Austerity has proven deadly Over the last decade the damage caused by austerity measures in the UK has had a long lasting and profound effect on many lives The first edition of Austerity Bites offered on the ground reportage of one of the most significantly regressive economic strategies of any post war government Over a year Mary O Hara toured the UK to gauge the immediate impact and expectations of people affected and found many clinging to the hope that austerity cuts would not last long as the damage became increasingly apparent Alas this was not how things unfolded Instead much of the Welfare State had its vital support systems systematically undermined The public sector including the NHS is now on its knees Schools are buckling under multiple structural and budgetary pressures Councils even big ones are going broke Homelessness is rampant While Brexit the pandemic and war have no doubt impacted the economic health of the country previous austerity cuts left the UK less prepared to weather such extraordinary events With new commentary Austerity Bites 10 Years On assesses on the true scale of the damage these policies have inflicted on the country s most vulnerable groups public institutions and on the wider society It reflects on where we have been where we are now and what needs to happen next to undo the damage and avoid the same mistakes again Appalachia ,1901 Evidence Gregory Durston,2011-03-24
