Slopes To The River Poems:

Slopes to the River Beth Ann Bassein, 1996-01-01 Laughter nostalgia and terror permeate these poems about family growing up coping in the public arena and surviving catastrophe Subjects range from whales and skulls to beggars students a sick chicken whiskey and Saint Theresa **The Complete Poems of Rabindranath Tagore's Gitanjali** S K Paul, 2006

The Humblest Sparrow Michael Roberts, 2009-04-29 In *The Humblest Sparrow* Michael Roberts illuminates the poetry of the sixth century bishop and poet Venantius Fortunatus Often regarded as an important transitional figure Fortunatus wrote poetry that is seen to bridge the late classical and earlier medieval periods Written in Latin his poems combined the influences of classical Latin poets with a medieval tone giving him a special place in literary history Yet while interest has been growing in the early Merovingian period and while the writing of Fortunatus patron Gregory of Tours has been well studied Fortunatus himself has often been neglected This neglect is remedied by this in depth study which will appeal to scholars of late antique early Christian and medieval Latin poetry Roberts divides Fortunatus poetry into three main groups poetry of praise hagiographical poetry and personal poetry In addition to providing a general survey Roberts discusses in detail many individual poems and proposes a number of theses on the nature function relation to social and linguistic context and survival of Fortunatus poetry as well as the image of the poet created by his work Jacket illustration L Alma Tadema Venantius Fortunatus Reading his Poems to Radegonda VI AD 555 Courtesy of Dordrecht Dordrechts Museum *The Road to East Slope* Michael Anthony Fuller, 1990 Su Shi 1037 1101 is the greatest poet of the Song Dynasty a man whose writings and image defined some of the enduring central themes of the Chinese cultural tradition Su Shi was not only the best poet of his time he was also a government official a major prose stylist a noted calligrapher an avid herbalist a dabbler in alchemy and a broadly learned scholar The author shows how this complex personality was embodied in Su Shi's work and traces the evolution of his poems from juvenilia to the poems written in exile in Huangzhou where Su settled on a farm at East Slope

Personal recollections. Osric, (a poem) The Rockite. The siege of Derry. Letters from Ireland. Miscellaneous poems Charlotte Elizabeth, 1845 Robert Burns - Nature Poems Robert Burns, 2025-01-02 This enchanting collection of more than 80 poems captures the essence of the natural world as seen through the eyes of Scotland's beloved bard Each chapter explores a different aspect of nature from wild mossy mountains and glens to murmuring streams the sorrowful song of the woodlark and the ever changing seasons Burns's profound appreciation for the landscape of Scotland and its creatures shines through every verse and this collection is a heartfelt love letter to his homeland Whether you're a long time admirer of Burns or discovering his work for the first time *Nature Poems* will transport you to the heart of Scotland's natural splendour Illustrated by local artist The Ink Bothy and compiled by Scottish resident and poet Robert Tuesley Anderson this is a collection to treasure **The Late Poems of Wang An-Shih** Wang An-Shih, 2015-03-19 A selection of poems by the ancient Chinese poet and statesman Wang An Shih translated by David Hinton Wang An shih 1021 1086 C E was a remarkable figure

not only one of the great Sung Dynasty poets but also the most influential and controversial statesman of his time Although Wang had little interest in the grandeur of high office and political power he took the responsibility of serving the people seriously He rose to become prime minister and in this position he instituted a controversial system of radically egalitarian social reforms to improve the lives of China's peasants Once those reforms were securely in place Wang retired to a reclusive life of artistic and spiritual self cultivation It was after his retirement practicing Chan Zen Buddhism and wandering the mountains around his home that Wang An-shih wrote the poems that made his reputation Short and plainspoken these late poems contain profound multitudes the passing of time rivers and mountains silence and Buddhist emptiness They won him wide acclaim in China and beyond across the centuries And in Hinton's breathtaking translations Wang feels like a major contemporary poet with deep ecological insight and a questioning spirit

