In 1995 he was awarded an honorary doctorate for his work in Religious Tolerance and for the creation of TurningPoint, a program providing alternative healthcare for low income individuals. **Yom Kippur**

as Manifest in an Approaching Dorsal Fin Adam Byrn Tritt, 2013-09 Whatever the Jewish experience might mean to the modern reader, Adam Byrn Tritt's approach is uniquely his own. He is observant in the sense that he carefully observes as you would expect of a man who is at essence a poet. As a self-described Jewitarian Buddhiversalist, he is aware that each tradition illuminates the other. This collection of essays and poems provides us with good talk. Conversation is the highest artform and Mr. Tritt invites us in most kindly with insight, erudition, humor, and compassion. Wayne McNeill, author of *Songbook for Haunted Boys and Girls*. **Yom Kippur as Manifest in an Approaching Dorsal Fin** explores in essays, poems, and creative nonfiction the tension between cultural heritage and contemporary society, between religion and spirituality, between the family you inherit and the family you create. From early morning wrestlings with God to portraits of three remarkably different family funerals, from Kabbalist chants at a pagan bookstore to the humorous *What Do Jews Do on Christmas*, Tritt's writing taps into themes nearly universal in today's world in ways that will resonate with readers of all backgrounds and faiths, or no faith at all. *At the Well of Wyrd* Edred Thorsson, 1988 The author leads you to the holy road that takes you to the depths of you Self so you can communicate directly with a god or the gods and thus realize the hidden meaning of the runes.

The Witches' Runes Dana Corby, 2018-10-25 Learn how to make and use The Witches Runes and hold the unseen in the palm of your hand. This beautiful little book was privately distributed for 25 years and is available to the public for the first time. A traditional divination system that uses symbols from a number of folk and alchemical traditions and has been in use in the U.S. for over half a century. Simple, profound, powerful, and intimate. Ever since I read your article about this system in the Crystal Well back in about 1975, I have made and been using your Runestones and I have great success with them. I have taught classes in the making and reading of the Runestones according to your method. Don Wildgrube, Church of All Worlds.

Runes in Ten Minutes Richard T. Kaser, 2010-10-12 Runic divination is a method that is more than 2,000 years old, yet rune stone sets are available today in New Age stores. For readers who do not have their own rune stones, Kaser shows how to create your own as well as how to substitute Scrabble tiles for traditional runes. From the successful author of *Tarot in Ten Minutes*.

Runes for Beginners Lisa Chamberlain, 2018-05-23 Everything You Need to Know to Begin Working With Runes. The enigmatic nature of the runes is undeniable. In fact, the English word *rune* comes to us from the Norse word *runa*, which means a secret or to whisper. As symbols, the runes mean little to the untrained eye, yet the magical energies they activate can be used for positive, impactful change in your everyday life. But what are runes exactly? On the surface level, runes

are the characters in a writing system used by the ancient Germanic peoples of Europe. But unlike our modern letters, the runic symbols had been used for magical purposes long before they were fashioned into an alphabet. This is known from runic inscriptions found on ancient artifacts as well as Germanic myth and lore handed down over the centuries. Indeed, those who work with the runes today are taking part in an age-old magical tradition established by our Northern European pagan ancestors. In *Runes for Beginners*, best-selling author Lisa Chamberlain shines the light on these ancient symbols, showing you how to discover and utilize their unique magical energies. With both an eye toward tradition and a multicultural spirit, Lisa combines an appreciation for the Germanic roots of the runes with a more eclectic Neopagan approach. Unlike many other books on the topic, *Runes for Beginners* is completely accessible to those with no experience in Northern European magical traditions, yet it doesn't ignore those traditions altogether. You will emerge from this guide with a basic understanding of the runes' role in ancient Germanic paganism as well as a solid foundation of knowledge to build your own runic practice, regardless of your religious or spiritual path.

Foundations in Runic Magic and Divination

The runes represent various aspects of the human experience of the Universe, both tangible and intangible. Each runic symbol embodies a natural force or type of energy which the rune worker can attune to and then manipulate in various ways. Runes can be sent out into the Universe to manifest a magical goal, or they can be used to consult with the unseen realms about a situation at hand. In *Runes for Beginners*, you'll learn all you need to know to start working with runes, including:

- The history of the runes and their role within the framework of the Germanic magical worldview.
- The origins of runic wisdom in Norse mythology.
- An overview of the Elder Futhark, the oldest known runic alphabet and most widely used rune system in contemporary Neopaganism.
- Basic techniques of rune magic, including rune scripts, bind runes, and creating runic talismans.
- How to make your own runes.
- Instructions for traditional rune casting as well as contemporary rune spreads.
- Tips for successful divination.
- The divinatory meanings and magical uses of each rune in the Elder Futhark.
- A suggested reading list for further exploring the runes and the magical and spiritual traditions of the ancient Germanic peoples.
- Detailed tables of correspondence for a handy condensed magical and divinatory guide.

By the end of this guide, you will have a working knowledge of the runes that will enable you to use them with confidence in magic and divination. However, when it comes to truly mastering the runes, the importance of time and practice can't be emphasized enough. Indeed, working with runes can truly become a lifelong journey, but *Runes for Beginners* is an excellent first step along the way.
