Small Antique Silverware:

Small Antique Silverware George Bernard Hughes, 1957 Silver in England Philippa Glanville, 2013-11-05 First Published in 2005 Silver is unique among the decorative arts in that its raw material is both inherently valuable and infinitely reusable Its ownership has been a social benchmark and its form has exercised the skills of sculptors designers chasers and engravers but ultimately it could be and normally was melted down and refashioned quite without sentiment Because of this constant recycling the survival of any individual object is quite random and unrelated to its uniqueness or otherwise in its period Hitherto plate historians have focused on individual objects almost to the exclusion of the context social or economic from which they came but now that context is seen as crucial in understanding historic plate So in the first section of this book each chapter considers contemporary attitudes and usage **The Robert and Meredith Green Collection of Silver Nutmeg Graters** John D. Davis, 2002 Silver Nutmeg Graters which showcases 125 examples from the Robert and Meredith Green collection enables scholars students and collectors to appreciate an exquisite collection of decorative arts objects The graters range from a seventeenth century example of lute design to one recently made by a former Colonial Williamsburg silversmith *Auction catalogues of books* Puttick and Simpson (messrs.), 1846 **English, Irish, & Scottish Silver at the Sterling and Francine Clark Art Institute** Sterling and Francine Clark Art Institute, Beth Carver Wees, 1997 In this stunning catalog Wees curator of decorative arts at the Clark Art Institute shares her extensive knowledge of silver Robert Sterling Clark who established the Art Institute in 1955 preferred Huguenot silver especially that of Paul de Lamerie so his collection which contains typical objects from the early 16th to the mid 20th centuries is especially rich in 18th century examples Wees arranges this collection according to general function Dining Lighting etc and prefaces each chapter with exhaustively footnoted essays She accompanies each item with crisp black and white photographs a wealth of description and helpful commentary Analogous to Kathryn Buhler's standard catalog of American silver in Boston's Museum of Fine Arts this is a wonderful tool for researching makers and hallmarks comparing stylistic elements or just marveling at the beauty of an extraordinary collection While not intended to be a historical compendium this informative visual feast belongs in all silver reference collections and will also certainly appeal to individual collectors 19 colour 1 222 b w illustrations *The Pleasures and Treasures of Britain* David Kemp, 1992-01-12 Is a famous queen of Britain really buried beneath platform 10 at King's Cross station in London What is the telephone number of the National Theatre what is the best place to eat in Worcester Where is the National Bagpipe Museum Hint not in Scotland Was Pontius Pilate born in Pitlochry The answers to these questions and literally thousands more are to be found in David Kemp's fascinating guidebook *The Pleasures and Treasures of Britain* Nowhere else will the discerning traveller find so much diverse and essential information about British culture gathered together in one volume With the author as your witty and knowledgeable guide take a tour through nearly fifty cities from Penzance to Perth from London to Cardiff and Belfast Each city section begins with a concise readable history and
