Poke a Stick at It Connie Cronley, 2016-09-30 Open this book and who knows what will pop out: the story of a gangland funeral, a status report on an ex-husband, a meditation on cats and gardens, a feuilleton about Native American fry bread, or a thoughtful musing on old women and books. Welcome to the delightfully irreverent world of Connie Cronley, essayist, radio commentator, and native Oklahoman. In this collection of true stories, Cronley pokes fun at everything, including herself, as she delights in the world around her. With her trademark down-home humor, Cronley takes on a range of subjects as broad as the Oklahoma prairies. No subject is off-limits as the author casts her curious eye on vampire literature, gay insects, air-dried laundry, Emily Post etiquette, and impossible dogs. As she says, "It's a big world and there's a lot to know." *Poke a Stick at It* is also a love letter to the glories of the English language. Even as Cronley fusses around her garden or snoozes on the couch with her cat Muriel, she always has a stack of books within easy reach. Her eclectic passion for reading, embracing the lowbrow and the highbrow, the epic romance *Gone with the Wind* and the poems of Emily Dickinson, is both infectious and inspiring. Often compared to authors Annie Dillard, Phyllis McGinley, Robert Benchley, and Mark Twain, Connie Cronley is a Southwest original, a writer who infuses her stories with joy, humor, beauty, and plenty of spice.

Island Fever Charles Pflueger, 2011-04-19 *Island Fever* chronicles a lifetime of adventure from a casual South Florida of the early 1930s to a Bahamian Island retirement almost eighty years later, with exciting and amusing stops along the way. Charlie Pflueger describes his life journey, including his stint in the US Air Force in the Far East and North Africa during the Korean War. After his tour of duty, he assumed station manager duties for Pan American Airways in the Caribbean and South America, moved on to hotel management in the Bahamian Out Islands, and had other assorted misadventures, professional and otherwise. His has been an incredible life. Sometimes it was fun, sometimes it was disappointing, but all in all, it was an amazing ride.

Animal Encounters Tom Tyler, Manuela S. Rossini, 2009 The fast-growing field of Animal Studies is a varied and much-contested domain. Engagement with animals has encouraged both collaboration and conflict between researchers within the arts, humanities, and social sciences. *Animal Encounters* comprises a series of meetings, not only between diverse beasts but also between distinct disciplinary methods, theoretical approaches, and ethical positions. The essays here collected come together from literary and cultural studies, sociology, and anthropology, ecocriticism, and art history, philosophy, and feminism, science, and technology studies, history, and posthumanism, to study that most familiar and most foreign of creatures: the animal. TM

These encounters between leading practitioners in the field highlight the promise and potential of interspecies exchange and mutual provocation
