Artificial Intelligence Today Michael J. Wooldridge, Manuela Veloso, 2007-03-06 Artificial Intelligence is one of the most fascinating and unusual areas of academic study to have emerged this century For some AI is a true scientific discipline that has made important and fundamental contributions to the use of computation for our understanding of nature and phenomena of the human mind for others AI is the black art of computer science Artificial Intelligence Today provides a showcase for the field of AI as it stands today The editors invited contributions both from traditional subfields of AI such as theorem proving as well as from subfields that have emerged more recently such as agents AI and the Internet or synthetic actors The papers themselves are a mixture of more specialized research papers and authoritative survey papers The secondary purpose of this book is to celebrate Springer Verlag s Lecture Notes in Artificial Intelligence series

When Dolphins Ruled the Earth Shane Anthony Carvalho, 2015-08-20 When Dolphins Ruled the Earth is a satirical fantasy following the plight of Adam Barnard as he journeys from a successful business executive to a genuine human being Adam encounters a strange nurse a curious Scottish salmon and dolphins with arms and legs who speak perfectly good English The Dolphins tell him they once ruled the Earth they had jobs houses cars Governments banks supermarkets and incredibly some dolphins were even estate agents Adam along with Professor Van Halen and a Dolphin called Zinc must find secret scrolls which reveal how to fight against global greed and defeat man sharks before the entire planet is engulfed in total confusion When Dolphins ruled the Earth is complete coherent and well written it is often very funny and the story simple and compelling I enjoyed it very much Simon Maginn Writer of the Sheep filmed as The Dark starring Sean Bean

The Dolphins of Pern Anne McCaffrey, 2002-02-26 Anne McCaffrey here adds yet another dimension to her colorful and vivid saga by focusing on the attractive dolphins and their highly believable society Publishers Weekly When the first humans came to settle the planet Pern they did not come alone intelligence enhanced dolphins also crossed the stars to colonize Pern s oceans while their human partners settled the vast continents But then disaster struck The deadly silver spores called Thread fell like rain from the sky and as the human colonists dreams of a new idyllic life shattered into a desperate struggle for survival the dolphins were forgotten Now

centuries later as the dragonriders of Pern prepare to complete the momentous task of ridding their world of Thread forever T lion a young bronze rider and his friend Readis son of the Lord Holder of Paradise River Hold make contact with the legendary shipfish And as the dragonriders grapple with the end of an era T lion Readis and the dolphins face the start of a new one reviving the bond between land and ocean dwellers and resurrecting the dreams of the first colonists of Pern **To Free a Dolphin** Keith Coulbourn, Richard O'Barry, 2015-10-06 In this memorable first book Behind the Dolphin Smile Richard O Barry told the inspiring story of his personal transformation from world famous dolphin trainer Flipper was his pupil to dolphin liberator Now in To Free a Dolphin he passionately recounts the dramatic story of his heart breaking campaign to release captive dolphins back into the wild With wit and insight he chronicles the extreme opposition he has faced from bureaucrats major players in the captive dolphin industry rival wildlife groups and well meaning sentimentalists He introduces readers to famous show animals he has helped including Bogie and Bacall of Key Largo And most fascinating he describes his struggles to deprogram and rehabilitate dolphins emotionally scarred from years of captivity struggles that become battles for the animals souls *The Happy Isles of Oceania* Paul Theroux, 2006-12-08 The author of The Great Railway Bazaar explores the South Pacific by kayak This exhilarating epic ranks with his best travel books Publishers Weekly In one of his most exotic and adventuresome journeys travel writer Paul Theroux embarks on an eighteen month tour of the South Pacific exploring fifty one islands by collapsible kayak Beginning in New Zealand s rain forests and ultimately coming to shore thousands of miles away in Hawaii Theroux paddles alone over isolated atolls through dirty harbors and shark filled waters and along treacherous coastlines Along the way Theroux meets the king of Tonga encounters street gangs in Auckland and investigates a cargo cult in Vanuatu From Australia to Tahiti Fiji Easter Island and beyond this exhilarating tropical epic is full of disarming observations and high adventure **Zhuangzi and the Happy Fish** Roger T. Ames, Takahiro Nakajima, 2015-03-31 The Zhuangzi is a deliciously protean text it is concerned not only with personal realization but also albeit incidentally with social and political order In many ways the Zhuangzi established a unique literary and philosophical genre of its own and while clearly the work of many hands it is one of the finest pieces of literature in the classical Chinese corpus It employs every trope and literary device available to set off rhetorically charged flashes of insight into the most unrestrained way to live one s life free from oppressive conventional judgments and values The essays presented here constitute an attempt by a distinguished community of international scholars to provide a variety of exegeses of one of the Zhuangzi s most frequently rehearsed anecdotes often referred to as the Happy Fish debate The editors have brought together essays from the broadest possible compass of scholarship offering interpretations that range from formal logic to alternative epistemologies to transcendental mysticism Many were commissioned by the editors and appear for the first time Some of them have been available in other languages Chinese Japanese German Spanish and were translated especially for this anthology And several older essays were chosen for the quality and variety of their arguments formulated

over years of engagement by their authors All however demonstrate that the Zhuangzi as a text and as a philosophy is never one thing indeed it has always been and continues to be many different things to many different people *Mudcat Mikey's 200 Short Stories #1 to #40* Michael J.