The Mountain Poems of Meng Hao-Jan Meng Hao-Jan, 2012-08-01 The first full flowering of Chinese poetry occurred in the illustrious Tang Dynasty and at the beginning of this renaissance stands Meng Hao-Jan 689-740 c.e. esteemed elder to a long line of China's greatest poets Deeply influenced by Chan Zen Buddhism Meng was the first to make poetry from the Chan insight that deep understanding lies beyond words The result was a strikingly distilled language that opened new inner depths non-verbal insights and outright enigma This made Meng Hao-Jan China's first master of the short imagistic landscape poem that came to typify ancient Chinese poetry And as a lifelong intimacy with mountains dominates Meng's work such innovative poetics made him a preeminent figure in the wilderness literally rivers and mountains tradition and that tradition is the very heart of Chinese poetry This is the first English translation devoted to the work of Meng Hao-Jan Meng's poetic descendents revered the wisdom he cultivated as a mountain recluse and now we too can witness the sagacity they considered almost indistinguishable from that of rivers and mountains themselves

A River's Journey to the Sea Jacqueline Namfua, 2003 *A River's Journey to the Sea* is a compilation of poems expressing the poet's thoughts feelings and experiences as she journeys through life A compelling and moving journey of the mind This compilation of poems takes us through a journey of love and lust despair and hope A truly magnificent collection of poems Sarah J Greg from Miami FL Inspiring Surreal You ever had such deep strong feelings about something but didn't know how to express them or share them with that special one You ever had such deep feelings which made you think it was somehow bad to be feeling them And then sometimes we go to places in our heads and think things that are so pure and just normal to feel Jacqueline's poems feel like my own life they touched me in a way that was so surreal Her poems have opened up a new path to new adventures of where the mind can go We are free souls let us fly and not fear Well done Jacqueline who would have ever thought feeling this way was humanely possible and so inspirational as well as uplifting A reviewer from Toronto Canada An Innocence Stolen was the most powerful piece I read It is so horrific and truthful I think a lot of people can relate to this and I like the end when God is questioned I think when something bad like this happens in a person's life we wonder why me It is painful to read but a message like this

needs to be heard Sunshine gives people hope and it is light and fresh and is just a feel good piece A Celebration Of You is about happiness and love to me It is about being in love and the beauty of life that goes along with it If My Heart Could Speak is also about love and happiness It is short sweet and to the point Lost Souls is a powerful piece about the neglect indifferent world we live in today Kim Berg LA California *The Top of the Continent* Robert Sterling Yard,1917 **A revised text of the poems of Vergil** Virgil, Henry Simmons Frieze, 1883 Concordance to the Works of Alfred Tennyson Poet Laureate Alfred Tennyson Baron Tennyson, 1870 A Court on Horseback Michael G Chang, 2020-03-23 Between 1751 and 1784 the Qianlong emperor embarked upon six southern tours traveling from Beijing to Jiangnan and back These tours were exercises in political theater that took the Manchu emperor through one of the Qing empire's most prosperous regions This study elucidates the tensions and the constant negotiations characterizing the relationship between the imperial center and Jiangnan which straddled the two key provinces of Jiangsu and Zhejiang Politically economically and culturally Jiangnan was the undisputed center of the Han Chinese world it also remained a bastion of Ming loyalism and anti Manchu sentiment How did the Qing court constitute its authority and legitimate its domination over this pivotal region What were the precise terms and historical dynamics of Qing rule over China proper during the long eighteenth century In the course of addressing such questions this study also explores the political culture within and through which High Qing rule was constituted and contested by a range of actors all of whom operated within socially and historically structured contexts The author argues that the southern tours occupied a central place in the historical formation of Qing rule during a period of momentous change affecting all strata of the eighteenth century polity A List of Eighty-seven Poets Representing American Verse from 1900 to 1919 Poetry Society of America, 1919 **Yeats's Poems** W. B. Yeats, 1989-10-19 Here in one volume is the entire canon of Yeats's verse who was awarded the Nobel Prize for Literature in 1923 He was a poet and playwright storyteller and visionary The author also wrote Yeats Man and Poet **Genesis, Structure, and Meaning in Gary Snyder's Mountains and Rivers Without End** Anthony Hunt, 2016-12-20 When Gary Snyder's long poem Mountains and Rivers Without End was published in 1996 it was hailed as a masterpiece of American poetry Anthony Hunt offers a detailed historical and explicative analysis of this complex work using among his many sources Snyder's personal papers letters and interviews Hunt traces the work's origins as well as some of the sources of its themes and structure including N drama East Asian landscape painting the rhythms of storytelling chant and song Jungian archetypal psychology world mythology Buddhist philosophy and ritual Native American traditions and planetary geology hydrology and ecology His analysis addresses the poem not merely by its content but through the structure of individual lines and the arrangement of the parts examining the personal and cultural influences on Snyder's work Hunt's benchmark study will be rewarding reading for anyone who enjoys the contemplation of Snyder's artistry and ideas and more generally for those who are intrigued by the cultural and intellectual workings of artistic composition Select Poems of Coleridge, Wordsworth, Campbell, Longfellow

