The Smart Woman's Guide to Interviewing and Salary

Negotiation Julie Adair King, 1995 The Smart Women's Guide to Interviewing and Salary Negotiation walks the reader through the resume creating process step by step. It also addresses other key career issues of interest to women including breaking through the glass ceiling, gender barriers, commanding a fair salary, and more. Women's Studies Linda

Krikos, Cindy Ingold, 2004-08-30 This truly monumental work maps the literature of women's studies covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999. Intended as a reference and collection development tool, this bibliography provides a guide for women's studies information for each title along with a detailed, often evaluative review. The annotations summarize each work's content, its importance or contribution to women's studies, and its relationship to other titles on the subject. Core titles and titles that are out of print are noted, and reviews indicate which titles are appropriate as texts or supplemental texts. This definitive guide to the literature of women's studies is a must purchase for academic libraries that support women's studies programs, and it is a useful addition to any academic or public library that endeavors to represent the field. A team of subject specialists has taken on the immense task of documenting publications in the area of women's studies in the last decades of the 20th century. The result is this truly monumental work which maps the field covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999. Intended as a reference and collection development tool, this bibliography provides a guide for women's studies information for each title along with a detailed, often evaluative review. The annotations summarize each work's content, its importance or contribution to women's studies, and its relationship to other titles on the subject. Most reviews cite and describe similar and contrasting titles, substantially extending the coverage. Core titles and titles that are out of print are noted, and reviews indicate which titles are appropriate as texts or supplemental texts. Taking up where the previous volume by Loeb, Searing, and Stineman left off, this is the definitive guide to the literature of women's studies. It is a must purchase for academic libraries that support women's studies programs, and a welcome addition to any academic or public library that endeavors to represent the field. Networking for Novices Susan Shelly, 1998 It's a fact: Those you meet, whether formally or socially, are sources of information and inspiration you can call on. Networking for Novices is your guide to cultivating your network and shows you how to maintain your list of contacts, stay on top of the latest developments in your field, and use both social and business events to your networking advantage. Women in Management Marilyn J. Davidson, Ronald J.

Burke, 2000-01-28 Following on from the successful Women in Management: Current Research Issues, this volume provides an up-to-date and comprehensive overview of current international research findings pertaining to women in management, reflecting recent global changes and issues. Like its predecessor, this volume brings together an international group of eminent academics who review the major contemporary issues facing women in management, as well as the individual, organizational, and governmental consequences of these changes.
