Heritage Covenants & Preservation Michael McMordie, Frits

Pannekoek,2004 Urban planners government officials and preservation activists are increasingly at odds as every day more and more heritage buildings are threatened with destruction to make way for urban development and revitalization Stakeholders in these often emotionally and politically charged debates have arrived at what is potentially a solution that can satisfy all parties in the equation Heritage covenants are a complex legal instrument involving the sale or donation of a heritage interest to a not for profit organization or government agency In an unprecedented initiative the Calgary Civic Trust in the year 2000 brought together experts and leaders in heritage covenants from Canada Great Britain and the United States to discuss the future of this unique preservation instrument This book is a result of the proceedings and focuses specifically on this sophisticated aspect of heritage preservation **Sherman's Wife** Julia Camoys Stonor,2012-09-13

Sherman's Wife is Julia Camoys Stonor's blackly humorous childhood memoir Her mother Jeanne came from an impecunious Catholic aristocratic family and careened her way through the bedrooms of Mayfair Madrid and Rhode Island Her father was Sherman the half American 6th Baron Camoys whom Jeanne effectively blackmailed into marriage Jeanne insisted that she and Sherman spend their honeymoon with one of her lovers Hitler's foreign minister Joachim von Ribbentrop Once installed at the Stonor Park estate Jeanne set about acquiring money and power through any means possible including but not limited to theft sexual blackmail and murder In this frank and unflinching portrait of English upper class life in the 1940s Julia Camoys Stonor manages to evoke Mommie Dearest and Brideshead Revisited in equal measure **South-Bucks and**

Journal of the Royal Institute of British Architects ,1910 **The Wind At My Back** Paul Maunder,2018-05-17 In this deeply personal and lyrical exploration of what it means to ride a bicycle Paul Maunder explores how our memories have a dialogue with landscape and how cycling and creativity are connected Taking a journey through the places that have shaped him we ride across wild moorland through suburbia and city streets into quintessentially English pastoral scenes We see too some of the darker parts of the British countryside sites of great secrecy that intrigue the imagination This is a book about how landscape can sustain us and how even an hour's escape can inspire our creative sides The bicycle allows us to explore
