James E. Waller

The Hearts Grown Brutal:

Hearts Grown Brutal Roger Cohen,1998 Through the sagas of four families caught up in the chaos of Yugoslavia and the Bosnian war of 1991 to 1995 Roger Cohen tells the story of a state and its struggles of photos Maps The Heart's Grown Brutal David Brewster,1972 This Was Not Our War Swanee Hunt,2004-11-29 Combines Bosnian women s personal testimony about the recent war and its aftermath with Ambassador Hunt s analysis of the U S government s approach to the conflict The Key to My Neighbor's House Elizabeth Neuffer,2025-06-25 Interviewing war criminals and their victims Neuffer explains through the voices of people she follows over the course of a decade how genocide erodes a nation s social and political environment Her characters stories and their competing notions of justice from searching for the bodies of loved ones to demanding war crime trials to seeking bloody revenge convinces readers that crimes against humanity cannot be resolved by simple talk of forgiveness or through the more common recourse to forgetfulness *Becoming Evil* James E. Waller,2007-03-22 Social psychologist James Waller uncovers the internal and external factors that can lead ordinary people to commit extraordinary acts of evil Waller offers a sophisticated and comprehensive psychological view of how anyone can potentially participate in heinous crimes against humanity He outlines the evolutionary forces that shape human nature the individual dispositions that are more likely to engage in acts of evil and the context of cruelty in which these extraordinary acts can emerge Eyewitness accounts are presented at the end of each chapter In this second edition Waller has revised and updated eyewitness accounts and substantially reworked Part II of the book removing the chapter about human nature and evolutionary adaptations and instead using this evolutionary perspective as a base for his entire model of human evil

Ethics & International Affairs Joel H. Rosenthal,Christian Barry,2009-02-06 The third edition of *Ethics International Affairs* provides a fresh selection of classroom resources ideal for courses in international relations ethics foreign policy and related fields Published with the Carnegie Council for Ethics in International Affairs this collection contains some of the best contemporary scholarship on international ethics written by a group of distinguished political scientists political theorists philosophers applied ethicists and economic development specialists Each contributor explores how moral theory can inform policy choices regarding topics such as war and intervention international organizations human rights and global economic justice This book provides an entry point into these key debates and offers a platform for further discussion Published in cooperation with the Carnegie Council for Ethics in International Affairs *The August Trials* Andrew Kornbluth,2021-03-02 Andrew Kornbluth offers the first account of the August Trials Poland s halting judicial reckoning with wartime collaboration As evidence of popular participation in the Holocaust mounted the government judiciary and citizenry turned the trials into a vehicle for salvaging a heroic vision of the past *Building Democracy in the Yugoslav Successor States* Sabrina P. Ramet,Christine M. Hassenstab,Ola Listhaug,2017-05-15 Building democracy in societies that have known only authoritarian rule for half a century is complicated Taking the post Yugoslav region as its case study this volume shows how success with

democratisation depends on various factors including establishing the rule of law the consolidation of free media and society's acceptance of ethnic religious and sexual minorities Surveying the seven successor states the authors argue that Slovenia is in a class by itself as the most successful with Croatia and Serbia not far behind The other states Bosnia Herzegovina Macedonia Montenegro and Kosovo are all struggling with problems of corruption poverty and unemployment The authors treat the issue of values as a policy problem in its own right debating the extent to which values have been transformed by changes in education and the media how churches and women's organisations have entered into the policy debate and whether governments have embraced a programme designed to effect changes in values

Surviving the Peace Peter Lippman, 2019-11-15 *Surviving the Peace* is a monumental feat of ground level reporting describing two decades of postwar life in Bosnia specifically among those fighting for refugee rights of return Unique in its breadth and profoundly humanitarian in its focus *Surviving the Peace* situates digestible explanations of the region's bewilderingly complex recent history among interviews conversations and tableaux from the lives of everyday Bosnians attempting to make sense of what passes for normal in a postwar society Essential reading for students of the former Yugoslavia and anyone interested in postwar or post genocide studies *Surviving the Peace* is an instant classic of long form reporting an impossible accomplishment without a lifetime of dedication to a place and people

