TALEB, 2021-05-04 The landmark five book series all together in one boxed set The Incerto is an investigation of opacity luck uncertainty probability human error risk and decision making when we don't understand the world expressed in the form of a personal essay with autobiographical sections stories parables and philosophical historical and scientific discussions in non overlapping volumes that can be accessed in any order The main thread is that while there is inordinate uncertainty about what is going on there is great certainty as to what one should do about it This boxed set includes FOOLED BY RANDOMNESS THE BLACK SWAN THE BED OF PROCRUSTES ANTIFRAGILE SKIN IN THE GAME **The Black Swan: Second Edition** Nassim Nicholas Taleb, 2010-05-11 The most influential book of the past seventy five years a groundbreaking exploration of everything we know about what we don't know now with a new section called On Robustness and Fragility A black swan is a highly improbable event with three principal characteristics It is unpredictable it carries a massive impact and after the fact we concoct an explanation that makes it appear less random and more predictable than it was The astonishing success of Google was a black swan so was 9 11 For Nassim Nicholas Taleb black swans underlie almost everything about our world from the

rise of religions to events in our own personal lives Why do we not acknowledge the phenomenon of black swans until after they occur Part of the answer according to Taleb is that humans are hardwired to learn specifics when they should be focused on generalities We concentrate on things we already know and time and time again fail to take into consideration what we don't know We are therefore unable to truly estimate opportunities too vulnerable to the impulse to simplify narrate and categorize and not open enough to rewarding those who can imagine the impossible For years Taleb has studied how we fool ourselves into thinking we know more than we actually do We restrict our thinking to the irrelevant and inconsequential while large events continue to surprise us and shape our world In this revelatory book Taleb will change the way you look at the world and this second edition features a new philosophical and empirical essay On Robustness and Fragility which offers tools to navigate and exploit a Black Swan world Taleb is a vastly entertaining writer with wit irreverence and unusual stories to tell He has a polymathic command of subjects ranging from cognitive science to business to probability theory Elegant startling and universal in its applications The Black Swan is a landmark book itself a black swan *Incerto 5-Book Bundle* Nassim Nicholas Taleb, 2021-05-04 The landmark five book series all together in one ebook bundle The Incerto is an investigation of opacity luck uncertainty probability human error risk and decision making when we don't understand the world expressed in the form of a personal essay with autobiographical sections stories parables and philosophical historical and scientific discussions in non overlapping volumes that can be accessed in any order The main thread is that while there is inordinate uncertainty about what is going on there is great certainty as to what one should do about it This ebook bundle includes FOOLED BY RANDOMNESS THE BLACK SWAN THE BED OF PROCRUSTES ANTIFRAGILE SKIN IN THE GAME

History and Memory after Auschwitz Dominick LaCapra, 2018-09-05 The relations between memory and history have recently become a subject of contention and the implications of that debate are particularly troubling for aesthetic ethical and political issues Dominick LaCapra focuses on the interactions among history memory and ethicopolitical concerns as they emerge in the aftermath of the Shoah Particularly notable are his analyses of Albert Camus's novella *The Fall* Claude Lanzmann's film *Shoah* and Art Spiegelman's comic book *Maus* LaCapra also considers the Historians Debate in the aftermath of German reunification and the role of psychoanalysis in historical understanding and critical theory In six essays LaCapra addresses a series of related questions Are there experiences whose traumatic nature blocks understanding and disrupts memory while producing belated effects that have an impact on attempts to address the past Do some events present moral and representational issues even for groups or individuals not directly involved in them Do those more directly involved have special responsibilities to the past and the way it is remembered in the present Can or should historiography define itself in a purely scholarly and professional way that distances it from public memory and its ethical implications Does art itself have a special responsibility with respect to traumatic events that remain invested with value and emotion

Günter Grass and His Critics Siegfried Mews, 2008 A comprehensive narrative overview and analysis of the criticism of the controversial German author's works When the Swedish Academy announced that Günter Grass had been awarded the 1999 Nobel Prize for Literature it singled out his first novel *The Tin Drum* 1959 English translation 1963 as a seminal work that had signaled the postwar rebirth of German letters auguring a new beginning after decades of linguistic and moral destruction Nearly fifty years after its publication the novel's significance has been generally acknowledged it is the uncontested favorite among Grass's works of fiction on the part of reading public and critics alike yet its canonical status tends to obscure the decidedly mixed and even hostile reactions it initially elicited Along with *The Tin Drum* Grass's impressive body of literary work since the 1950s has spawned a cottage industry of Grass criticism making a reliable guide through the thicket of sometimes contradictory readings a definite desideratum Siegfried Mews fills this lacuna in Grass scholarship by way of a detailed but succinct descriptive as well as analytical and evaluative overview of the scholarship from 1959 to 2005 Grass's politically motivated interventions in public discourse have kept him highly visible blurring the boundaries between politics and aesthetics Mews therefore examines not only academic criticism but also the daily and weekly press and other news media providing additional insight into the reception of Grass's works Siegfried Mews is Professor of German at the University of North Carolina at Chapel Hill
