The Hebrew Letters Channels Of Creative Consciousness:

The Hebrew Letters Rabbi Yitzchak Ginsburgh, 1990 Sefer Yetzirah the Book of Creation one of the earliest Kabbalistic works teaches that the letters of the Hebrew alphabet are the building blocks of creation Each letter has its own significance spiritual energy and reason for existing In this revised version of Rabbi Ginsburgh's best selling *The Alef Beit Jewish Thought Revealed Through the Hebrew Letters* he explains how each letter's name form and numerical value play a role in the creative process of the cosmos He draws on the understandings of the well known mystic the Baal Shem Tov in depicting how each letter has nine dimensions with impact in three worlds the physical spiritual and Divine In every letter there is the true completion of the soul a chance to unite consciousness with the code of creation Includes glossary footnotes and index

Kabbalah and psychoanalysis are conceptions about the nature of reality The former is over two thousand years old The latter has been formalized less than a hundred years ago Nonetheless they are parallel journeys of discovery that have forever altered not only what we see but the very nature of seeing itself The domain of Kabbalah is the spiritual and material macrocosm In contrast the concern of psychoanalysis is the microcosm the innermost recesses of the human mind However both are convergent and complementary theories Kabbalah asserts as above so below meaning the Godhead the source of everything is reflected in the smallest details of existence Similarly psychoanalysis traces the evolution from inner objects to family feuds and social fields More than theories however Kabbalah and psychoanalysis test the limits of direct experience They are contemplative meditative and introspective methods for restoring shattered worlds and fragmented lives These are material as well as spiritual entities which have been separated from their source on one hand the Godhead and on the other personal praxis The purpose of this study is to explore how Kabbalah and psychoanalysis converge and diverge complement and conflict with each other in order to amplify their impact and enable mankind to gain a greater understanding of reality

MAJOR ARCANA TAROT CARDS' Secrets Esoterically Revealed William John Meegan,2020-01-17 Eucharist Delivered directly from the altar of Christ **BERESHITH : THE HUMAN SKULL IS THE HOUSE OF GOD** William John Meegan,2024-06-18 Religion Esotericism Psychology The first Hebrew word inscribed into the sacred scriptures is BERESHITH The three middle letters in the Hebrew word BERESHITH spells out the Hebrew letter word RESH that symbolizes HEAD SKULL And the first and last two Hebrew letters in the Hebrew word BERESHITH spells out the Hebrew letter word BETH that symbolizes HOUSE That is why I translated the Hebrew word BERESHITH THE HUMAN SKULL IS THE HOUSE OF GOD It is quite interesting to envisage that the first two Hebrew letters BETH and RESH in the Judaeo Christian Scriptures spells out the first word of Genesis BERESHITH In the Beginning was considered in antiquity and in modern times to be the interpretation of the Hebrew word BERESHITH In this volume I will illustrate that the first letter of the BIBLE BETH though it is not translated as in the Beginning it does mystically symbolize the phrase In the Beginning The first chapter of Genesis is a commentary on the first Hebrew letter BETH and it is also a commentary on the VESICA PISCIS

The first Hebrew letter of the Bible BETH is mystically inundated and surrounded by another Hebrew letter called PEI that cannot be seen which is literally invisible for anybody to see PEI has the gematria numerical value of eighty 80 And BETH has the gematria numerical value of forty hundred and twelve 412 The first chapter of Genesis has sixty nine 69 groups of one hundred and forty two 142 Hebrew words held together by eighty 80 hyphens however the number one hundred and forty two 142 is a transposition of the number four hundred and twelve 412 Chapter six 6 will illustrate the sixty nine 69 groups of words colored coded in orange The number sixty nine 69 is a very spiritual number which will be discussed later in this volume Chapter six 6 is written with Hebrew and English words with STRONGS EXHAUSTIVE CONCORDANCE S numbers placed over the Hebrew and English words [Genesis-Moshe 1](#) Mark Pitrone,2021-07-01 You are holding the author s notes on the book of Genesis as he has taught it for more than fifteen years on succeeding Sabbaths and on various venues both brick and mortar and online Some men have made a mess of what Eloheinu our God revealed to the patriarchs and prophets both Old and New Testaments translating it with the biases of their rabbis or pastors or denominations Mark is attempting he even succeeds once in a while to understand it and teach it as close to El s God s original intent as he can get by eliminating those doctrinal biases For instance God nailed the Law to the cross There were exactly two things nailed to the Roman torture stake What were they Hint One was Yeshua or Jesus Matthew 27 37 Mark 15 26 Luke 23 38 John 19 19 look these up and then think If that teaser intrigues you see what Moshe Moses has to say in Genesis There s a lot more than just what s written on the page **The Syzygy Oracle - Transformational Tarot and The Tree of Life** Heather Mendel,2013-11-29 Syzygy Jung used the term to describe the balancing of the opposites Astronomically syzygy pronounced si zi gee refers to a specific conjunction of the sun moon and earth On Mother Earth the planet we call home we are profoundly influenced by the radiance of the sun as well as the reflected light of the moon as we walk between light and darkness physically and metaphorically Solar energy evolves the ego and lunar energy evolves our essence We learn the balance the two as we travel the twenty two pathways of Kabbalah s Tree of Life Honoring The Sacred Feminine the spiritual practice offered here is an invitation to recognize and welcome intuitive wisdom more definitively into everyday awareness A fresh interpretation of the traditional Major Arcana for women here the patriarchal layering of the cards is lifted to reveal a timeless and timely revelation of intuitive wisdom in a sequence of insightful profound and empowering teachings for any woman who wishes to read her own life story as more substantive than superficial Twenty two of these cards reinterpret the Tarot s Major Arcana Aligning the cards with the twenty two letters of the Hebrew alphabet we access three levels of soul consciousness in Hebrew known as nefesh ruach and neshamah through the specific letter number and story of each card Meet inspirational archetypes from world culture to light the way Through meditations and mantras discover your personal hero s journey that is a crucial part of evolving consciousness Ten additional cards representing the sefirot or energy centers offer the Tree of Life as an experiential introduction to Kabbalah Coincidence and kabbalah symbols and synchronicities

