Skin Tight23:

Complete Funk Drumming Book Jim Payne, 2011-02-09 This is the most complete presentation of today's popular funk drumming style available. This book takes you from the very roots of rock and rhythm n blues drumming to the highly complex multidirectional funk styles of today. He also details certain subtleties heretofore only a seasoned veteran would understand. While most drum instruction books concentrate on developing technique, reading ability, or independent coordination, this unique book accurately documents what is hip in rock n roll drumming today. The contents are geared to prepare the student for survival in a live playing situation. The book is a valid representation of what people want to hear from a drummer in a working situation, live or in the studio. It contains exercises drawn from many different influences covering coordination, rhythms, patterns, and phrasing.

Body Contouring and Sculpting Nikolay Serdev, 2016-12-14 Over the past decades, surgical techniques have greatly progressed to improve and correct appearance. They are artistic procedures to give the highly demanded proportions. The growing public interest in aesthetic and plastic surgery interventions, such as body contouring and sculpting, requires clear description and differentiation of these highly sophisticated techniques, their results, and combinations, as well as scientific information about the different instrumentation devices and materials used. Such clarification will be hugely beneficial both for patients and doctors, having in mind the increasing number of such interventions and progressing interest for a better and healthy living, including improved appearance in society. The book adds some scientific news to the understanding of body contouring treatments. Currently, the request for atraumatic, short downtime procedures predominates and demonstrates the importance of hi-tech and safe liposculpture and fat transfer, although they cannot totally replace surgical excision methods.

The New Complete Dog Book, 23rd Edition American Kennel Club, 2023-11-28 The American Kennel Club (AKC) is known for having the first and last word as the official source for all things dog-related.
