Emigrant Players Paul Darby, David Hassan, 2013-10-18 Ireland and its inhabitants have often been described as being sports mad As a relatively small geographical entity Ireland north and south has produced a disproportionately high number of world class sports men and women who have excelled at the highest levels of their chosen sport The significance of sport in Ireland though extends far beyond the achievements of such individuals Sport has historically assumed a centrality in the lives of the island's inhabitants a fact that can be measured by the numbers and commitment of participants as well as the emotional and financial investment of fans This book seeks to address the ways in which Irish aptitude and ebullience for sport has manifested itself in those parts of the world that have or have had relatively large Irish communities The first part of the book explores the diffusion of Gaelic games to a number of centres of Irish immigration and examines the social economic political and

psychological impact that these games had in helping the Diaspora adjust to life in what were often inhospitable environs The second part of the book extends the analysis by examining the contribution of Irish sports men and women to the sports culture that they encountered in their new homes and assessing the ways in which their involvement in these sports allowed them to come to terms with and make their way in their new locales This book was previously published as a special issue of the journal Sport in Society In Colours Green and White: Volume 2 John Campbell,2013-11-07 In Colours Green and White is the second volume in John Campbell s fascinating post war history of Hibernian Football Club which continues to relive the club s past with a game by game and goal by goal account of the Easter Road team between 1967 and 1990 In the years that followed the halcyon days of the Famous Five and the club s domination of the league championship the Easter Road faithful continued to witness some outstanding milestones in the history of the club As pioneers in Europe Hibernian regularly faced giants of the European stage rising majestically to the occasion year after year against Italian German Portuguese and English opposition with illustrious names like Napoli Sporting Lisbon Hamburg and Liverpool all leaving Edinburgh cowed by the men in green and white Throughout this period the team that would become known as Turnbull s Tornadoes lifted the League Cup and pulled off the mother of all derby wins at Tynecastle in January 1973 with a display of outstanding tactical play and mesmeric footballing skill Denied a position at the pinnacle of Scottish football by Jock Stein s superb Celtic side Eddie Turnbull s Hibs nevertheless entertained wherever they played and are remembered to this day with huge affection by fans around the country **Football and Diaspora** Jeffrey W. Kassing,Sangmi Lee,2023-12-12 This is the first book to examine football soccer through the lens of diaspora studies Presenting case studies from across four continents it considers how diasporic minorities develop a sense of belonging between their national and transnational ethnic communities through an active participation in football Bringing together a cross disciplinary group of scholars working in anthropology communication cultural studies history psychology politics sociology and sport it unearths the connections between culture identities politics nationalism globalization and how those manifest in the lived experience of diasporic peoples Against a background of the continued internationalization of sport and pervasive global migration it explores key themes in the social sciences including migration acculturation and assimilation sport identity fandom and representation and nationhood citizenship and politics As the book focuses on diverse ethnoreligious groups dispersed around the world it covers a wide range of geographic locations with cases addressing the Bolivian Ethiopian Moroccan Zimbabwean Croatian Irish and Basque diasporas It is fascinating reading for anybody working in sport studies diaspora studies political science sociology cultural studies international history or social history Moments, Metaphors, Memories Kausik Bandyopadhyay,Souvik Naha,2021-05-13 As the most popular mass spectator sport across the world soccer generates key moments of significance on and off the field encapsulated in events that create metaphors and memories with wider social cultural psychological political commercial and aesthetic implications Since its inception as a modern game the history of

soccer has been replete with events that have changed the organization meanings and impact of the sport The passage from the club to the nation or from the local to the global often opens up transnational spaces that provide a context for studying the events that have defined the sport and its followers Such defining events can include sporting performances decisions taken by various stakeholders of the game accidents and violence among players and fans and invention of supporter cultures among other things The present volume attempts to document identify and analyse some of the defining events in the history of soccer from interdisciplinary and comparative perspectives It revisits the discourses of signification and memorialization of such events that have influenced society culture politics religion and commerce This book was originally published as a special issue of the journal Soccer Society Face to Face Kausik Bandyopadhyay,2021-03-30 While rivalry is embedded in any sporting event or performance soccer the world s most popular mass spectator sport has been an emblem of such rivalries since its inception as an organized sport Some of these rivalries grow to become long term and perennial by their nature extent impact and legacy from the local to the global level They represent identities based on widely diverse affiliations of human life locality region nation continent community class culture religion ethnicity and so on Yet at times such rivalries transcend barriers of space and time where soccer clubs nations personalities organizations styles and fans float and compete with intriguing identities The present volume brings into focus some of the most fascinating and enduring rivalries in the world of soccer It attempts to encapsulate analyse and reconstruct those rivalries between nations between clubs between personalities between styles of play between fandoms and between organizations in a historical perspective in relation to diverse identities competing ideologies contestations of power psychologies of attachment bonds of loyalty notions of enmity articulations of violence and affinities of fan culture some of the core manifestations of sporting rivalry The chapters in this book were originally published as a special issue of Soccer Society **British Sport - A Bibliography to 2000** Richard Cox,2014-02-04 Volume two of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian *Sunset on Hibs* David Duff,2025-10-02 If you think you know everything there is to know about Hearts owner Wallace Mercer s bid to buy Hibs think again Stunning new light is cast on one of Scottish football s biggest ever stories Alan Pattullo David Duff was Chairman of Hibernian at the most extraordinary time in its history In 1990 Heart of Midlothian chief Wallace Mercer pushed for a merger of the two Edinburgh clubs But instead of creating one united Edinburgh team capable of challenging the Old Firm it became abundantly clear that these machinations would see Hearts flourish and Hibs destroyed With internal shareholders wanting to sell out the end seemed inevitable David Duff had other ideas Joining forces with outraged fans he spearheaded boardroom resistance against this takeover which would have meant the end of the club they loved For the first time Duff tells the explosive inside story of the plot to destroy Hibernian and the real motivations of those behind it Featuring some of the best known names in Scottish

business and football it is a riveting tale of double dealing greed and betrayal **No Foreign Game** James Quinn,2023-08-03 From its earliest days association football was seen not just as a contest between individuals and teams but also between nations and peoples The Irish national team was among the first in the world to participate in international competition in the early 1880s but not everyone accepted it as a truly national entity Sport in Ireland was disputed ground in a manner that was not the case elsewhere even the term football itself was a contested one But soccer followers generally found no contradiction between their sporting and national loyalties and the game found an important niche in Irish life supported by many leading nationalists from James Connolly to John Hume This book provides a unique window into the history of Ireland and Britain with keen insights into the making of national regional sectarian class and gender identities that crystallised around Irish soccer Taking the story from the 1870s up to the present it examines the domestic as well the international game in Ireland North and South and sets both in a richly detailed historical and cultural context It also examines the experience of Irish communities in England and Scotland and the ways in which the game affected their relationship with their host societies Carefully weaving together political social cultural and sporting history No Foreign Game tells a story not just of division and conflict but also one of solidarity and celebration and in doing so it breaks new ground in the history of Irish sport
