M. Bower, 2009-02-01 *The Heritage of the Sioux* B. M. Bower, 1916 *The Heritage of the Sioux* B M Bower, 2020-03-14 Old Applehead Furrman jogging home across the mesa from Albuquerque sniffed the soft breeze that came from opal tinted distances and felt poignantly that spring was indeed here The grass thick and green in the sheltered places was fast painting all the higher ridges and foot hill slopes and with the green grass came the lank bodied big kneed calves which meant that roundup time was at hand Applehead did not own more than a thousand head of cattle counting every hoof that walked under his brand And with the incipient lethargy of old age creeping into his habits of life roundup time was not with him the important season it once had been for several years he had been content to hire a couple of men to represent him in the roundups of the larger outfits men whom he could trust to watch fairly well his interests By that method he avoided much trouble and hurry and hard work and escaped also the cares which come with wealth But this spring was not as other springs had been Something whether an awakened ambition or an access of sentiment regarding range matters he did not know was stirring the blood in Applehead s veins Never since the days when he had been a cowpuncher had the wide spaces called to him so alluringly never had his mind dwelt so insistently upon the approach of spring roundup Perhaps it was because he heard so much range talk at the ranch where the boys of the Flying U were foregathered in uneasy idleness their fingers itching for the feel of lariat ropes and branding irons while they gazed out over the wide spaces of the mesa So much good rangeland unharnessed by wire fencing the Flying U boys had not seen for many a day During the winter they had been content to ride over it merely for the purpose of helping to make a motion picture of the range but with the coming of green grass and with the reaction that followed the completion of the picture that in the making had filled all their thoughts they were not so content To the inevitable reaction had been added a nerve racking period of idleness and uncertainty while Luck Lindsay their director strove with the Great Western Film Company in Los Angeles for terms and prices that would make for the prosperity of himself and his company *The Heritage of the Sioux* Bertha Muzzy Sinclair-Cowan, 2020-12-08 In *The Heritage of the Sioux* Bertha Muzzy Sinclair Cowan engages with the rich cultural tapestry of the Sioux Nation offering a nuanced exploration of their traditions beliefs and history Through vivid narrative and lyrical prose Sinclair Cowan encapsulates the profound connection between the Sioux people and the land they inhabit all while critiquing the socio political forces that have shaped their experience This work stands as both a tribute to Sioux heritage and an indictment of colonial disregard situating itself within the early 20th century literary discourse that sought to document and celebrate Indigenous voices in America Bertha Muzzy Sinclair Cowan an accomplished novelist and historian was deeply influenced by her interactions with Native American communities and her

commitment to social justice Her experiences in the American West coupled with a profound empathy for Indigenous struggles fueled her desire to ensure that the stories of the Sioux were chronicled with authenticity and dignity Sinclair Cowan s background in sociology further enriched her understanding of the complexities surrounding Indigenous identities in the context of a rapidly changing America For readers interested in historical narratives that bridge personal and collective identity *The Heritage of the Sioux* is an essential read Sinclair Cowan s meticulous research and lyrical prose not only educate but also evoke a deep appreciation for the resilience of the Sioux Nation This thoughtful exploration serves both as a historical account and a call to acknowledge and honor Indigenous voices in contemporary discourse

M. numberless details of reorganizing a ranch long left to slipshod make shifts The boys of the Flying U argued while they worked but in spite of themselves the lure of the mesa quickened their movements They were supposed to wait for Luck before they did anything and they all knew that But on the other hand Luck was supposed to keep them informed as to his movements which he had not done They did not voice one single doubt of Luck's loyalty to them but human nature is more prone to suspicion than to faith as every one knows And Luck had the power and the incentive to double cross them if he was the kind to do such a thing He was manager for their little free lance picture company which did not even have a name to call itself by They had produced one big feature film and it was supposed to be a cooperative affair from start to finish If Luck failed to make good they would all be broke together If Luck cleared up the few thousands that had been their hope why they would all profit by the success if Luck I maintain that they showed themselves of pretty good metal in that not even Happy Tack confirmed pessimist that he was ever put the least suspicion of Luck's honesty into words They were not the kind to decry a comrade when his back was turned And they had worked with Luck Lindsay and had worked for him They had slept under the same roof with him had shared his worries his hopes and his fears They did not believe that Luck had appropriated the proceeds of The Phantom Herd and had deliberately left them there to cool their heels and feel the emptiness of their pockets in New Mexico while he disported himself in Los Angeles they did not believe that they would have resented the implication that they harbored any doubt of him But for all that as the days passed and he neither came nor sent them any word they yielded more and more to the determination of Applehead to start out upon his own business and they said less and less about Luck's probable plans for the future
