Terrain Vague:

Terrain Vague PATRICK BARRON,Manuela Mariani,2013-08-15 As planners and designers have turned their attentions to the blighted vacant areas of the city the concept of terrain vague has become increasingly important Terrain Vague seeks to explore the ambiguous spaces of the city the places that exist outside the cultural social and economic circuits of urban life From vacant lots and railroad tracks to more diverse interstitial spaces this collection of original essays and cases presents innovative ways of looking at marginal urban space with studies from the United States Europe and the Middle East from a diverse group of planners geographers and urban designers Terrain Vague is a cooperative effort to redefine these marginal spaces as a central concept for urban planning and design Presenting innovative ways of looking at marginal urban space and focusing on its positive uses and aspects the book will be of interest to all those wishing to understand our increasingly complex everyday surroundings from planners cultural theorists and academics to designers and architects **Drosscape:**

Wasting Land Urban America Alan Berger,2007-05-03 Annotation Do you really know what s under that new house you just bought How about what s underneath the neighbourhood playground Was the big box retailer down the street built atop a toxic site These are just a few of the worrisome scenarios as our cities begin a stealthy relocation of industrial facilities from the inner city to the urban periphery These are the places Alan Berger has coined drosscapes and this is his guide to the previously ignored field of waste landscapes **The Architecture Annual 2005-2006. Delft University of Technology**

,2007 **306090 06: Shifting Infrastructures** Alexander Briseno,Jonathan D. Solomon,2004-05 306090 06 SHIFTING INFRASTRUCTURES will examine the current technological infiltration into civic and social realms where physical and cultural infrastructures are redefining themselves as shifting modulating entities across diverse spatial and temporal scales Page 3 **Strange Spaces** André Jansson,2016-12-05 Certain bizarre spaces where disruption or disarray rule leave us

estranged and out of place This book examines such spaces highlighting the emotional and mediated geographies of uncertainty and the state of being in between of cognitive displacement loss fear or exhilaration It expands on why space is sometimes estranging and for whom it is strange It is the first book to link strangeness and spatial production as well as empirical explorations of strange spaces within a profound theoretical discussion of what is strange about strange spaces and how they evolve in a modern media age **Ctrl+Alt+Delete** Rupinder Singh,2008-05 **Urban Wastelands** Francesca Di

Pietro,Amélie Robert,2021-10-18 Faced with the growing demand for nature in cities informal greenspaces are gaining the interest of various stakeholders residents associations public authorities as well as scientists This book provides a cross sectorial overview of the advantages and disadvantages of urban wastelands in meeting this social demand of urban nature spanning from the social sciences and urban planning to ecology and soil sciences It shows the potential of urban wastelands with respect to city dwellers well being environmental education urban biodiversity and urban green networks as well as concerns regarding urban wastelands in relation to conflicts and urban marketing The authors provide a global insight

Pestman,Sijpesteijn,2020-03-23 The City in Transgression Benedict Anderson,2020-07-27 The City in Transgression explores the unacknowledged neglected and ill defined spaces of the built environment and their transition into places of resistance and residence by refugees asylum seekers migrants the homeless and the disadvantaged The book draws on urban and spatial theory socio economic factors public space and architecture to offer an intimate look at how urban sites and infrastructure are transformed into spaces for occupation Anderson proposes that the varied innovations and adaptations of urban spaces enacted by such marginalized figures for whom there are no other options herald a radical new spatial programming of cities The book explores cities and sites such as Mexico City and London the Mexican US border the Calais Jungle and Palestinian camps in Beirut and utilizes concepts associated with mobility such as anarchy vagrancy and transgression alongside photography 3D modelling and 2D imagery From this constellation of materials and analysis a radical spatial picture of the city in transgression emerges By focusing on the underside of urbanism The City in Transgression reveals the potential for new spatial networks that can cultivate the potential for self organization so as to counter the existing dominant urban models of capital and property and to confront some of the major issues facing cities amid an age of global human mobility This book is valuable reading for those interested in architectural theory modern history human geography and mobility climate change urban design and transformation

Imagining Irish Suburbia in Literature and Culture Eoghan Smith,Simon Workman,2018-12-29 This collection of critical essays explores the literary and visual cultures of modern Irish suburbia and the historical social and aesthetic contexts in which these cultures have emerged The lived experience and the artistic representation of Irish suburbia have received relatively little scholarly consideration and this multidisciplinary volume redresses this critical deficit It significantly advances the nascent socio historical field of Irish suburban studies while simultaneously disclosing and establishing a history of suburban Irish literary and visual culture The essays also challenge conventional conceptions of what constitutes the proper domain of Irish writing and art and reveal that though Irish suburban experience is often conceived of pejoratively by writers and artists there are also many who register and valorise the imaginative possibilities of Irish suburbia and the meanings of its social and cultural life
