divided by political and religious conflict but united too by a democratic and egalitarian ideal of nationhood The Literature of Scotland The Twentieth Century provides a comprehensive account of the richest ever period in Scottish literary history From The House with the Green Shutters to Trainspotting and far beyond this companion volume to The Literature of Scotland The Middle Ages to the Nineteenth Century gives a critical and historical context to the upsurge of writing in the languages of Scotland Roderick Watson covers a wide range of modern and contemporary Scottish authors including MacDiarmid MacLean Grassie Gibbon Gunn Robert Garioch Iain Crichton Smith Alasdair Gray Edwin Morgan James Kelman Irvine Welsh Alan Warner A L Kennedy Liz Lochhead John Burnside Jackie Kay Kathleen Jamie and many many more Also featuring an extended list of Further Reading and a helpful chronological timeline this is an indispensable introduction to the great variety of Scottish writing which has emerged since the start of the twentieth century

Scotland's Books Robert Crawford, 2009-01-30 From Treasure Island to Trainspotting Scotland's rich literary tradition has influenced writing across centuries and cultures far beyond its borders Here for the first time is a single volume presenting the glories of fifteen centuries of Scottish literature In Scotland's Books the much loved poet Robert Crawford tells the story of Scottish imaginative writing and its relationship to the country's history Stretching from the medieval masterpieces of St Columba's Iona the earliest surviving Scottish work to the energetic world of twenty first century writing by authors such as Ali Smith and James Kelman this outstanding account traces the development of literature in Scotland and explores the cultural linguistic and literary heritage of the nation It includes extracts from the writing discussed to give a flavor of the original work and its new research ranges from specially made translations of ancient poems to previously unpublished material from the Scottish Enlightenment and interviews with living writers Informative and readable this is the definitive single volume guide to the marvelous legacy of Scottish literature

Poor Things Alasdair Gray, 2001 One of Alasdair Gray's most brilliant creations Poor Things is a postmodern revision of Frankenstein that replaces the traditional monster with Bella Baxter a beautiful young erotomaniac brought back to life with the brain of an infant Godwin Baxter's scientific ambition to create the perfect companion is realized when he finds the drowned body of Bella but his dream is thwarted by Dr Archibald McCandless's jealous love for Baxter's creation The hilarious tale of love and scandal that ensues would be the whole story in the hands of a lesser author which in fact it is for this account is actually written by Dr McCandless For Gray though this is only half the story after which Bella aka Victoria McCandless has her own say in the matter Satirizing the classic Victorian novel Poor Things is a hilarious political allegory and a thought provoking duel between the desires of men and the independence of women from one of Scotland's most accomplished authors

Scottish Literature Since 1707 Marshall Walker, 2017-07-12 Marshall Walker's lively and readable account of the highs and lows of Scottish literature from this important date to the present addresses the important themes of democracy power and nationhood Disposing of stereotypical ideas about Scotland and the Scots this fresh approach to Scottish literature provides a critical interpretation of its

distinctive style and presents the reader with an informative introduction to Scottish culture Coverage includes the Scottish enlightenment and the world of Boswell and David Hume to the Scottish Renaissance associated with Hugh MacDiarmid Developments in the contemporary literary scene include John McGrath's theatre Company and the fiction and poetry of Alastair Gray and Ian Crichton Smith Particular attention is given to the work of Scottish women writers such as Lady Grizel Baillie and Liz Lochhead who have been much neglected in previous literature Shades of Gray Dietmar Böhnke, 2004

Irregularities in Modern English Hans Frede Nielsen, 2007-01-01 This book is innovative when compared to the first edition in that it reverses the history of the English language It takes present day English as its point of departure and gives historical explanations only in so far as they illustrate modern forms The book does not presuppose a reading knowledge of Old and Middle English but provides students with ready answers to questions they may have concerning modern irregularities Dutch and German examples and parallels which might shed light on English forms and developments have also been included Comparisons not only heighten linguistic awareness on the part of the reader but also to show what exactly happened in closely related languages
