Smoke And Mirrors The Magical World Of Chemical Dependency:

Smoke and Mirrors Dorothy Marie England,1995-11-15 In this deceptively simple little book Ms England has made accessible for both professionals and the general public the theory linking neurochemical science to the behaviors and relational patterns observed in persons with addictions and those who love them As a professional working with families ravaged by addiction and as a member of Al Anon seeking to grow and be a good steward of the life experiences that are mine I am challenged by this book to seek ways to apply its techniques with clients and my own life Ms England s book reminds me in the particularly memorable way of any good story that there is both danger and delight in this activity of living
