Tembang In Two Traditions:

Tembang in Two Traditions Bernard Arps, Ben Arps, 1992 *Tembang in Two Traditions* Bernard Arps, Ben Arps, 1992

Missionaries, Anthropologists, and Music in the Indonesian Archipelago Anna Maria Busse Berger, Henry

Spiller, 2025-03-18 A free ebook version of this title is available through Luminos University of California Press's Open Access publishing program Visit www.luminosoa.org to learn more Although the history of Indonesian music has received much attention from ethnomusicologists and Western composers alike almost nothing has been written on the interaction of missionaries with local culture This study represents the first attempt to concentrate on the musical dimension of missionary activities in Indonesia In fourteen essays a group of distinguished scholars show the complexity of the topic while some missionaries did important scholarship on local music making recordings and attempting to use local music in services others tried to suppress whatever they found Many were collaborating closely with anthropologists who admitted freely that they could not have done their work without them And both parties brought colonial biases into their work By grappling with these realities and records this book is a collective effort to decolonize the project of making music histories

Performance in Java and Bali B. Arps, 2005-06-27 The studies in this book examine traditional performance genres in the Indonesian islands of Java and Bali They cover puppet and human theatre dance sung narrative narrative temple reliefs and vocal and instrumental music span a period of more than a thousand years and range over four cultural complexes Sundanese in western Java Javanese in central and eastern Java Chinese in eastern Java and Balinese in Bali **Unplayed**

Melodies Marc Perlman, 2004-10-25 A long awaited study of musical structure and music cognition using Javanese gamelan and western classical music as the main points of comparison *The Seen and Unseen Worlds in Java, 1726-1749* Merle Calvin Ricklefs, 1998-01-01 An original and deeply researched work on a key period of Javanese history by a world expert

Sundanese Print Culture and Modernity in Nineteenth-century West Java Mikihiro Moriyama, 2005 Sundanese books have been printed since 1850 up to the present This article tries to draw a configuration of printing books in Sundanese for about 100 years in the Dutch colonial and Japanese occupation period Printing and publishing books in Sundanese was initiated by the Dutch colonial government for the sake of management of their colony This article discusses three aspects in print culture in Sundanese 1 the role of government printing house and private publishers 2 the cultural relationship between manuscript and printed books and 3 the changes after the emergence of printed books Print culture in the Sundanese speaking community was born and has developed Its facets have changed from time to time We notice more than 2200 Sundanese books were published up to the second decade of the 21st century when the technological innovation has proceeded in an enormous pace However the importance of Sundanese publication has not diminished in terms of nurturing educated citizens in this digital oriented society and supporting cultural identity *Bhomantaka* A. Teeuw, S.O. Robson, 2021-10-01 The Bhomantaka or the Death of Bhoma is a wide ranging tale of the sweet romance of Samba and Yajawati of the defeat of the

demon Bhoma by King Kresna and his minions in a truly monumental battle and many more incidents and descriptions a product of the sophisticated literary tradition of early Java The poem is written in Old Javanese composed by an author who does not mention his name or that of his king in an idiom that presents many difficulties for the modern reader This book contains an edition of the text a translation and an extensive explanatory introduction enough to make the work accessible and was produced by a team of two both senior scholars of Old Javanese and experienced in producing readable English translations It will become apparent in the course of reading that there are still numerous philological problems attaching to the text and its interpretation but on the other hand it is also a fact that it contains many a passage of delightful poetry philosophical teaching and other cultural information As a result we get a glimpse of what Java was like perhaps eight and a half centuries ago and of the thought world of the Javanese of that age a world where legendary mythological or divine beings do battle and kings march out to restore the welfare of the realm This publication takes its place in a long line from the author via the copyists in Java and in Bali who faithfully and lovingly transmitted the work down to the first edition of the text in 1852 and then the first translation in 1946 In this way a literary tradition of great value has been preserved for the future and the KITLV Press now offers this contribution to coming generations of students of Old Javanese and to scholars of comparative literature around the world

Durga's Mosque Stephen Headley, 2004 Stephen Headley's new book explores contemporary religious change in the Surakarta region of Central Java In his analysis of the Durga ritual complex the author sheds light on one of the most unusual court traditions to have survived in an era of deepening Islamisation

Musical Journeys in Sumatra Margaret Kartomi, 2012-06-30 Although Sumatra is the sixth largest island in the world and home to an estimated 44 million Indonesians its musical arts and cultures have not been the subject of a book length study until now Documenting and explaining the ethnographic cultural and historical contexts of Sumatra's performing arts **Musical Journeys in Sumatra** also traces the changes in their style content and reception from the early 1970s onward Having dedicated almost forty years of scholarship to exploring the rich and varied music of Sumatran provinces Margaret Kartomi provides a fascinating ethnographic record of vanishing musical genres traditions and practices that have become deeply compromised by the pressures of urbanization rural poverty and government policy This deeply informed collection showcases the complex diversity of Indonesian music and includes field observations from six different provinces Aceh North Sumatra Riau West Sumatra South Sumatra and Bangka Belitung Featuring photographs and original drawings from Kartomi's field observations of instruments and performances **Musical Journeys in Sumatra** provides a comprehensive musical introduction to this neglected very large island with its hundreds of ethno linguistic musical groups