Clausewitz's Timeless Trinity Colin M. Fleming, 2016-05-23 This is the first book to apply the Clausewitzian Trinity of passion chance and reason to the experience of real war It explores the depth and validity of the concept against the conflicts of former Yugoslavia wars thought to epitomise a post Clausewitzian age In doing so it demonstrates the timeless message of the Trinity but also ties the Trinitarian idea back into Clausewitz's political argument Intended to build on the existing corpus of scholarship this book differs from the existing literature in two ways By applying the Trinity to the wars of former Yugoslavia 1991-1995 it explores war at its micro foundations assessing the complex cause and effect nexus of reciprocity produced by actions between belligerents embroiled in dynamic competition perpetuated by their own interaction Providing valuable insights into the complexities of real war fuelled by passion undermined by chance and shaped by reason it is the first study to bridge the Clausewitzian world of theory with real experience Examining each part of the triad separately the book explores the multiple manifestations of hostility and chance before then assessing the influence of these elements on the policies of the belligerents as the war evolved

Rethinking Security Governance Christopher Daase, Cornelius Friesendorf, 2010-05-04 This book explores the unintended consequences of security governance actions and explores how their effects can be limited Security governance describes new modes of security policy that differ from traditional approaches to national and international security While traditional security policy used to be the exclusive domain of states and aimed at military defense security governance is performed by multiple actors and is intended to create a global environment of security for states social groups and individuals By pooling the strength and expertise of states international organizations and private

actors security governance is seen to provide more effective and efficient means to cope with today's security risks. Generally, security governance is assumed to be a good thing and the most appropriate way of coping with contemporary security problems. This assumption has led scholars to neglect an important phenomenon: unintended consequences. While unintended consequences do not need to be negative, often they are. The CIA term 'blowback' for example refers to the phenomenon that a long-nurtured group may turn against its sponsor. The rise of al Qaeda, which had benefited from US Cold War policies, is only one example. Raising awareness about unwanted and even paradoxical policy outcomes and suggesting ways of avoiding damage or limiting their scale, this book will be of much interest to students of security governance, risk management, international security and IR.

Christopher Daase is Professor at the Goethe University Frankfurt and head of the research department International Organizations and International Law at the Peace Research Institute Frankfurt (PRIF/HSFK). Cornelius Friesendorf is lecturer at the Goethe University Frankfurt and research fellow at the Peace Research Institute Frankfurt (PRIF/HSFK).

1995 W. Joseph Campbell, 2015-01-02

A hinge moment in recent American history, 1995 was an exceptional year. Drawing on interviews, oral histories, memoirs, archival collections, and news reports, W. Joseph Campbell presents a vivid, detail-rich portrait of those memorable twelve months. This book offers fresh interpretations of the decisive moments of 1995, including the emergence of the Internet and the World Wide Web in mainstream American life; the bombing at Oklahoma City, the deadliest attack of domestic terrorism in US history; the sensational Trial of the Century at which O. J. Simpson faced charges of double murder; the US brokered negotiations at Dayton, Ohio, which ended the Bosnian War, Europe's most vicious conflict since the Nazi era; and the first encounters at the White House between Bill Clinton and Monica Lewinsky, a liaison that culminated in a stunning scandal and the spectacle of the president's impeachment and trial. As Campbell demonstrates in this absorbing chronicle, 1995 was a year of extraordinary events, a watershed at the turn of the millennium. The effects of that pivotal year reverberate still, marking the close of one century and the dawning of another.

Crimes of War Roy Gutman, David Rieff, Kenneth Anderson, 1999

Gulf War Frank Smyth

To End a War Richard Holbrooke, 1999-05-25

When President Clinton sent Richard Holbrooke to Bosnia as America's chief negotiator in late 1995, he took a gamble that would eventually redefine his presidency. But there was no saying then, at the height of the war, that Holbrooke's mission would succeed. The odds were strongly against it. As passionate as he was controversial, Holbrooke believed that the only way to bring peace to the Balkans was through a complex blend of American leadership, aggressive and creative diplomacy, and a willingness to use force if necessary in the cause for peace. This was not a universally popular view. Resistance was fierce within the United Nations and the chronically divided Contact Group, and in Washington, where many argued that the United States should not get more deeply involved. This book is Holbrooke's gripping inside account of his mission of the decisive months when belatedly and reluctantly but ultimately decisively the United States reasserted its moral authority and leadership and ended Europe's worst war in over half a century. *To End a War* reveals many important new

details of how America made this historic decision What George F Kennan has called Holbrooke s heroic efforts were shaped by the enormous tragedy with which the mission began when three of his four team members were killed during their first attempt to reach Sarajevo In Belgrade Sarajevo Zagreb Paris Athens and Ankara and throughout the dramatic roller coaster ride at Dayton he tirelessly imposed cajoled and threatened in the quest to stop the killing and forge a peace agreement Holbrooke s portraits of the key actors from officials in the White House and the lys e Palace to the leaders in the Balkans are sharp and unforgiving His explanation of how the United States was finally forced to intervene breaks important new ground as does his discussion of the near disaster in the early period of the implementation of the Dayton agreement To End a War is a brilliant portrayal of high wire high stakes diplomacy in one of the toughest negotiations of modern times A classic account of the uses and misuses of American power its lessons go far beyond the boundaries of the Balkans and provide a powerful argument for continued American leadership in the modern world

