**The Great Movies IV** Roger Ebert, 2020-03-04 Essays from the influential and beloved film critic No one has done as much as Ebert to connect the creators of movies with their consumers Richard Corliss Time Over more than four decades Roger Ebert built a reputation writing reviews for the Chicago Sun Times and later arguing onscreen with rival Chicago Tribune critic Gene Siskel and later Richard Roeper about the movies they loved and loathed But Ebert's wisdom went well beyond a mere thumbs up or thumbs down The Great Movies IV is the fourth and final collection of Roger Ebert's essays comprising sixty two reviews of films ranging from the silent era to the recent past From films like The Cabinet of Caligari and Viridiana that have been considered canonical for decades to movies only recently recognized as masterpieces to Superman The Big Lebowski and Pink Floyd The Wall the pieces gathered here demonstrate the critical acumen seen in Ebert's daily reviews and the more reflective and wide ranging considerations that the longer format allowed him to offer Also included are an insightful foreword by film critic Matt Zoller Seitz editor in chief of the official Roger Ebert website and a touching introduction by Chaz Ebert A fitting capstone to a truly remarkable career The Great Movies IV will introduce newcomers to some of the most exceptional movies ever made while revealing new insights to connoisseurs **Patrice Leconte** Lisa Downing, 2004 Lisa Downing's comprehensive study of the films of Patrice Leconte traces lines of continuity and revision through a body of apparently disparate films whose messages often appear both contradictory and controversial Pursuing a close reading of the recurrent themes styles intertexts and techniques which structure Leconte's filmmaking Downing re evaluates Leconte's status as an enigmatic artist offering complex and paradoxical commentary on contemporary questions of sexuality ethics and identity This book is the first full length critical work in English on Leconte's cinema It provides essential reading for both enthusiasts of French cinema and for those fascinated by the relationship between popular culture and theory **The Off-Hollywood Film Guide** Tom Wiener, 2002-08-13 The Off Hollywood Film Guide cuts through the clutter of the thousands of films currently available on video and DVD by specifically catering to independent and

**The Psychology of Beauty** Ellen Sinkman,2012-12-14 Beauty is often an invisible yet potent presence in clinical work The Psychology of Beauty Creation of a Beautiful Self by Ellen Sinkman LCSW addresses the vital importance of beauty its sources and manifestations in everyone s lives including psychotherapy patients The ability to be mesmerizingly beautiful and beautifully creative strivings toward mastering beauty and wishes to be transformed are universal desires During psychotherapy patients manifest or defend against these forces So it is striking that patients as well as therapists often overlook or dismiss issues about creating beauty in themselves The book introduces this seeming contradiction with the ancient myth of Pygmalion and his sculpture of a beautiful woman These enduring mythic figures represent the wish to emerge as a beautiful being and the wish for the power to create beauty in another Patients in psychotherapy often pursue these elusive goals outside clinical work rather than within treatment Manifold venues enticingly promise reinvention These activities may involve plastic surgery beauty salon make overs diet gurus elocution coaches tattooing and athletic training Seekers of beauty engage with people whom they see as agents offering them ravishing physical or charismatic attractiveness Psychotherapists may or may not be among agents seen as having the power to transform The quest for beauty is widespread and in many instances non pathological Sinkman looks at multiple avenues of understanding and appreciation of efforts toward beauty including artistic creativity and political activities However there is a spectrum of investment in creating beauty Pursuing beauty can become pathological Therapists need to watch out for its appearance outside the psychoanalytic arena Such material can be missed when the analyst falls into counter transference difficulties such as feeling invested in transforming the patient identifying with the patient s narcissistic injuries and or needs to compete or enacting battles with the patient Such difficulties interfere with attunement to patients experiences The Psychology of Beauty considers definitions of beauty gender identity themes and origins of beauty in the mother infant relationship It investigates ugliness sadomasochistic beauty pursuits evolutionary factors and aspects of aging The book

highlights emerging clinical material which has yet to gain notice and suggests what analysts may be missing and why
