Folktales Retold Amie A. Dougherty, 2015-03-14 Folktales and fairy tales are living stories as part of the oral tradition they change and evolve as they are retold from generation to generation In the last thirty years however revision has become an art form of its own with tales intentionally revised to achieve humorous effect send political messages add different cultural or regional elements try out new narrative voices and more These revisions take all forms from short stories to novel length narratives to poems plays musicals films and advertisements The resulting tales paint the tales from myriad perspectives using the broad palette of human creativity This study examines folktale revisions from many angles drawing on examples primarily from revisions of Western European traditional tales such as those of the Grimm Brothers and Charles Perrault Also discussed are new folktales that combine traditional storylines with commentary on modern life The conclusion considers how revisionists poke fun at and struggle to understand stories that sometimes made little sense to start with **How to Fracture a Fairy Tale** Jane Yolen, 2018-11-05 This collection is Jane Yolen at her best This is magic Patricia C Wrede author of the Enchanted Forest Chronicles Fantasy icon Jane Yolen The Devil's Arithmetic Briar Rose Sister Emily's Lightship is adored by generations of readers of all ages Now she triumphantly returns with this inspired gathering of fractured fairy tales and legends Yolen breaks open the classics to reveal their crystalline secrets a philosophical bridge that misses its troll a spinner of straw as a falsely accused moneylender the villainous wolf adjusting poorly to retirement Each of these offerings features a new author note and original poem illuminating tales that are old new and brilliantly refined *The Chevalier Alain de Triton* Grace Elizabeth King, 1891 **Critical and Creative Perspectives on Fairy Tales** Vanessa Joosen, 2011 An intertextual approach to fairy tale criticism and fairy tale retellings Marcia K Lieberman's Some day my prince will come Bruno Bettelheim's The uses of enchantment Sandra M Gilbert and Susan Gubar's The madwoman in the attic **The Dark Triad** Steve Madison, The world is not ruled by wise and benevolent people The opposite is true Humanity is ruled by the psychopathic the narcissistic and the Machiavellian the malevolent Dark Triad For humanity to progress it needs to learn how to beat these people how to identify them early and stop them getting to the top The Dark Triad types are always entropic and extreme individualists they are all consumingly selfish and care exclusively about themselves We need to get the

Light Triad to the top the Compassionate and Empathic the opposite of psychopaths the Altruistic those who care about others hence aren't self-obsessed like the narcissists and the Philosopher Kings and Queens the opposite of the Machiavellians who are Sophists who only ever calculate what is personally advantageous to them Plato in the Republic set out how to avoid the Dark Triad from ever reaching power In his system only the wisest were allowed to lead No nation in history has ever implemented Plato's supremely enlightened and progressive ideas Funny that