Debating German Cultural Identity Since 1989

Kathleen James-Chakraborty,Linda Shortt,2011 Interdisciplinary views of the debates over and transformation of German cultural identity since unification The events of 1989 and German unification were seismic historical moments Although 1989 appeared to signify a healing of the war torn history of the twentieth century unification posed the question of German cultural identity afresh Politicians historians writers filmmakers architects and the wider public engaged in memory contests over such questions as the legitimacy of alternative biographies West German hegemony and the normalization of German history This dynamic contested and still ongoing transformation of German cultural identity is the topic of this volume of new essays by scholars from the United Kingdom Germany the United States and Ireland It explores German cultural identity by way of a range of disciplines including history film studies architectural history literary criticism memory studies and anthropology avoiding a homogenized interpretation Charting the complex and often contradictory processes of cultural identity formation the volume reveals the varied responses that continue to accompany the project of unification Contributors Pertti Ahonen Aleida Assmann Elizabeth Boa Peter Fritzsche Anne Fuchs Deniz G kt rk Kathleen James Chakraborty Anja K Johannsen Jennifer A Jordan J rgen Paul Linda Shortt Andrew J Webber Anne Fuchs is Professor of German Literature at the University of St Andrews Scotland Kathleen James Chakraborty is Professor of Art History at University College Dublin Ireland Linda Shortt is Lecturer in German at Bangor University Wales

The Serbs Tim Judah,1997-01-01 History myth

and the destruction of Yugoslavia **Conflict and Peace Building in Divided Societies Anthony Oberschall,2007-03-12** This groundbreaking book provides an integrated account of ethnic nationality and sectarian conflicts in the contemporary world including the role of collective myths the mass media and the ethnification of identities as contributors to ethnic conflicts and wars In addition to many examples from the last two decades Oberschall provides a comprehensive overview of the conflict and peace processes in Bosnia Northern Ireland and the Middle East Oberschall analyzes peace building through constitutional design power sharing governance disarming combatants post accord security and refugee return transitional

justice truth and reconciliation commissions war crimes tribunals economic and social reconstruction in a multiethnic society In addition to many examples from the last two decades Oberschall provides a comprehensive overview of the conflict and peace processes for Bosnia Northern Ireland and Israel Palestinians He argues that insurgency creates contentious issues over and above the original root causes of the conflict that the internal divisions within the adversaries trigger conflicts that jeopardize peace processes and that security and rebuilding a failed state are a precondition for lasting peace and a democratic polity This book will be essential reading for undergraduate and postgraduate students researchers and academics interested in the fields of peace studies war and conflict studies ethnic studies and political sociology The Road to the Dayton Accords D. Chollet, 2007-06-08 The intricate diplomacy that led to the peace agreement in Bosnia known as the Dayton Accords is here revealed in unprecedented detail Based on thousands of still classified government documents and dozens of interviews with key participants this is a comprehensive story of high level diplomacy told from the inside

War in a Time of Peace David Halberstam, 2015-11-17 Pulitzer Prize winning journalist David Halberstam chronicles Washington politics and foreign policy in post Cold War America Evoking the internal conflicts unchecked egos and power struggles within the White House the State Department and the military Halberstam shows how the decisions of men who served in the Vietnam War and those who did not have shaped America's role in global events He provides fascinating portraits of those in power Clinton Bush Reagan Kissinger James Baker Dick Cheney Madeleine Albright and others to reveal a stunning view of modern political America **The Bosnian Conflict** Alexander Cruden, 2011-12-27 This dramatic volume introduces the conflict in Bosnia that affected citizens of the same nation who savaged each other with massacres and mass rape of civilians as a war tactic Essays are compiled from a variety of sources and are carefully edited and introduced to provide context for readers unfamiliar with the Bosnian conflict Essay sources include Margaret Thatcher Bill Clinton and The Militant Readers will examine the background and the causes of the conflict The last chapter offers unforgettable first hand accounts and narratives about people who were personally impacted by the conflict

When somebody should go to the ebook stores, search creation by shop, shelf by shelf, it is in fact problematic. This is why we present the books compilations in this website. It will definitely ease you to see guide **The Hearts Grown Brutal** as you such as.
