African Migrants, European Borders, and the Problem with Humanitarianism P. Khalil Saucier, Tryon P. Woods, 2024-06-10 *African Migrants European Borders and the Problem with Humanitarianism* presents a probing examination of the contemporary migrant crisis in the Mediterranean Basin By centering our analysis on how racial slavery has shaped European democratic culture its abolitionist traditions and the global structures of capital accumulation P Khalil Saucier and Tryon P Woods reveal

and confront how contemporary discourse on the migrant crisis displaces Black sovereign mobility Their inquiry into the modern world s culture of politics investigates freedom of movement discourse s ostensible confrontation with border policing the memorializing of Black migrant deaths by artists and advocates and the visual imagery of a cosmopolitan and multicultural Europe as conceived by filmmakers in response to the migrant crisis as variants of a slaveholding culture instantiated in the early Mediterranean and Atlantic worlds This analysis allows the authors to formulate a new critical framework for analysis of both the problems of contemporary migration and borders and the leading prescriptions on offer from analysts advocates and policy makers in order to develop alternate ways of conceptualizing global society **Bloody**

African Heritage and Memories of Slavery in Brazil and the South Atlantic World Ana Lucia Araujo,2015-02-06 This book explores the history of African tangible and intangible heritages and its links with the public memory of slavery in Brazil and Angola The two countries are deeply connected given how most enslaved Africans forcibly brought to Brazil during the era of the Atlantic slave trade were from West Central Africa Brazil imported the largest number of enslaved Africans during the Atlantic slave trade and was the last country in the western hemisphere to abolish slavery in 1888 Today other than Nigeria the largest population of African descent is in Brazil Yet it was only in the last twenty years that Brazil s African heritage and its slave past have gained greater visibility Prior to this Brazil s African heritage and its slave past were completely neglected This is the first book in English to focus on African heritage and public memory of slavery in Brazil and Angola This interdisciplinary study examines visual images dance music oral accounts museum exhibitions artifacts

monuments festivals and others forms of commemoration to illuminate the social and cultural dynamics that over the last twenty years have propelled or prevented the visibility of African heritage and its Atlantic slave trade legacy in the South Atlantic region The book makes a very important contribution to the understanding of the place of African heritage and slavery in the official history and public memory of Brazil and Angola topics that remain understudied The study s focus on the South Atlantic world a zone which is sparsely covered in the scholarly corpus on Atlantic history will further research on other post slave societies African Heritage and Memories of Slavery in Brazil and the South Atlantic World is an important book for African studies and Latin American studies It is especially valuable for African Diaspora studies African history Atlantic history history of Brazil history of slavery and Caribbean history Slavery, Abolitionism and Empire in India, 1772-1843 Andrea Major,2012-01-01 In Slavery Abolitionism and Empire in India 1772 1843 Andrea Major asks why at a time when the East India Company s expansion in India British abolitionism and the missionary movement were all at their height was the existence of slavery in India so often ignored denied or excused By exploring Britain s ambivalent relationship with both real and imagined slaveries in India and the official evangelical and popular discourses that surrounded them she seeks to uncover the various political economic and ideological agendas that allowed East Indian slavery to be represented as qualitatively different from its transatlantic counterpart **The British Abroad Since the Eighteenth Century, Volume 2** Xavier Guégan,2013-11-19 This is a collection of twelve interdisciplinary essays from international scholars concerned with examining the British experience of Empire since the eighteenth century It considers themes such as national identity modernity culture social class diplomacy consumerism gender postcolonialism and perceptions of Britain s place in the world
