

A black and white photograph of a broken wooden chair on a wooden floor. The chair is shattered into several large, jagged pieces, with the seat and backrest separated from the legs. The floor is made of wide wooden planks. The lighting is dramatic, with strong shadows and highlights, emphasizing the texture of the wood and the violence of the destruction.

The Harvest Of Sorrow Soviet Collectivization And The Terror Famine:

The Harvest of Sorrow Robert Conquest, 1986 Chronicles the events of 1929 to 1933 in the Ukraine when Stalin's Soviet Communist Party killed or deported millions of peasants abolished privately held land and forced the remaining peasantry into collective farms and inflicted impossible grain quotas on the peasants that resulted in mass starvation

The harvest of sorrow: Soviet collectivization and the terror-famine Robert Conquest, 1982

The Harvest of Sorrow Robert Conquest, Canadian Institute of Ukrainian Studies, 1986

Harvest Of Sorrow Robert Conquest, 2018-12-25 Robert Conquest's *The Harvest of Sorrow* helped to reveal to the West the true and staggering human cost of the Soviet regime in its deliberate starvation of millions of peasants and remains one of the most important works of Soviet history ever written More deaths resulted from the actions described in this book than from the whole of the First World War Epic in scope and rich in detail *The Harvest of Sorrow* describes how millions of peasants in the USSR were dispossessed and deported as a result of the abolition of private property and how millions in the newly established collective farms of the Ukraine and other regions were then deliberately starved to death through impossibly high quotas the removal of all other sources of food and their isolation from outside help With the publication of this and his earlier book *The Great Terror* which revealed the truth about Stalin's political purges Robert Conquest revealed to the West the staggering human cost of the Soviet regime

The Harvest of Sorrow Robert Conquest, 1988

The Holocaust/Genocide Template in Eastern Europe Ljiljana Radonić, 2020-05-21 *The Holocaust Genocide Template in Eastern Europe* discusses the memory wars in the course of the post Communist re narration of history since 1989 and the current authoritarian backlash The book focuses specifically on how mnemonic warriors employ the Holocaust template and the concept of genocide in tendentious ways to justify radical policies and externalize the culpability for their international isolation and worsening social and economic circumstances domestically The chapters analyze three dimensions 1 the competing narratives of the universalization of the Holocaust as the negative icon of our era on the one hand and the double genocide paradigm on the other which focuses on our own national suffering under allegedly equally evil Nazism and Communism 2 the juxtaposition of post Communist Eastern Europe and Russia reflected primarily in the struggle of the Baltic states and Ukraine to challenge Russian propaganda a struggle that runs the risk of employing similarly distorting and propagandistic tropes and 3 the post Yugoslav rhetoric portraying one's own group as the new Jews and one's opponents in the wars of the 1990s as akin to Nazis Surveying major battle sites in this memory war memorial museums monuments film and the war over definitions and terminology in relevant public discourse *The Holocaust Genocide Template in Eastern Europe* will be of great interest to scholars of genocide the Holocaust historical memory and revisionism and Eastern European Politics This book was originally published as a special issue of the *Journal of Genocide Research*

Atrocity Labelling Markus P. Beham, 2022-11-03 *Atrocity Genocide War crime Crime Against Humanity* Such atrocity labels have been popularized among international lawmakers but with little insight

offered into how and when these terms are applied and to what effect What constitutes an event to be termed a genocide or war crime and what role does this play in the application of legal proceedings Markus P Beham through an interdisciplinary and comparative approach unpicks these terms to uncover their historical genesis and their implications for international criminal law initiatives concerned with atrocity The book uniquely compares four specific case studies Belgian colonial exploitation of the Congo atrocities committed against the Herero and Nama in German South West Africa the Armenian genocide and the man made Ukrainian famine of the 1930s Encompassing international law legal history and discourse analysis the concept of atrocity labelling is used to capture the meaning underlying the work of international lawyers and prosecutors historians and sociologists agenda setters and policy makers *The 'Second World' in Contemporary British Writing* Katrin Berndt, Andrew Wells, 2024-08-12 The thirteen contributions to this collection all explore or exemplify the ongoing British interest in the socialist world before 1990 In autobiography fiction film history and lexicography these chapters show how contemporary Britain is engaging with the past project to build socialism in Europe and what this means for the present and the future of our continent Contributions come from a wide range of disciplinary and geographical backgrounds and the volume is further enriched by a short story especially written for this book and by an in depth interview with the author of a recent popular history of the GDR Together these chapters offer a unique perspective into contemporary British writing on the second world and the enduring fascination with the failures of futures past *Stalin* Marty Bloomberg, Buckley Barry Barrett, 1993-01-01 A comprehensive annotated survey of English language literature on Stalin *Food in World History* Jeffrey M. Pilcher, 2023-06-15 Now in its third edition Food in World History explores culinary cultures and food politics throughout the world from ancient times to the present day with expanded discussions of industrialization indigeneity colonialism gender environment and food and power It examines the long history of globalization of foods as well as the political social and environmental implications of our changing relationship with food showing how hunger and taste have been driving forces in human history Including numerous case studies from diverse societies and periods such as Maya and Inca cuisines and peasant agriculture in the early modern era Food in World History explores such questions as What social factors have historically influenced culinary globalization How did early modern plantations establish patterns for modern industrial food production How will the climate crisis affect food production and culinary cultures Did Italian and Chinese migrant cooks sacrifice authenticity to gain social acceptance in the Americas Have genetically modified foods fulfilled the promises made by proponents With the inclusion of more global examples this comprehensive survey is an ideal resource for all students who study food history or food studies **New Myth, New World** Bernice Glatzer Rosenthal, 2010-11-01 The Nazis use and misuse of Nietzsche is well known The Superman the will to power Nietzsche's equation of bourgeois democracy and decadence and his denigration of reason were staples of Nazi propaganda Communists also used and misused Nietzsche but that fact is largely unknown because Soviet propagandists

