decides is what will provide the meaningful life she's been searching for and knows she deserves. She joins Taj's crew and is drawn into his grand experimental film project. But making art is hard and microwaving pouch foods is easy. Soon enough Anna finds herself distracted by myriad other quests remembering to ask Leslie, "How are you reducing her intake of caloric drinks and parrying her mother's insistence that she attend hairdressing school?" But when Anna's twenty-seven-year-old roommate, a perpetual intern named Brie, announces her pregnancy, it forces Anna to confront reality, setting off a chain of events that lead to a horrifying climax of betrayal.