metaphors and mantras enrich and deepen life's experience. This mythic and metaphoric interpretation liberates these cards solely from the realm of prognostication and presents a meditative and inspirational tool for a daily personal practice. Heather Mendel's elegant powerful images full of mystery and complexity will forever change the way you view the wisdom of the ancient Tarot. **Lectures on Torah and Modern Physics (the Lectures in Kabbalah Series)** Rabbi Yitzchak

Ginsburgh, 2013-04-28 Modern physics has forever changed the way we view and understand physical reality. With a wide spectrum of theories from general relativity to quantum mechanics, our conceptions of the very big and the very small are no longer intuitively obvious. Many philosophers even scientists have expressed the opinion that the counterintuitive conclusions posited in modern physics are best understood using spiritual terminology. In the 11 lectures in this volume, Harav Ginsburgh, one of our generation's foremost scholars, innovators, and teachers of Kabbalah, reveals how modern physics reflects foundational concepts in the Torah's inner dimension. A wide range of topics from relativity, special and general quantum mechanics, and string theory are addressed elegantly and gracefully. Harav Ginsburgh's exposition of the topics switches back and forth between the scientific and Torah perspectives. With his deep insight, Harav Ginsburgh gives even well-known physical concepts a refreshing and new treatment. Apart from carefully drawing parallels and correspondences between the Torah's inner dimension and modern physics in these lectures, Harav Ginsburgh proposes new directions for scientific research into important areas such as a unified field theory, CPT symmetry, the relationship between acceleration and gravitation, and the possibility of uncovering additional dimensions in physical reality, demonstrating how the Torah's depth can be used to fertilize science and further our understanding of nature. **The Name Israel** Michael J. Alter, 2023-03-06

Israel is a divine name. The Name Israel is a scholarly niche project that provides its readers with an informative, meaningful, and spiritually uplifting reading experience. The purpose of The Name Israel is to investigate the name, employing four levels of study: PaRDeS, peshat, remez, derash, and sod. Each level is deeper and more profound than its predecessor. This text is divided into eight chapters. Chapters 1 and 2 explore the historical name Israel and the four methods of Bible interpretation. The book also presents details about the shapes and sizes of the letters, permutations of Israel, anagrams, and gematria numerology. Additionally, it includes a discussion of the Four World system, the ten sefirot, and an overview of parshat Vayishlach, Gen 32:4-33 and Gen 35:10. Throughout The Name Israel, it analyzes the first word of the Torah, Bereshit, and the creation process. Readers will be fascinated as it also delves into facts about the numbers 2, 701, 37, 73, and 541. The end of the action was at first in thought, unique features, and hints of the letters forming the name Israel, and concluding remarks. Come and learn. **What You Need to Know about Kabbalah** Rabbi Yitzchak Ginsburgh, 2006

It is unfortunate but true that many misconceptions exist regarding teaching English to non English speakers Just as one who can read is not by that criterion alone capable of teaching reading knowing a particular language does not ensure that one can effectively teach it It is an error to assume that common sense can guide one in this regard True common sense is simply not as common as many may believe What may appear a sensible thing to do in teaching ESOL may in fact as one who reads the book will see prove counter productive and in turn detrimental to the learning process This book focuses on subject matter which includes the question of what language actually is its components skills and traits the mystery of the origin of language the history of the English language past and current ESOL teaching techniques and culture as a factor in language learning The book is designed to be of value to ESOL teachers and administrators students preparing to teach ESOL volunteers in need of learning more about the field and individuals who may simply be interested in the history of the English language and or ESOL methodology The book's information is expected to increase the knowledge of readers as well as to help some strengthen and others develop a solid foundation upon which to rely in whatever approach they choose to teach ESOL **Four Who Entered Paradise** Howard Schwartz,2000-07 To find more information on Rowman Littlefield titles
