Working in Hawaii Edward D. Beechert,1985-01-01 This comprehensive overview of Hawaiian history focuses on the common laborer s working conditions and quality of life In *Working in Hawaii* Edward D Beechert traced an evolution in the economic environment that progressed from the ancient Hawaiian communal society based on subsistence agriculture to the complex capitalistic economy of the present The book concentrates on the last 200 years when the most rapid and profound changes in the working environment occurred The Europeans and the Americans brought with them tools weapons diseases alcohol religion and money the trappings of an antithetical culture that was to change Hawaii forever Rich land good weather an abundant labor force and an exclusive American market appealed to enterprising investors To support their ambitions to turn a Hawaiian society based on a subsistence economy into a Western industrial one based on plantation agriculture entrepreneurs introduced the concept of private property They supported it with a Western legal system Foreign labor was imported from Asia when the dwindling Hawaiian population could no longer meet the plantations growing need for a constant supply of cheap labor Beechert maintains that the workers far from being victims of this economic transition took advantage of the growing employment opportunities and made significant contributions to the development of the Hawaiian economy notably the sugar industry As the Island economy progressed the laborers confronted conditions unlike those of agricultural workers elsewhere They worked under three distinct forms of government that served a monarchy a republic and a colonial territory Their status ranged from that of indentured penal contract laborers to that of free wage laborers protected by the U S Constitution The struggle for dignity as important to the workers as the battle for decent

wages and working conditions was long and discouraging but ultimately successful to a degree unmatched in the sugar producing world To put the history of labor in the Hawaiian islands in an expanded historical perspective the author discusses a record of labor legislation law enforcement and public policy concerning labor as well as details on how workers organized and formed modern unions By consulting a wide range of documentary sources including plantation records business memoranda union files legislation labor contracts court documents newspaper items and public speeches Beechert has made this the most complete history of labor in Hawaii to date Scholars and students of labor history sociological change and Hawaiiana should also appreciate the extensive bibliography Dust jacket **Mexican and Mexican-American**

Agricultural Labor in the United States Martin Howard Sable, 1987 Endangered Dreams Kevin Starr, 1996-01-11 In *Endangered Dreams* Kevin Starr paints a portrait that is both detailed and panoramic offering a vivid look at the personalities and events that shaped a decade of explosive tension He begins with the rise of radicalism on the Pacific Coast which erupted when the Great Depression swept over California in the 1930s Starr captures the triumphs and tumult of the great agricultural strikes in the Imperial Valley the San Joaquin Valley Stockton and Salinas identifying the crucial role played by Communist organizers The highpoint of social conflict however was 1934 the year of the coastwide maritime strike and here Starr's narrative talents are at their best as he brings to life the astonishing general strike that took control of San Francisco And yet the Depression also brought out the finest in Californians state Democrats fought for a local New Deal California natives helped care for more than a million impoverished migrants through public and private programs artists movingly documented the impact of the Depression and an unprecedented program of public works capped by the Golden Gate Bridge made the California we know today possible In capturing the powerful forces that swept the state during the 1930s Starr weaves an insightful analysis into his narrative fabric Out of a shattered decade of economic and social dislocation he constructs a coherent whole and a mirror for understanding our own time
