An Impossible Love Christine Angot, 2021-12-21 An agonizing turbulence lies just beneath the surface of this skillfully wrought novel by the French phenom who caused a sensation with the publication of her novel *Incest* Reaching back into a world before she was born Christine Angot describes the inevitable encounter of two young people at a dance in the early 1950s Rachel and Pierre her mother and father Their love is acute It twists around Pierre's decisive judgments about class nationalism and beauty and winds its way towards dissolution and Christine's own birth Though it's Pierre whose ideas are most often voiced it's Rachel who slowly comes into view her determination and patience forming a radiant enigmatic disposition Equal parts subtle and suspenseful *An Impossible Love* is an unwavering advance toward a brutal sequence of events that mars both Christine's and Rachel's lives Angot the author carves Angot the narrator out of this corrosive element exposing an unmendable rupture and at the same time offering a portrait of a striking ineradicable bond between mother and daughter

Impossible Love, Or, Why the Heart Must Go Wrong Jan Bauer, 1993 Some love affairs mark our lives forever Whether we call them *la grande passion* tragic romance or *l'amour fou* they remain indelible because they are impossible Why do we fall in love at the wrong time in the wrong place and with the wrong person Why do we put up with the anxiety the pain the shame and the longing never fulfilled

The Myth of Analysis James Hillman, 1997 In this work acclaimed Jungian James Hillman examines the concepts of myth insights eros body and the mytheme of female inferiority as well as the need for the freedom to imagine and to feel psychic reality By examining these

ideas and the role they have played both in and outside of the therapeutic setting Hillman mounts a compelling argument that rather than locking them away in some inner asylum or subjecting them to daily self treatment man's peculiarities can become an integral part of a rich and fulfilling daily life Originally published by Northwestern University Press in 1972 this work had a profound impact on a nation emerging self aware from the 1960s as well as on the era's burgeoning feminist movement It remains a profound critique of therapy and the psychological viewpoint and it is one of Hillman's most important and enduring works

Fassbinder's Germany Thomas Elsaesser,1996 Rainer Werner Fassbinder is one of the most prominent and important authors of post war European cinema Thomas Elsaesser is the first to write a thoroughly analytical study of his work He stresses the importance of a closer understanding of Fassbinder's career through a re-reading of his films as textual entities Approaching the work from different thematic and analytical perspectives Elsaesser offers both an overview and a number of detailed readings of crucial films while also providing a European context for Fassbinder's own coming to terms with fascism

Cruel Destiny and The White Negress Cl  ante D. Valcin,2024-06-14 Cl  ante Desgraves Valcin 1891 1956 was a poet writer and feminist most prominently Haiti's first published female novelist who employed her sentimental fiction to explore matters of race gender nationalism and sovereignty A contemporary of Harlem Renaissance writers such as Nella Larsen and Zora Neale Hurston Valcin emerged as an influential writer and political figure among the Black Atlantic diaspora Now for the first time her two acclaimed novels are available in English translation Cruel Destiny 1929 tells the tragic love story of Armand and Adeline drawn together by a magnetic attraction yet kept apart by a dark family secret Depicting the heavy expectations placed upon women in Haiti's elite society it also explores the troubled and twisted relationships between the Haitians and their former colonial masters the French In The White Negress 1934 a Frenchwoman

moves to Haiti and is torn between two very different men a Black Haitian lawyer and a white American carpetbagger Putting a fresh spin on the tired tragic mulatta trope Valcin reveals the racial prejudices class tensions and anti colonial resentments of an island under American occupation Together these two novels expand our understanding of Caribbean literature as well as the political struggles and artistic triumphs of Black women in the Americas Rape and the Rise of the Author Dr Amy Greenstadt,2013-04-28 Contending that early modern fictional portrayals of sexual violence identify the position of the author with that of the chaste woman threatened with rape Amy Greenstadt challenges the prevalent scholarly view that this period s concept of The Author was inherently masculine Instead she argues the analogy between rape and writing centrally informed ideas of literary intention that emerged during the English Renaissance Analyzing works by Milton Sidney Shakespeare and Cavendish Greenstadt shows how the figure of The Author and by extension ideas of the modern individual derived from a paradigm of female virtue and vulnerability This volume supplements the growing body of studies that address the relationship between early modern textual representation and notions of gender and sexuality it also adds a new dimension in considering the wider origins of modern concepts of selfhood and individual rights *Public Theology and Institutional Economics* Toine van den Hoogen,2019-10-09 This book shows why in our modern society many important questions in our public debates urge for attention to be given to questions about economy and why religious thinking gives unexpectedly relevant perspectives on these Neither economy nor religion is a private matter Our daily life and personal decisions about lifestyle are marked by our public choices and attitudes As we are actually part of complex and disturbing processes in an information society our daily lives are changing in rapid ways Beginning with a discussion of what public theology is actually about the text moves on to discuss three dimensions of these processes namely our capitalist market economy our urge for a common ground in the conflicts of that economy and our responsibility for a sustainable lifestyle in that economy Religious thinking especially that of Gregory of Nazianzus 329 390 confronts questions about spiritual awareness in these domains