invoked reason and labeled Nietzsche the philosopher of fascism even while covertly appropriating his ideas In this pioneering book Bernice Glatzer Rosenthal excavates the trail of long obscured Nietzschean ideas that took root in late Imperial Russia intertwining with other elements in the culture to become a vital ingredient of Bolshevism and Stalinism Nietzsche made a difference He furnished intellectual ammunition for a prolonged conflict about culture society and politics that began around the turn of the century His first Russian admirers were poets philosophers and political activists They responded to the changes transforming their society by espousing new values and seeking a new faith by which to live and work This response resulted in new aesthetic and political amalgams such as Symbolism Futurism Nietzschean Christianity and Nietzschean Marxism The ensuing debates between and among their partisans reverberated throughout the wider culture and therefore also into Bolshevism becoming the subject of an uninterrupted polemic between Bolsheviks and non Bolsheviks and among Bolsheviks that continued into the 1930s In Stalin s time unacknowledged Nietzschean ideas were used to mobilize the masses for the great tasks of the first Five Year Plan and the Cultural Revolution which was intended to eradicate bourgeois values and attitudes from Soviet life and to construct a distinctly Socialist culture Nietzsche s belief that people need illusions to shield them from reality underlay Socialist Realism the official Soviet aesthetic from 1934 on In the aftermath of de Stalinization the government cast Nietzsche as the personification of bourgeois nihilism and bourgeois individualism Soviet intellectuals wishing to reappropriate their lost cultural heritage discovered the Nietzsche influenced intellectuals of late Imperial Russia and reopened discussion on the issues they had posed More than an exercise in historical rediscovery *New Myth New World* offers a new interpretation of modern Russian history By uncovering the buried influence of Nietzschean ideas on Soviet culture and politics Rosenthal opens new avenues for understanding Soviet ideology and its influence on the twentieth century

"The Touch of Civilization" Steven Sabol, 2017-03-15 The Touch of Civilization is a comparative history of the United States and Russia during their efforts to colonize and assimilate two indigenous groups of people within their national borders the Sioux of the Great Plains and the Kazakhs of the Eurasian Steppe In the revealing juxtaposition of these two cases author Steven Sabol elucidates previously unexplored connections between the state building and colonizing projects these powers pursued in the nineteenth century This critical examination of internal colonization a form of contiguous continental expansion imperialism and colonialism that incorporated indigenous lands and peoples draws a corollary between the westward moving American pioneer and the eastward moving Russian peasant Sabol examines how and why perceptions of the Sioux and Kazakhs as ostensibly uncivilized peoples and the Northern Plains and the Kazakh Steppe as uninhabited regions that ought to be settled reinforced American and Russian government sedentarization policies and land allotment programs In addition he illustrates how both countries encountered problems and conflicts with local populations while pursuing their national missions of colonization comparing the various forms of Sioux and Kazakh martial political social and cultural resistance evident throughout the nineteenth century Presenting a nuanced in depth history and contextualizing US and Russian colonialism in a global framework The Touch of Civilization will be of significant value to students and scholars of Russian history American and Native American history and the history of colonization **In Denial** John Earl

Haynes, Harvey Klehr, 2005-10 In this brilliant and impassioned work John Earl Haynes and Harvey Klehr document how beginning in the late 1960s the study of American communism was taken over by revisionist historians who attempted to portray the United States as the aggressor in the Cold War and saw the American Communist Party CPUSA as an admirable force for promoting democratic values Today more than a decade after the death of communism revisionists remain dismissive of Stalin's crimes and seriously understate the degree to which the CPUSA apologized for Stalinism and gave assistance to Soviet espionage Under their influence the leading historical journals persist in teaching that America's rejection of the Communist Party was a tragic error that American Communists were actually unsung heroes working for democratic ideals and that those anticommunist liberals and conservatives who fought against the CPUSA in the 1950s were contemptible *Second-Generation Memory and Contemporary Children's Literature* Anastasia Ulanowicz, 2013-09-02

Winner of the Children's Literature Association Book Award This book visits a range of textual forms including diary novel and picturebook to explore the relationship between second generation memory and contemporary children's literature Ulanowicz argues that second generation memory informed by intimate family relationships textual mediation and technology is characterized by vicarious rather than direct experience of the past As such children's literature is particularly well suited to the representation of second generation memory insofar as children's fiction is particularly invested in the transmission and reproduction of cultural memory and its form promotes the formation of various complex intergenerational

relationships Further children s books that depict second generation memory have the potential to challenge conventional Western notions of selfhood and ethics This study shows how novels such as Lois Lowry s *The Giver* 1993 and Judy Blume s *Starring Sally J Freedman as Herself* 1977 both of which feature protagonists who adapt their elders memories into their own mnemonic repertoires implicitly reject Cartesian notions of the unified subject in favor of a view of identity as always already social relational and dynamic in character This book not only questions how and why second generation memory is represented in books for young people but whether such representations of memory might be considered radical or conservative Together these analyses address a topic that has not been explored fully within the fields of children s literature trauma and memory studies and Holocaust studies
