Tensions Necessary Conflicts In Life And Love:

Tensions Harry Abbott Williams, 1976 *Tensions* H. A. Williams, 2001-03-06 *Wrestling with Doubt* Frank D. Rees, 2001 Rees provides a theological analysis of doubts as a constructive element within the Christian experience of faith. He considers three theological frameworks each of which offers an interpretation of doubt and two life story theologies that deal with faith and doubt.

The Place of Judas Iscariot in Christology Anthony Cane, 2017-07-05 Exploring the significance of Judas Iscariot for Christian theology and the difficult issues surrounding Judas, Anthony Cane shows that focusing on the tension between providential and tragic interpretations of Judas in the New Testament and in subsequent writing about Judas is the key to understanding his significance. Building on the work of Karl Barth and Donald MacKinnon, Cane's argument sheds light not simply on the way Judas is understood but on the way Jesus and the whole economy of salvation are understood. This book also highlights implications for the way in which issues relating to anti-Semitism and evil and suffering are most effectively explored.

Applications of a Psychospiritual Model in the Helping Professions Cedric Speyer, John Yaphe, 2020-11-19 This book brings together the historically separate domains of mental health and spiritual awareness in a holistic framework called InnerView Guidance. Building on strength-based and solution-oriented approaches to therapy, the InnerView model offers a unique psychospiritual approach which can be applied in any of the helping professions. InnerView recognizes the individual's need for internal cohesion between psychological growth and spiritual development. It is a principle-driven paradigm that foregrounds soul work as a central evolutionary task. The book presents the core concepts and methodology involved in the alignment of ego with soul. Chapters explain the theoretical roots of the model, explore practical applications in therapeutic settings, and introduce InnerView as a rich synergy of psychotherapy and spiritual guidance. Taking an original and cutting-edge approach, this valuable text will be essential reading for scholars and students as well as practitioners in the fields of psychotherapy, counselling, life coaching, social work, and spiritual care.

The Future of Liberal Theology Mark D. Chapman, 2017-11-22 This title was first published in 2002. Two hundred years after the publication of Schleiermacher's epoch-making *Speeches*, *The Future of Liberal Theology* presents a comprehensive and critical reassessment of the past, present, and future of the liberal tradition in Christian theology. In dialogue with the different forms of liberalism emerging from the Enlightenment, each of which is carefully defined, distinguished international theologians draw on a range of perspectives which represent the diversity of liberal theology. Discussing the criticisms of liberalism offered in the twentieth century and engaging with contemporary theological debate which is often deeply hostile to liberalism, the conclusions offered for liberal theology range from the deeply pessimistic to the thoroughly optimistic. Students, clergy, and theological educators more broadly will value this critical reflection on the current state of theology and suggestions for its future course together with the serious engagement with issues in theological education which this book presents.

Being about Borders Michele Saracino, 2011-05-01 In an age of

globalization where borders seem to be disappearing everywhere between nations religions and even within families it is easy to believe our reactions to difference are vanishing as well Bringing together the latest insights from constructive theology contemporary continental theory and trauma studies Michele Saracino shows how deceiving and even deadly this assumption can be She argues that in the post 9 11 era Christians are obligated now more than ever to be vigilant about difference to be attentive to the emotional dissonance that encountering others incites and to acknowledge it before border disputes escalate into violence We are neither so different that we have nothing to talk about nor so similar that we have everything to celebrate Instead for Saracino we are caught in the middle at porous borders at in between spaces which cause consternation fear anger and even rage By embracing these conflicting emotions that accompany border life Saracino claims that Christians can honor the person and work of Jesus Christ and the mystery of the incarnation and perhaps become living memorials to those who have suffered trauma all in the name of their being different Michele Saracino is an associate professor of religious studies at Manhattan College in Riverdale New York She is the author of *On Being Human A Conversation with Lonergan and Levinas* and researches and teaches on the intersections between theology and culture

Structuring the Therapeutic Process Murray Cox, 1988-01-01 A stimulating reflection for those of us who are aware of the unwithering need of organising and structuring again and again our creative doubts It combines practical help and the development of theoretical concepts in an unusually convincing way *Key Cases in Psychotherapy (Psychology Revivals)* Windy Dryden, 2014-08-01 Originally published in 1987 the purpose of this book was to show how therapists grappled with cases which challenged their ideas about the theory and practice of psychotherapy at the time and how they revised these ideas as a result of encountering these cases The contributors leading therapists from Britain and the United States discuss a range of issues personal conceptual and technical that will be of interest to all those engaged in psychotherapeutic work As such the book is aimed at those working in psychotherapy counselling clinical psychology and psychiatry and at students of these disciplines It will also have relevance for those with a scholarly interest in developments in the theory and practice of psychotherapy **Spiritual Dimensions of Pastoral Care** John Swinton, David Willows, 2001-10-01 Written by significant researchers and practitioners within the field this unique collection of key texts introduces the reader to practical theology It critically explores the way in which the spiritual dimension of pastoral care has entered into constructive dialogue with other disciplines and ways of thinking
