*New York Magazine*, 1986-04-28 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

**Lung Cancer Screening** Gregory C. Kane, Julie A. Barta, Ronald E. Myers, Nathaniel R. Evans III, 2023-08-24 This book is a comprehensive guide to lung cancer screening for clinicians healthcare systems community leaders and public health officials with the hope of creating a more equitable landscape in both lung cancer screening and lung cancer related outcomes at local state and national levels Authors take a new approach to primary and secondary lung cancer prevention that is in the early stages of adoption in the United States The last decade ushered in recognition of screening as an effective intervention but unfortunately despite the wide acceptance of the importance of this new screening modality nationally not more than 5% of eligible subjects have undergone screening to date in the United States although in some states uptake has reached as high as 16% As is common with any new preventive cancer screening racial and socioeconomic disparities emerge in utilization stage at diagnosis and mortality Over time these disparities decline but consequential differences endure Therefore it is critical to establish equitable screening practices The true measure of the effectiveness of any lung cancer screening program needs to be viewed through the lens of its impact on populations including those most affected by the morbidity and mortality of smoking related illness and lung cancer As such this book emphasizes a number of important public health topics including community outreach to vulnerable populations social justice issues addressing stigma and fatalism in the general community and the use of geocoding to assess a program s impact at a population level This book weaves traditional topics related to lung cancer screening such as promoting initial and repeat screening interpreting Lung RADs and managing the follow up of findings into the population perspective in order to present a unified comprehensive approach to the subject Further it serves as a guide that health systems health care professionals community leaders and other stakeholders can use to achieve the promise of lung cancer screening