Frederick Henry Sykes, 1895 *Tennyson's Poems* R. H. Winnick, 2019-04-18 In *Tennyson's Poems New Textual Parallels* R. H. Winnick identifies more than a thousand previously unknown instances in which Tennyson phrases of two or three to as many as several words are similar or identical to those occurring in prior works by other hands discoveries aided by the proliferation of digitized texts and the related development of powerful search tools over the three decades since the most recent major edition of Tennyson's poems was published Each of these instances may be deemed an allusion meant to be recognized as such and pointing for definable purposes to a particular antecedent text an echo conscious or not deliberate or not meant to be noticed or not meaningful or not or merely accidental Unless accidental Winnick writes these new textual parallels significantly expand our knowledge both of Tennyson's reading and of his thematic intentions and artistic technique Coupled with the thousand plus textual parallels previously reported by Christopher Ricks and other scholars he says they suggest that a fundamental and lifelong aspect of Tennyson's art was his habit of echoing any work ancient or modern which had the potential to enhance the resonance or deepen the meaning of his poems The new textual parallels Winnick has identified point most often to the King James Bible and to such canonical authors as Shakespeare Milton Dryden Pope Thomson Cowper Shelley Byron and Wordsworth But they also point to many authors rarely if ever previously cited in Tennyson editions and studies including Michael Drayton Richard Blackmore Isaac Watts Erasmus Darwin John Ogilvie Anna Letitia Barbauld Letitia Elizabeth Landon John Wilson and with surprising frequency Felicia Hemans *Tennyson's Poems New Textual Parallels* is thus a major new resource for Tennyson scholars and students an indispensable adjunct to the 1987 edition of Tennyson's complete poems edited by Christopher Ricks **A Waka Anthology, Volume Two** Edwin A. Cranston, 1993 This text is the second of four volumes that will follow the story of waka the classical tradition of Japanese poetry from its beginnings in ancient song to the 16th century Classical World Literatures Wiebke Denecke, 2013-11-25 Ever since Karl Jaspers's axial age paradigm there have been a number of influential studies comparing ancient East Asian and Greco Roman history and culture However to date there has been no comparative study involving multiple literary traditions in these cultural spheres This book compares the dynamics between the younger literary cultures of Japan and Rome and the literatures of their venerable predecessors China and Greece How were writers of the younger cultures of Rome and Japan affected by the presence of an older reference culture whose sophistication they admired even as they anxiously strove to assert their own distinctive identity How did they tackle the challenge of adopting the reference culture's literary genres rhetorical refinement and conceptual vocabulary for writing texts in different languages and within distinct political and cultural contexts *Classical World Literatures* captures the striking similarities between the ways early Japanese authors wrote their own literature through and against the literary precedents of China and the ways Latin writers engaged and contested Greek precedents But it also brings to light suggestive divergences that are rooted in geopolitical linguistic sociohistorical and aesthetic differences between early Japanese and Roman literary cultures Proposing a methodology of

deep comparison for the cross cultural comparison of premodern literary cultures and calling for an expansion of world literature debates into the ancient and medieval worlds *Classical World Literatures* is both a theoretical intervention and an invitation to read and re read four major literary traditions in an innovative and illuminating light
