Buddhist Monasteries of Himachal Om Chand Handa,2004 **Dreams of Power** Peter Bishop,1993-01-01 An account of the impact of Tibetan Buddhism upon the Western imagination which deploys a wide range of sources and draws together diverse strands in surveying the extensive literature of travel and exploration Jungian interpretations of Tibetan themes and the self projection of Tibetan Buddhism within contemporary Western culture This study in cultural psychology places the East West exchange of spiritual ideas within social and psychological contexts Bishop s other titles include *The Myth of Shangri La* 1989 *China's Frontier Regions* Doug Smith,Michael E. Clarke,2016-03-08 China has traditionally viewed her frontier regions Zxinjiang Tibet Inner Mongolia and Yunnan as buffer zones Yet their importance as commercial and cosmopolitan hubs intimately involved in the transmission of goods peoples and ideas between China and it west and southwest has meant they are crucial for China s ongoing development The resurgence of China under Deng Xiaoping s policy of reform and opening has therefore led to a focus on integrating these regions into the PRC People s Republic of China This has important implications not only for the frontier regions themselves but also for the neighbouring states with which they have strong cultural religious linguistic and economic ties China s Frontier Regions explores the challenges presented by this integrationist policy both for domestic relations and for diplomatic and foreign policy relations with the countries abutting their frontier regions *The Fall of the Moghul Empire of Hindustan* Henry George Keene,1887 **A Buddhist Pilgrim at the Shrines of Tibet** Gombozhab T Tsybikov,2017-02-13 Tsybikov was the first scholar with a European education to visit Tibet and describe its monasteries and temples as an eyewitness traveler and an objective researcher Tsybikov had two distinct advantages an ethnic Buryat he could travel as a Buddhist pilgrim and thus have a

chance of reaching its mysterious capital Lhasa the religious and political center of Tibet which was barred to outsiders especially Europeans as a scholar educated at a European university he had the historical and linguistic background to understand and describe what he saw Tsybikov understood the secretive nature of the lama state and was careful to hide his work as a researcher It was his journal that became the basis of *A Buddhist Pilgrim at the Shrines of Tibet* which has both the vividness of a traveller's eyewitness account and the informed detachment of a scholar As a record of both religious practices and the everyday life in Tibet before Chinese inroads during the twentieth century effaced that way of life Tsybikov's book is a unique and invaluable snapshot of a lost culture

Madame Blavatsky on divine reincarnations in Tibet Helena Petrovna Blavatsky, 2018-03-17 *The Road to Second Degree Priesthood* M. L. Rosenblad, 2014-09-26 The second book in a series of three leading to the knowledge needed for becoming active clergy on the earth based path Delving into the many facets of the path it also covers interfaith cooperation religious philosophy and comparison as well as earth stewardship

China
Marches West Peter C Perdue, 2009-06-30 From about 1600 to 1800 the Qing empire of China expanded to unprecedented size Through astute diplomacy economic investment and a series of ambitious military campaigns into the heart of Central Eurasia the Manchu rulers defeated the Zunghar Mongols and brought all of modern Xinjiang and Mongolia under their control while gaining dominant influence in Tibet The China we know is a product of these vast conquests Peter C Perdue chronicles this little known story of China's expansion into the northwestern frontier Unlike previous Chinese dynasties the Qing achieved lasting domination over the eastern half of the Eurasian continent Rulers used forcible repression when faced with resistance but also aimed to win over subject peoples by peaceful means They invested heavily in the economic and administrative development of the frontier promoted trade networks and adapted ceremonies to the distinct regional cultures Perdue thus illuminates how China came to rule Central Eurasia and how it justifies that control what holds the Chinese nation together and how its relations with the Islamic world and Mongolia developed He offers valuable comparisons to other colonial empires and discusses the legacy left by China's frontier expansion The Beijing government today faces unrest on its frontiers from peoples who reject its autocratic rule At the same time China has launched an ambitious development program in its interior that in many ways echoes the old Qing policies China Marches West is a tour de force that will fundamentally alter the way we understand Central Eurasia

Caravans By Night Harry Hervey, 2021-04-25 In *Caravans By Night* Harry Hervey weaves a rich tapestry of narrative that explores the complexities of human connection against the backdrop of a nomadic lifestyle The prose is marked by lyrical elegance intertwining vivid imagery with introspective character studies as it charts the lives of a group of travelers Set against the mesmerizing landscapes of the American Southwest Hervey's writing reflects the existential questions of freedom and belonging inviting readers to ponder the price of wanderlust in an increasingly modern world His ability to evoke the sights and sounds of the desert renders a setting that is as much a character as the individuals navigating it

showcasing Hervey's adeptness in capturing the interplay between place and identity Harry Hervey was not merely an observer of the American cultural landscape he lived it His experiences as a screenwriter journalist and traveler infused his writing with authenticity and depth At a time when the notion of the American Dream was evolving Hervey engaged with themes of transience and the search for meaning within the vast and often unforgiving terrains of life His personal journeys undoubtedly influenced the characters within this novel revealing a deep appreciation for the beauty and pain of the human experience *Caravans By Night* is a compelling read for those who seek a philosophical exploration of life on the margins Hervey's exquisite command of language and his profound understanding of the human spirit make this novel not only a journey through the Southwest but also an intimate journey into the heart of humanity Readers craving a reflective and poetic narrative will find themselves captivated by the poignant stories of love loss and the allure of the unknown
