Cunningham, 19?? **The Papers of Thomas Jefferson, Volume 34** Thomas Jefferson, 2018-06-05 In Volume 34 covering May through July 1801 the story of Thomas Jefferson's first presidential administration continues to unfold He quickly begins to implement his objectives of economy and efficiency in government Requesting the chief clerk of the War Department to prepare a list of commissioned army officers Jefferson has his secretary Meriwether Lewis label the names on the list with such descriptors as Republican or Opposed to the administration otherwise respectable officers The president calls his moves toward a reduction in the army a chaste reformation Samuel Smith interim head of the Navy Department in accordance with the Peace Establishment Act arranges for the sale of surplus warships Secretary of the Treasury Albert Gallatin gathers figures on revenues and expenses and suggests improvements in methods of collecting taxes Jefferson delivers an eloquent statement on his policy of removals from office to the merchants of New Haven who objected to his dismissal of the collector of the port of New Haven He makes clear that while his inaugural address declared tolerance and respect for the minority it did not mean that no offices would change hands On the twenty fifth anniversary of the Fourth of July Jefferson entertains around one hundred citizens including a delegation of five Cherokee chiefs And on 30 July Jefferson leaves the Federal City for two months at Monticello *Jefferson on Display* G. S. Wilson, 2018-06-26 When we think of Thomas Jefferson a certain picture comes to mind for some of us combining his physical appearance with our perception of his character During Jefferson's lifetime this image was already taking shape helped along by his own assiduous cultivation In *Jefferson on Display* G S Wilson draws on a broad array of sources to show how Jefferson fashioned his public persona to promote his political agenda During his long career his image shifted from cosmopolitan intellectual to man of the people As president he kept friends and foes guessing he might appear unpredictably in old worn and out of date clothing with hair unkempt yet he could as easily play the polished gentleman in a black suit as he hosted small dinners in the President's House that were noted for their French inspired food and fine European wines Even in retirement his image continued to evolve as guests at Monticello reported being met by the Sage clothed in rough fabrics that he proudly claimed were created from his own merino sheep leading Americans by example to manufacture their own clothing free of Europe By paying close attention to Jefferson's controversial clothing choices and physical appearance as well as his use of portraiture architecture and the polite refinements of dining grooming and conversation Wilson provides invaluable new insight into this perplexing founder **Documents for America's History, Volume 1** Melvin Yazawa, James A. Henretta, Kevin J. Fernlund, 2011-01-10 Designed to accompany America's History Seventh Edition this primary source reader offers a chorus of voices from the past to enrich the study of U S history

Document selections written by both celebrated historical figures and ordinary people demonstrate the diverse history of America while putting a human face on historical experience. A broad range of documents from speeches and petitions to personal letters and diary entries paints a vivid picture of the social and political lives of Americans, encouraging student engagement with the textbook material. Brief introductions place each document in historical context and questions for analysis help link the individual primary sources to larger historical themes.

Susan Clair Imbarrato, Carol Berkin, Brett Barney, Lisa Paddock, Matthew J. Bruccoli, George Parker Anderson, Judith S. *Beyond the Founders* Jeffrey L. Pasley, Andrew W. Robertson, David Waldstreicher, 2009-11-04

In pursuit of a more sophisticated and inclusive American history, the contributors to *Beyond the Founders* propose new directions for the study of the political history of the republic before the Civil War. In ways formal and informal, symbolic and tactile, this political world encompassed blacks, women, entrepreneurs, and Native Americans, as well as the Adamses, Jeffersons, and Jacksons, all struggling in their own ways to shape the new nation and express their ideas of American democracy. Taking inspiration from the new cultural and social histories, these political historians show that the early history of the United States was not just the product of a few founding fathers but was also marked by widespread and passionate popular involvement, print media more politically potent than that of later eras, and political conflicts and influences that crossed lines of race, gender, and class.
