Tennis Play Like A Pro Be The Best:

Playing Tennis Like a Pro William Ralston, 2016-07-31 A great technique is not enough To succeed in tennis each day you must overcome challenges that affect where and how you play Playing Tennis like a Pro addresses these challenges with its clear focus on empowering you to make the decisions that are right for you and your game Drawing upon his personal experience on the tennis circuit William Ralston analyses the key stages on the journey to becoming a more successful tennis player combining his own knowledge with that of some of the sport's leading players coaches and experts While guiding you through the trickier aspects of the sport Playing Tennis like a Pro helps you to find answers to those all important doubts that can so often hold you back from realizing your potential With colour photos and explanatory illustrations the book provides an in depth analysis of the techniques equipment strategy and tactics used in the modern game If you are a keen player at intermediate level or beyond and looking to raise your game with invaluable insights into the methods of the pros this is the book for you

How to Be Your Own Best Tennis Pro Paul Johan Stokstad, 2003-10-15 You've had what seems like a million tennis lessons but you get out on the court and it all goes away You revert back to old habits and what made sense in the clean green and white world of the tennis pro is lost out there on the gritty high school courts where you are losing again to Hacker Charlie You get steamed throw your racket and go home frustrated This book addresses the problem of getting what you learn in lessons out onto the court where you are hitting the ball with an actual opponent The book challenges you to take charge of your own growth as a tennis player It presents a system of point projects to help you systematically gather tennis knowledge and effectively incorporate it into actual play situations This system is applicable to tennis practice practice matches match warm ups and during competitive match play The book includes a number of sample point projects on every major stroke for you to try plus a goal setting chapter to give you the beginnings of an overall plan for self improvement built around your own list of point projects For less than the cost of one tennis lesson you can double the value of all your other lessons and start to become your own best tennis pro Praise for How to be Your Own Best Tennis Pro Paul Stokstad's book puts the attention of the player where it belongs on self development Only by taking a serious look at your own game by pulling apart and examining the details of every stroke can you put it all together again as a bigger and better game The book has an interesting systematic method of analysis that should take any player to a new level of understanding of their own game and of tennis in general Jack Kramer

Learn Like a Pro Barbara Oakley PhD, Olav Schewe, 2021-06-01 A book for learners of all ages containing the best and most updated advice on learning from neuroscience and cognitive psychology Do you spend too much time learning with disappointing results Do you find it difficult to remember what you read Do you put off studying because it's boring and you're easily distracted This book is for you Dr Barbara Oakley and Olav Schewe have both struggled in the past with their learning But they have found techniques to help them master any material Building on insights from neuroscience and cognitive psychology they give you a crash course to improve your ability to learn no

matter what the subject is Through their decades of writing teaching and research on learning the authors have developed deep connections with experts from a vast array of disciplines And it s all honed with feedback from thousands of students who have themselves gone through the trenches of learning Successful learners gradually add tools and techniques to their mental toolbox and they think critically about their learning to determine when and how to best use their mental tools That allows these learners to make the best use of their brains whether those brains seem naturally geared toward learning or not This book will teach you how you can do the same *Tennis* Charles Bracken,1990 An introduction to the history and techniques of tennis with advice on how to improve one s game **The Best of the Best in Tennis** Rachel Rutledge,1998-01-01 Discusses the past and future of women s tennis and presents biographies of eight of the sport s most famous players Lindsay Davenport Steffi Graf Martina Hingis Anna Kournikova Mary Pierce Arantxa Sanchez Vicario Monica Seles and Venus Williams **Tennis Confidential** Paul Fein,2003 Includes insights about the top players through full length interviews and features **Tennis Confidential II** Paul Fein,2009-04-30 The book is in three sections the first of which comprises a set of essays looking at controversial issues facing those who administer the world game of tennis in the 21st century Topics covered include on court coaching Hawk Eye the ATP doubles reforms and whether the interests of TV run counter to the long term interests of the sport *Video Game Bible, 1985-2002* Andy Slaven,2002 With nearly three years of research utilized to compile game lists and thousands of hours used to play and review the games listed within Video Game Bible is the most comprehensive source of information on video games released in the U S since 1985 ever created Prices are based on realistic figures compiled by interviewing hundreds of large collectors and game store owners and offer a realistic guideline to be followed by both collectors and video gamers looking to complete their collections While numerous guides have been compiled on the subject of classic video games this book offers coverage of video game consoles releases after 1985 known as the neo classics With 39 systems in total Video Game Bible offers the largest guide to date With the recent proliferation of video game collecting into the mainstream it is necessary to have a standard by which games are valued This is the first installment in a series of guides intended to offer full coverage of every video game ever made worldwide Video game consoles are grouped together by the company that made them for easy reference In addition to the table of contents which lists each section separately there are corner tabs to make browsing the guide even more convenient Thousands of new facts are offered within the pages of this book as are thousands of reviews and overviews Written in a lighthearted manner chapters of this guide that may not pertain to a particular collector will still be enjoyable for intelligent readers An easy to use reference guide suitable for any age this guide is sure to be an invaluable resource for anyone interested in video game collecting video game history and even for the casual video game fan interested in learning more about the hobby Editor In Chief Andy Slaven Staff Writers Micheal Collins Lucas Barnes Vincent Yang Contributing Writers Charlie Reneke Joe Kudrna *Think Like a Poker Pro* Byron Jacobs,2016-03-24 Do you suspect that your poker skill is

insufficiently well rewarded Do you wonder how the professionals always get the money Would you like to know how top players study and refine their game If you have ambitions to join the ranks of the consistently winning players this book will help you plan your campaign Poker is a strange and fascinating game There is a great deal more to being a successful player than simply knowing how to play a good game Playing good poker is largely a technical skill which can be learned Being a consistently successful player is much harder and necessitates acquiring expertise in many other areas Byron Jacobs has been a successful online poker player for seven years In this book he identifies precisely how this can be achieved and shows how much of the battle actually needs to be conducted away from the table If you already play a fair game of poker but want to become one of the very few players who consistently play well then you need this book The concepts discussed in this book are brought into clear focus on the accompanying 180 minute CD of videos where the author can be seen explaining his decision making process Here is an extract
