The Happiness Box David Griffin, Leslie Greener, 1991 Written prior to Christmas 1942 for children who were prisoners in Changi Jail buried before Dec 25 1942 and recovered after Sept 5 1945 ***The Happiness Formula*** Alphonsus Obayuwana, 2024-03-12 A scientific groundbreaking approach to happiness and personal fulfillment In 1979 Dr Alphonsus Obayuwana was awarded a national research grant and Smith Kline Medical Perspective Fellowship to develop an instrument for measuring human hope with the purpose of detecting hopelessness early enough in troubled human individuals so

assistance could be offered in time to prevent suicide The Hope Index Scale HIS that resulted from this grant became very popular with Fortune 500 companies and other institutions both in the US and in other countries This led to the foundation of decades of research that ultimately resulted in this cutting edge book The Happiness Formula Using Science to Understand Personal Satisfaction Human Hope and Subjective Well Being Unlike other books about happiness which are too often filled with dos and don'ts wishful thinking and empty aphorisms The Happiness Formula breaks new ground by introducing a universal unit of measure called the Personal Happiness Index or PHI This makes it possible for the first time ever to calculate and assign numerical happiness scores to human individuals by plugging their unique hopes hungers assets and aspirations into an equation Despite its title The Happiness Formula is much more than a mathematical equation for measuring happiness It is a book about life the relationship between human hope and happiness how to find measure and boost them and most interestingly how to confirm the happiest country in the world and even help identify the happiest living human or HLH It challenges the World Happiness Report of 2023 debunks three major happiness myths and then introduces the Triple H Equation the simple but profound formula about what makes life worth living This is a book for happiness seekers and happiness advocates everywhere
