Terminal iron works Rosalind E. Krauss,1971 **Sculpture of David Smith (the); terminal iron works** R.E. Krauss,1971 **The Terminal Iron Works** State University of New York at Albany. Art Gallery,Donald Mochon,American Federation of Arts,1974 **David Smith in Two Dimensions** Sarah Hamill,2015-01-31 How does photography shape the way we see sculpture In David Smith in Two Dimensions Sarah Hamill broaches this question through an in depth consideration of the photography of American sculptor David Smith 1906 1965 Smith was a modernist known for radically shifting the terms of sculpture a medium traditionally defined by casting modeling and carving He was the first to use industrial welding as a sustained technique for large scale sculpture influencing a generation of minimalists to come What is less known about Smith is his use of the camera to document his own sculptures as well as everyday objects spaces and bodies His photographs of his sculptures were published in countless exhibition catalogs journals and newspapers often as anonymous illustrations Far from being neutral images these photographs direct a pictorial encounter with spatial form and structure the public display of his work David Smith in Two Dimensions looks at the sculptor s adoption of unconventional backdrops alternative vantage points and unusual lighting effects and exposures to show how he used photography to dramatize and distance objects This comprehensive and penetrating account also introduces Smith s expansive archive of copy prints slides and negatives many of which are seen here for the first time Hamill proposes a new understanding of Smith s sculpture through photography exploring issues that are in turn vital to discourses of modern sculpture sculptural aesthetics and postwar art In Smith s photography we see an artist moving fluidly between media to define what a sculptural object was and how it would be encountered publicly **David Smith** Michael Brenson,2022-10-04 The definitive biography of David Smith the trailblazing American sculptor who pioneered Abstract Expressionism in three dimensions An essential account of America s greatest sculptor A magnum opus Marjorie Perloff The Times Literary Supplement David Smith The Art and Life of a Transformational Sculptor is the first comprehensive biography of the visionary artist who revolutionized American sculpture Michael Brenson traces Smith s journey from his Midwestern roots to his groundbreaking early years in Manhattan and his permanent studio in upstate New York where he created iconic works like the Cubis Tanktotems and Zigs Brenson explores Smith s complex personal life marked by deep friendships with fellow artists like Helen Frankenthaler and Robert Motherwell as well as marriages divorces and fallings out He delves into the enormous contradictory vitality that defined both Smith and his work capturing the essence of an artist who entranced critics and admirers wherever he exhibited A master welder painter photographer and writer Smith challenged the stability of identity and position in his art seeking out the unbounded unbalanced and unexpected By age forty he had already earned the accolade of the greatest sculptor this country has produced from influential critic Clement Greenberg With this definitive biography Brenson confirms Smith s singular place in the history of American art and introduces his transformative vision to a new generation **Henry Moore,**

Sculpting the 20th Century Dorothy M. Kosinski, Henry Moore, Julian Andrews, Anita Feldman Bennett, Museum of Fine Arts (Dallas, Tex.), Dallas Museum of Art, Gail Davitt, Elizabeth Ann Brown, Fine Arts Museums of San Francisco, David Cohen, National Gallery of Art (U.S.), Steven A. Nash, Harriet F. Senie, Alan G. Wilkinson, 2001-01-01 Henry Moore 1898 1986 is arguably one of the most famous and beloved sculptors of the twentieth century yet in recent decades his work has fallen out of favor in the world of contemporary art criticism This handsome book examines this intriguing contradiction and seeks to reassess Moore s crucial contribution to art of the last century Looking at Moore s early engagements with primitivism his 1930s dialogue with abstraction and surrealism and his postwar interest in large scale public sculpture the authors show how the sculptor helped to define some of the most significant aspects of modernism The authors also contextualize within the polemics of early modernism Moore s emphasis on direct carving instead of modeling and the necessary balance between abstraction and what he called the psychological human element Moore s early sculpture largely unfamiliar to the general public is given particular attention enabling the reader to explore the evolution of thematic and formal elements in his work and his ongoing response to different materials Photographs some by Moore himself of over 120 works including plasters maquettes carvings bronzes and drawings are featured many of which are previously unpublished **Eva Hesse** Mignon Nixon, 2002-11-08 A critical primer on the work of artist Eva Hesse Eva Hesse s distinctive process based art exerted a powerful influence on minimalist artists of the 1960s and continues to inspire artists today Using industrial materials such as latex and fiberglass she exploited their flexibility to produce works with an unsettling psychic and corporeal resonance Hesse who was born in Germany in 1936 and raised in New York City died of cancer in New York in 1970 Eva Hesse focuses on the body of criticism that has developed since the last major retrospective of Hesse s work at the Yale University Art Gallery in 1992 The book s publication coincides with a major exhibition organized jointly by the San Francisco Museum of Art and the Wiesbaden Museum Eva Hesse contains a 1970 interview by Cindy Nemser a discussion between Mel Bochner and Joan Simon and essays by Briony Fer Rosalind Krauss Mignon Nixon and Anne M Wagner Modern Sculpture Reader Jon Wood, David Hulks, Alex Potts, 2012-08-21 In many anthologies of art sculpture is given short shrift in relation to other media if it is treated at all Modern Sculpture Reader aims to rectify this situation by presenting a collection of important texts that have defined sculpture s radically changing status and role since the end of the nineteenth century a time marked by a general reappraisal of the forms and functions of art From the rigorously theoretical to the experimental and poetic Modern Sculpture Reader offers a lively discourse on the medium by a range of artists writers critics and poets Marcel Duchamp Louise Bourgeois Claes Oldenberg Andr Breton Ezra Pound and Clement Greenberg in a variety of genres poems lectures transcribed interviews newspaper and magazine articles and artists statements These diverse text selections offer valuable insight into the development of the critical language of sculpture and its connections to other media in an era of increasingly conceptual artistic practice Many of the essays highlight key ongoing concerns such as sculpture s physical properties and

conditions of display both of which have important implications for the viewer's tactile and emotional interaction with sculptural works

Artist as Author Christa Noel Robbins, 2021-06-29 With Artist as Author Christa Noel Robbins provides the first extended study of authorship in mid 20th century abstract painting in the US Taking a close look at this influential period of art history Robbins describes how artists and critics used the medium of painting to advance their own claims about the role that they believed authorship should play in dictating the value significance and social impact of the art object Robbins tracks the subject across two definitive periods the New York School as it was consolidated in the 1950s and Post Painterly Abstraction in the 1960s Through many deep dives into key artist archives Robbins brings to the page the minds and voices of painters Arshile Gorky Jack Tworkov Helen Frankenthaler Kenneth Noland Sam Gilliam and Agnes Martin along with those of critics such as Harold Rosenberg and Rosalind Krauss While these are all important characters in the polemical histories of American modernism this is the first time they are placed together in a single study and treated with equal measure as peers participating in the shared late modernist moment
