engage in discussions about the leading theories and conceptual debates regarding poverty the most salient topics in poverty research and the far reaching consequences of poverty on the individual and societal level

[The Oxford Handbook of Empirical Legal Research](#) Peter Cane,Herbert Kritzer,2012-05-17 The empirical study of law legal systems and legal institutions is widely viewed as one of the most exciting and important intellectual developments in the modern history of legal research Motivated by a conviction that legal phenomena can and should be understood not only in normative terms but also as social practices of political economic and ethical significance empirical legal researchers have used quantitative and qualitative methods to illuminate many aspects of law s meaning operation and impact In the 43 chapters of *The Oxford Handbook of Empirical Legal Research* leading scholars provide accessible and original discussions of the history aims and methods of empirical research about law as well as its achievements and potential The Handbook has three parts The first deals with the development and institutional context of empirical legal research The second and largest part consists of critical accounts of empirical research on many aspects of the legal world on criminal law civil law public law regulatory law and international law on lawyers judicial institutions legal procedures and evidence and on legal pluralism and the public understanding of law The third part introduces readers to the methods of empirical research and its place in the law school curriculum
